The civil religious perspectives of everyone else meanwhile have gone unnoticed Arthur Remillard fills this void by investigating the civil religious discourses of a wide array of people and groups blacks and whites men and women northerners and southerners Democrats and Republicans as well as Catholics Protestants and Jews Focusing on the Wiregrass Gulf South region an area covering north Florida southwest Georgia and southeast Alabama Remillard argues that the Lost Cause was but one civil religious topic among many Even within the white majority civil religious language influenced a range of issues such as progress race gender and religious tolerance Moreover minority groups developed sacred values and beliefs that competed for space in the civil religious landscape
