Telling Stories Cartledge Tony, Tony W. Cartledge, 2008 In telling stories Jesus often used imagination and metaphor pulling attention grabbing stories and images from the air He asked his hearers to imagine someone who could examine a speck in another's eye while a plank protruded from his own or to visualize a great camel squeezing through the eye of a needle He spoke of a despised Samaritan who showed unexpected compassion and a bigger barn building landowner who thought only of himself Jesus hearers understood that the characters and events in those memorable stories didn't have to be real in order for the stories to be true In his preaching experience of nearly forty years Tony Cartledge like many other preachers has often told

creative stories as an avenue for capturing the attention and engaging the minds of those listening to the message he was called upon to bring His latest book *Telling Stories* contains a smorgasbord of stories and scripts that range from the possible to the fantastic along with one that really happened They include original stories in folktale style and monologues or dialogues designed to illuminate biblical characters All of these stories are designed to inspire those who proclaim Christ to effectively utilize good stories in their own preaching Middle Eastern Gothics Karen Grumberg, 2022-12-15 The chapters in this study cover the four major Middle Eastern languages Arabic Hebrew Persian and Turkish and are authored by experts in these literatures who read and engage with these texts in their original languages Their intimate knowledge of the linguistic and cultural contexts of the works they analyse provides readers access to nuances in the texts and ultimately to a more profound understanding of them This is the first cohesive collection addressing the Gothic in the geographic linguistic context of the Middle East region There has been increased interest not only in global iterations of the Gothic but also in Middle Eastern writing particularly when it intersects with the Gothic i e *Frankenstein in Baghdad* The Introduction of the volume offers a new theorisation of Gothic literature proposing the transnational region as a frame for reading literary texts that cross national and linguistic boundaries **The Cambridge History of Judaism: Volume 4, The Late Roman-Rabbinic Period** Steven T.
