Bonaccorso,1987-07-01 This book examines the personality cultural inheritance social commentary literary art and representative qualities of Sean O Faolain dean of modern Irish literature It updates O Faolain s significance as a world class writer and reinterprets his career of over fifty years from a universalist perspective It also explores O Faolain s vital relationship with his native culture conceiving him as representative Irish writer self conscious Irishman and Irish citizen of the world

Keep and Other Stories Peter Biles,2022-09-27 Emerging writer Peter Biles offers his first anthology of short stories Composed with experimental boldness the stories extend from the hilarious to the grim from urban disillusionment to rural desperation from fantasy to gritty realism and from frustrated longing to quiet hope With creative debts owed to the likes of Raymond Carver Flannery O Connor and Anton Chekhov *Keep and Other Stories* explores human life and relations in a world where utility and power are all that matters Keep the penultimate story about two teenage lovers in a dying Colorado lumber town seeks to unify the anthology into a thematic whole with its tender treatment of characters who are at a crossroads with each other the dispassionate way of the world and their own conflicted hearts

Poetry in Irish prose - poetic devices in Sean O'Faolain's short stories Alexandra Berlina,2004-06-11 Essay from the year 2004 in the subject English Language and Literature Studies Literature grade 1 University of Dusseldorf Heinrich Heine Anglistics course Seminar Irish Literature and Sean O Faolain language English abstract It was simple to define poetry hundred years ago a poem had to contain a measure rhythm and rhymes Nowadays none of them is indispensable any more So what is poetry In my opinion poetry is primarily qualified by a concentrated language I feel certain that there is a relationship between the German words Dichte concentration denseness and Dichter poet writer In a poem every single word should be essential no word random nothing to delete or to add There is only one literary genre where this tightness of language is almost as important the short story Sean O Faolain wrote poems in his youth and then he switched to short stories It seems to me that he did not consider himself talented enough as a poet to publish his verses maybe partly because of the experience he describes in his autobiography *Vive moi* as a student he was laughed at for his na ve poem about Mother Ireland s teeming navel but still felt a desire to write poetry Interestingly the twenty four years old hero of *How to write a short story* with whom the author seems to identify had rested from writing poetry and was trying to write short stories The short story is a genre that has a long tradition in Ireland and many Irish masters but that is surely not the only reason why O Faolain wrote mainly short stories He must have felt the close relationship between them and verses He wrote prose but smuggled poetry into it O Faolain either placed his own poems into his stories a few times for example in *Hymenial* or quoted other poets there far more frequently or he made whole passages of his prose sound remarkably poetic and this he did in almost every story To analyze this phenomenon I have chosen O Faolain s later stories from 1970 on the collections *The Talking Trees* and *Other Stories* *Foreign Affairs* and *Other Stories* and the last stories published only after the author s death By the time he wrote them he was not so susceptible for outer influences as in his youth These works are more mature and original they

contain less romantic and other clichés than his early experiments. Therefore these compositions are more interesting to study and to decompose into single metaphors, similes, alliterations etc especially if there are many of them at once as it often occurs in his stories. I did not use any secondary literature because I wanted to study O Faolain's way of writing by myself.

Five Irish Writers John Hildebidle, 1989. Liam O Flaherty, Kate O'Brien, Elizabeth Bowen, Sean O Faolain and Frank O'Connor as Hildebidle demonstrates all five authors saw in the Ireland that grew out of the events of 1916-1923 a nation that stifled the creative energies and bright hopes of its youth and their fiction can be seen as responding in diverse ways to that reality.

The Oxford Companion to Twentieth-century Literature in English Jenny Stringer, 1996. Survey of twentieth-century English language writers and writing from around the world celebrating all major genres with entries on literary movements, periodicals, more than 400 individual works and articles on approximately 2,400 authors.

The Oxford Companion to English Literature Dinah Birch, 2009-09-24. The Oxford Companion to English Literature has long been established as the leading reference resource for students, teachers, scholars and general readers of English literature. It provides unrivalled coverage of all aspects of English literature from writers, their works and the historical and cultural context in which they wrote to critics, literary theory and allusions. For the seventh edition the Companion has been thoroughly revised and updated to meet the needs and concerns of today's students and general readers. Over 1,000 new entries have been added ranging from new writers Chimamanda Ngozi Adichie, Patrick Marber, David Mitchell, Arundhati Roy to increased coverage of writers and literary movements from around the world. Coverage of American literature has been substantially increased with new entries on writers such as Cormac McCarthy and Amy Tan and on movements and publications. Contextual and historical coverage has also been expanded with new entries on European history and culture, post-colonial literature as well as writers and literary movements from around the world that have influenced English literature. The Companion has always been a quick and dependable source of reference for students and the new edition confirms its pre-eminent role as the go-to resource of first choice. All entries have been reviewed and details of new works, biographies and criticism have been brought right up to date. So also has coverage of the themes, approaches and concepts encountered by students today from terms to articles on literary theory and theorists. There is increased coverage of writers from around the world as well as from Ireland, Scotland and Wales and of contextual topics including film and television, music and art. Cross-referencing has been thoroughly updated with stronger linking from writers to thematic and conceptual entries. Meanwhile coverage of popular genres such as children's literature, science fiction, biography, reportage, crime fiction, fantasy or travel literature has been increased substantially with new entries on writers from Philip Pullman to Anne Frank and from Anais Nin to Douglas Adams. The seventh edition of this classic Companion, now under the editorship of Dinah Birch assisted by a team of 28 distinguished associate editors and over 150 contributors, ensures that it retains its status as the most authoritative, informative and accessible guide to literature available.
