Talking At Trenas Everyday Conversations At An African American Tavern:

Talking at Trena's Reuben A. Buford May, 2001-08-01 Talking at Trena's is an ethnography conducted in a bar in an African American middle class neighborhood on Chicago's southside May's work focuses on how the mostly black working and middle class patrons of Trena's talk about race work class women relationships the media and life in general May recognizes tavern talk as a form of social play and symbolic performace within the tavern as well as an indication of the social problems African Americans confront on a daily basis Following a long tradition of research on informal gathering places May's work reveals though close description and analysis of ethnographic data how African Americans come to understand the racial dynamics of American society which impact their jobs entertainment particularly television programs and their social interactions with peers employers and others Talking at Trena's provides a window into the laughs complaints experiences and strategies which Trena's regulars share for managing daily life outside the safety and comfort of the tavern Race Talk in a Mexican Cantina Tatcho Mindiola, 2021-07-01 People avoid speaking about race in the presence of another racial group for fear of saying something wrong and creating friction. This was not the situation at JB s a small Mexican cantina located in one of Houston's oldest Mexican barrios Mexicans made up most of the regular patrons but a small number of whites also visited the bar on a regular basis This situation created the circumstances for race talk in which the Mexican patrons needled and criticized the white patrons because of their whiteness The white patrons likewise criticized the Mexican patrons but their remarks were not as strident in comparison to those they received When Tatcho Mindiola visited the bar and heard the race talk he realized that it was a unique situation He thus became a regular patron and over a three year period kept notes on the racial exchanges he observed and heard which form the basis of this insightful Urban Nightlife Reuben A. Buford May, 2014-09-02 Sociologists have long been curious about the ways in which volume city dwellers negotiate urban public space How do they manage myriad interactions in the shared spaces of the city In Urban Nightlife sociologist Reuben May undertakes a nuanced examination of urban nightlife drawing on ethnographic data gathered in a Deep South college town to explore the question of how nighttime revelers negotiate urban public spaces as they go about meeting socializing and entertaining themselves May's work reveals how diverse partiers define these spaces in particular the ongoing social conflict on the streets in bars and nightclubs and in the various public spaces of downtown To explore this conflict May develops the concept of integrated segregation the idea that diverse groups are physically close to one another yet rarely have meaningful interactions rather they are socially bound to those of similar race class and cultural backgrounds May s in depth research leads him to conclude that social tension is stubbornly persistent in part because many participants fail to make the connection between contemporary relations among different groups and the historical and institutional forces that perpetuate those very tensions structural racism remains obscured by a superficial appearance of racial harmony Through May s observations Urban Nightlife clarifies the complexities of race class and culture in

contemporary America illustrating the direct influence of local government and nightclub management decision making on interpersonal interaction among groups Watch a video with Reuben A Buford May Watch video now http www youtube com watch v VCs1xExStPw Rhetoric in Detail Barbara Johnstone, Christopher Eisenhart, 2008-10-29 The eleven studies in this volume illustrate and advance the synthesis of discourse analysis with rhetorical studies Rhetoric in Detail shows how a variety of techniques from discourse analysis can be useful in studying such concerns as agency legitimation controversy and style and how concepts from rhetoric including genre and figuration can enrich the work of discourse analysts The authors research sites range from government commissions political speeches newspaper reports and letters to interviews and conversations in beauty salons and online Methodological overviews interspersed throughout survey critical discourse analysis interactional sociolinguistics grounded theory computer aided corpus analysis narrative analysis and participant observation and provide suggestions for further reading Rhetoric in Detail is an invaluable source for rhetoricians looking for systematic grounded ways of approaching new more vernacular sites for rhetorical discourse and for discourse analysts interested in seeing what they can learn from the tradition and practice of rhetorical analysis African American Mystery Writers Frankie Y. collectives as hinges groups that come together to pursue a shared social goal bridging the individual and the broader society Understanding these hinges Fine argues is crucial to explaining how societies function creating links between the micro and macro orders of society He draws on historical cases and fieldwork to illustrate how these hinges work and how to describe them In The Hinge Fine has given us powerful new theoretical tools for understanding an essential part of our social Black Love Matters Armon R. Feagin, 2020-05-21 In this book sociologist Joe Feagin extends the systemic racism framework in previous Routledge books by developing an innovative concept the white racial frame Now more than four centuries old this white racial frame encompasses not only the stereotyping bigotry and racist ideology emphasized in other theories of race but also the visual images array of emotions sounds of accented language interlinking interpretations and narratives and inclinations to discriminate that are central to the frame s everyday operations Deeply imbedded in American minds and institutions this white racial frame has for centuries functioned as a broad worldview one essential to the routine legitimation scripting and maintenance of systemic racism in the United States Here Feagin examines how and why this white racial frame emerged in North America how and why it has evolved socially over time which racial groups are framed within it how it has operated in the past and present for both white Americans and Americans of color and how the latter have long responded with strategies of resistance that include enduring counter frames In this third edition Feagin has included much new data from many recent research studies on framing issues related to white black Native Latino a and Asian Americans and on society generally The book also includes a more extensive discussion of the impact of the white frame on popular culture including on video games movies and television programs as well as a discussion of the white racial frame s significant impacts on public policymaking on immigration the environment health care and crime and imprisonment issues Brotherhood University Brandon A. Jackson, 2024-06-14 How do young Black men navigate the transition to adulthood in an era of labor market precarity an increasing emphasis on personal independence and gendered racism In Brotherhood University Brandon A Jackson utilizes longitudinal qualitative data to examine the role of emotions and social support among a group of young Black men as they navigate a structural double bind as college students and into early adulthood While prevailing stereotypes portray young Black men as emotionally aloof

Jackson finds that the men invested in an emotion culture characterized by vulnerability loyalty and trust which created a system of mutual social support or brotherhood among the group as they navigated college prepared for the labor market and experienced romantic relationships Ten years later as they managed the early stages of their careers and considered marriage and child rearing the men continued to depend on the emotional vulnerability and close relationships they forged in **Living Through the Hoop** Reuben A. Lincoln, 2005 A thoroughly revised updated edition this volume includes new chapters on auto ethnography critical race theory gueer theory testimonies **Black on the Block** Mary Pattillo, 2010-04-02 In Black on the Block Mary Pattillo a Newsweek Woman of the 21st Century uses the historic rise alarming fall and equally dramatic renewal of Chicago's North Kenwood Oakland neighborhood to explore the politics of race and class in contemporary urban America There was a time when North Kenwood Oakland was plagued by gangs drugs violence and the font of poverty from which they sprang But in the late 1980s activists rose up to tackle the social problems that had plagued the area for decades Black on the Block tells the remarkable story of how these residents laid the groundwork for a revitalized and self consciously black neighborhood that continues to flourish today But theirs is not a tale of easy consensus and political unity and here Pattillo teases out the divergent class interests that have come to define black communities like North Kenwood Oakland She explores the often heated battles between haves and have nots home owners and apartment dwellers and newcomers and old timers as they clash over the social implications of gentrification Along the way Pattillo highlights the conflicted but crucial role that middle class blacks play in transforming such districts as they negotiate between established centers of white economic and political power and the needs of their less fortunate black neighbors A century from now when today s sociologists and journalists are dust and their books are too those who want to understand what the hell happened to Chicago will be finding the answer in this one Chicago Reader To see how diversity creates strange and sometimes awkward bedfellows turn to Mary Pattillo s Black on the Block Boston Globe **New Frontiers in Ethnography Sam** Hillyard, 2010-11-04 Addresses continuities and innovations within the ethnographic canon This title uses Hammersley s 1991 book What's Wrong with Ethnography to open and situate the debate and engages with contemporary debates and arguments on both sides of the Atlantic Black Metropolis St. Clair Drake, Horace R. Cayton, 2015-11-10 Ground breaking when first published in 1945 Black Metropolis remains a landmark study of race and urban life Few studies since have been able to match its scope and magnitude offering one of the most comprehensive looks at black life in America Based on research conducted by Works Progress Administration field workers it is a sweeping historical and sociological account of the people of Chicago's South Side from the 1840s through the 1930s Its findings offer a comprehensive analysis of black migration settlement community structure and black white race relations in the first half of the twentieth century It offers a dizzying and dynamic world filled with captivating people and startling revelations A new foreword from sociologist Mary Pattillo places the study in modern context updating the story with the current state of black communities in Chicago and the larger United States and exploring what this means for the future As the country continues to struggle with race and our treatment of black lives Black Metropolis continues to be a powerful contribution to the conversation **Remembering**Reet and Shine, A biography that follows the lives of Matthew Mason and Anthony Atwater explores the dilemma of ordinary working class black men trying to cope in a white society while attempting to reconcile the contradiction that arises between the expectation of control and the reality of powerlessness
