## **Talks On Beelzebubs Tales:**

**Talks on Beelzebub's Tales** John Godolphin Bennett, 2012-04-02 Bennett first read Beelzebub's Tales in 1948. He regarded it as a work of superhuman genius containing expressions of reality which by their very nature were bound to make severe demands on any reader. With Gurdjieff's approval, he undertook a series of lectures in London focusing on the essential meaning of Beelzebub's Tales. More than commentaries, these talks are an invitation into the deeper meanings of Gurdjieff's enigmatic tales. This book was compiled and arranged soon after the last years of Bennett's life by Anthony Blake. Now thirty years after that initial compilation, Blake gives us a new foreword with contemporary insights into the visionary message of Gurdjieff's tales to his grandson. Although Bennett's talks were intended to be a companion to reading and understanding Gurdjieff's masterwork, Anthony Blake's foreword allows even those unfamiliar with Gurdjieff's Tales to begin a journey into the depth of its meaning. **Talks on Beelzebub's Tales** John G. Morris, A. R. Orage, Sherman Manchester, 2013-07 This title presents Orage's commentaries on Beelzebub's Tales to his Grandson, which are an essential part of the Fourth Way literature. They demonstrate a way of approaching and understanding a work that Orage considered to be literature of the highest kind. *Philosophy and Art in Gurdjieff's Beelzebub* Anna T. Challenger, 2021-07-26 This book demonstrates that the most forceful contribution to George Gurdjieff's world view is Sufism understood as the tradition of seeking truth wherever it can be found, especially at the meeting place of the world religions. Gurdjieff's masterpiece Beelzebub's Tales to His Grandson is philosophically analyzed in its use of literary devices to jolt the reader into radical transformation. **Reflections on Gurdjieff's Whim** Keith A. **Gurdjieff and Music** Johanna Petsche, 2015-02-04 In Gurdjieff and Music, Johanna Petsche examines the large and diverse body of piano music produced by Armenian Greek spiritual teacher G. I. Gurdjieff c. 1866-1949 in collaboration with his devoted pupil Thomas de Hartmann 1885-1956. Petsche draws on a range of unpublished materials and data from original field research to critically situate and assess this music within its socio-cultural and unique religious/spiritual context. Focusing on the tremendous role that music played in the life and teaching of Gurdjieff, Petsche chronicles the unique relationship and collaboration between Gurdjieff and de Hartmann, analyses the styles and possible sources of their music, and explores Gurdjieff's ultimate intentions for the music in light of his esoteric teaching. **Gurdjieff, an Annotated Bibliography** J. Walter Driscoll, Gurdjieff Foundation of California, 1985 Northrop Frye's Notebooks and Lectures on the Bible and Other Religious Texts Northrop Frye, 2003-01-01 In the third published volume of Canadian literary critic Frye's 1912-91 holograph notebooks the material is mostly from the 1970s when he was writing the first of his books on the Bible The Great Code However it begins with Notebook Three from the late 1940s in which he writes primarily on religious themes

It concludes with Notebook 23 from the middle 1980s written between his first and second book on the Bible and one from the 1960s devoted largely to his reading of Dante's Purgatorio and the first ten cantos of the Paradiso. Altogether the volume contains 11 notebooks, three sets of typed notes and a transcription of 24 lectures on The Mythological Framework of Western Culture in 1981-82. Annotation c 2003 Book News Inc. Portland OR booknews.com Gurdjieff Joseph Azize, 2020. This is the first analysis of all of Gurdjieff's published internal exercises together with those taught by his students George and Helen Adie. It includes a fresh biographical study of Gurdjieff with ground-breaking observations on his relationships with P. D. Ouspensky and A. R. Orage, especially why he wanted to collaborate with them and why that broke down. It shows that Gurdjieff was fundamentally a mystic and that his contemplation-like methods were probably drawn from Mt Athos and its hesychast tradition. It shows the continuity in Gurdjieff's teaching but also development and change. His original contribution to Western Esotericism lay in his use of tasks, disciplines and contemplation-like exercises to bring his pupils to a sense of their own presence which could to some extent be maintained in daily life in the social domain and not only in the secluded conditions typical of meditation. It contends that he had initially intended not to use contemplation-like exercises as he perceived dangers to be associated with these monastic methods and the religious tradition to be in tension with the secular guise in which he first couched his teaching. As Gurdjieff adapted the teaching he had found in Eastern monasteries to Western urban and post-religious culture he found it necessary to introduce contemplation. His development of the methods is demonstrated and the importance of the three exercises in the Third Series Life Is Real only then when I Am is shown together with their almost certain borrowing from the exercises of the Philokalia. G. I. Gurdjieff, P. D. Ouspensky, A. R. Orage, George Adie, Mysticism, Meditation, Contemplation, Fourth Way, Hesychasm, Western Esotericism Handbook of New Religions and Cultural Production Carole Cusack, Alex Norman, 2012-03-28. This volume fills a lacuna in the academic assessment of new religions by investigating their cultural products such as music, architecture, food et cetera. Contributions explore the manifold ways in which new religions have contributed to humanity's creative output. **The Way To Be Free** John Godolphin Bennett, 2012-04-02. The central theme of this book is the difference between work from the mind and work from the essence. Work from the mind produces skillful prisoners of illusion but prisoners all the same. Work from the essence is the way to be free. It is centered in the heart. This book is compiled from conversations that took place between Bennett and his students and includes several sections from previously unpublished notes that were to be used in a definitive work on a complete system of Gurdjieff study. It includes an essay on the Octave of Salvation written in the 1940s which shows Bennett's remarkable familiarity with the spiritual traditions of Buddhism, Hinduism and Christianity and which is a significant treatise in its own right. Bennett was a master of structural thinking but always remained closely in touch with the concrete detail of experience. This 2006 edition has a new foreword by Anthony Blake and was compiled and edited by Anthony Blake. Religious Books and Serials in Print 1978-1979 R.R. Bowker Company.
