**Narratives from Beyond the UK Reggae Bassline** William 'Lez' Henry, Matthew Worley, 2020-11-25. This book explores the history of reggae in modern Britain from the time it emerged as a cultural force in the 1970s. As basslines from Jamaica reverberated across the Atlantic, so they were received and transmitted by the UK's Afro-Caribbean community. From roots to lovers rock, from deejays harnessing the dancehall crowd to dub poets reporting back from the socio-economic front line, British reggae soundtracked the inner-city experience of black youth. In time, reggae's influence permeated the wider culture, informing the sounds and the language of popular music whilst also retaining a connection to the street-level sound systems, clubs and centres that provided space to create, protest and innovate. This book is therefore a testament to struggle and ingenuity, a collection of essays tracing reggae's importance to both the culture and the politics of late twentieth and early twenty-first century Britain.

**Eco-Homes** Doctor Jenny Pickerill, 2016-01-15. It is widely understood that good affordable eco housing needs to be at the heart of any attempt to mitigate or adapt to climate change. This is the first book to comprehensively explore eco housing from a geographical, social and political perspective. It starts from the premise that we already know how to build good eco houses and we already have the technology to retrofit existing housing. Despite this, relatively few eco houses are being built. Featuring over thirty case studies of eco housing in Britain, Spain, Thailand, Argentina and the United States, Eco Homes examines the ways in which radical changes to our houses, such as making them more temporary, using natural materials or relying on manual heating and ventilation systems, require changes in how we live. As such, it argues it is not lack of technology or political will that is holding us back from responding to climate change, but deep-rooted cultural and social understandings of our way of life and what we expect our houses to do for us.

**Arab Subcultures** Tarik Sabry, Layal Ftouni, 2016-12-18. What is Arab about Arab subcultures? This is the first book to set out to delineate different ways of studying and theorising Arab subcultural groups and practices, including film, graffiti, music, live art.
