Lesley Jeffries,2014-09-11 In this important book Lesley Jeffries introduces a phenomenon which has not been given the
attention it deserves the contextual construction of oppositional meaning These are opposites not recognisable as such out of
context but that are clearly set up this way in the text concerned The significance of oppositional meaning is well known but
the main emphasis has always been on the conventional opposite the opposite recognised by lexical semantics Starting from
socio cultural viewpoints moving to original research and then concluding with a new theoretical formulation this book
introduces and consolidates a significant new approach to the analysis of oppositional meaning It closes with a discussion of
the importance of constructed opposition in hegemonic practice and makes a case for the inclusion of opposition as a central
tool of critical discourse analysis It is essential reading for those in stylistics linguistics and language studies **Philip**
Larkin Janice Rossen,1989 The author explores Larkin s poetry novels essays and jazz criticism She shows his transition
from novelist to poet tracing the symbolist aspect of his work in the depiction of nature and addressing the influence of
Hardy and Yeats on his poetic style She looks at Larkin s celebration of England his exasperation over difficulties with girls
and to his poetic use of coarse language in complaining about life s innumerable irritations She also discusses the fury he
expresses as he contemplates death **Philip Larkin** Sisir Kumar Chatterjee,2014-08 Philip Larkin 1992 1985 Is Today

Belonging and Estrangement in the Poetry of Philip Larkin, R.S. Thomas and Charles Causley Rory Waterman,2016-04-22

Focusing on the significance of place connection and relationship in three poets who are seldom considered in conjunction Rory Waterman argues that Philip Larkin R S Thomas and Charles Causley epitomize many of the emotional and societal shifts and mores of their age Waterman looks at the foundations underpinning their poetry the attempts of all three to forge a sense of belonging with or separateness from their readers the poets varying responses to their geographical and cultural origins the belonging and estrangement that inheres in relationships including marriage the forced estrangements of war the antagonism between social belonging and a need for isolation and finally the charged issues of faith and mortality in an increasingly secularized country

Language and World Creation in Poems and Other Texts Elena Semino,2014-09-25

Language and World Creation in Poems and Other Texts introduces an interdisciplinary and practical approach to the analysis of poetry which focuses on text worlds namely the contexts scenarios or types of reality that readers construct in their interaction with the language of texts The book demonstrates in detail three ways of approaching poetic text worlds namely as discourse situations possible worlds and mental constructs Clear and detailed introductions to linguistic theories of definiteness and deixis possible world theory and schema theory are included making the book accessible to readers who are unfamiliar with these frameworks

Subjects in Poetry Daniel Brown,2021-11-17 Daniel Brown s *Subjects in Poetry* is the first book to examine the broad and imposing topic of poetic subject matter probing both what poems are about and how that influences the way they re made It comprises one poet s attempt to plumb the nature of his art to ask how the selection of material remains a crucial yet unexplored area of poetic craft and to suggest the vast range of possible subjects for poems The book begins by venturing a novel definition of subject derived from Robert Frost s dictum that poetry constitutes an art of having something to say Brown posits that a poem can say something by expressing evoking or addressing He considers each of these ways of saying in turn first defining it and then looking at poems in which it predominates Brown next makes a wide

ranging case for the value of subjects to poems poets and the art of poetry especially at a time when many poems appear subjectless He concludes the book with practical guidance on finding subjects improving them and realizing their potential Replete with thoughtful readings of poems both classic and contemporary Subjects in Poetry should appeal to poets across all levels and readers interested in understanding the art and practice of poetry

Talking, Drawing, Writing Martha Horn, Mary Giacobbe, 2023-10-10 In the early grades talking and drawing can provide children with a natural pathway to writing yet these components are often overlooked In *Talking Drawing Writing Lessons for Our Youngest Writers* authors Martha Horn and Mary Ellen Giacobbe invite readers to join them in classrooms where they listen watch and talk with children then use what they learn to create lessons designed to meet children where they are and lead them into the world of writing The authors make a case for a broader definition of writing advocating for formal storytelling sessions in which children tell about what they know and for focused sketching sessions so that budding writers learn how to observe more carefully The book's lessons are organized by topic and include oral storytelling drawing writing words assessment introducing booklets and moving writers forward Based on the authors work in urban kindergarten and first grade classes the essence and structure of many of the lessons lend themselves to adaptation through fifth grade The lessons follow a consistent format What's going on in the classroom What do children need to learn next Materials needed to teach the lesson Language used in each lesson Reasons behind why certain books are chosen and suggestions for additional children's books The authors show the thinking behind their teaching decisions and provide a way to look at and assess children's writing giving us much more than a book of lessons they present a vision of what beginning writing can look and sound like Perhaps most powerfully they give us examples of the language they use with children that reveal a genuine respect for and trust in children as learners
