Committing to Peace Barbara F. Walter, 2021-04-13 Why do some civil wars end in successfully implemented peace settlements while others are fought to the finish Numerous competing theories address this question Yet not until now has a study combined the historical sweep empirical richness and conceptual rigor necessary to put them thoroughly to the test and draw lessons invaluable to students scholars and policymakers Using data on every civil war fought between 1940 and 1992 Barbara Walter details the conditions that lead combatants to partake in what she defines as a three step process the decision on whether to initiate negotiations to compromise and finally to implement any resulting terms Her key finding rarely are such conflicts resolved without active third party intervention Walter argues that for negotiations to succeed it is not enough for the opposing sides to resolve the underlying issues behind a civil war Instead the combatants must clear the much higher hurdle of designing credible guarantees on the terms of agreement something that is difficult without outside assistance Examining conflicts from Greece to Laos China to Columbia Bosnia to Rwanda Walter confirms just how crucial the prospect of third party security guarantees and effective power sharing pacts can be and that adversaries do in fact consider such factors in deciding whether to negotiate or fight While taking many other variables into account and acknowledging that third parties must also weigh the costs and benefits of involvement in civil war resolution this study reveals not only how peace is possible but probable

Populism in Twentieth Century Mexico Amelia Marie Kiddle,Mar'ía Leonor Olin Mu-oz,2010-10-15 This is a great contribution to the field of modern Mexican history as well as the history of Latin American populism Populism in Twentieth Century Mexico offers an intuitive and insightful series of chapters focusing on the plans programs successes and failures of Mexico's two most influential populist presidents James Alex Garza author of The Imagined Underworld Sex Crime and Vice in Porfirian Mexico City Mexican presidents Lázaro Cárdenas 1934-1940 and Luis Echeverría 1970-1976 used populist politics in an effort to obtain broad based popular support for their presidential goals In spite of differences in administrative plans both aimed to close political divisions within society extend government programs to those on the margins of national life and prevent foreign ideologies and practices from disrupting domestic politics As

different as they were in political style both relied on appealing to the public through mass media clothing styles and music This volume brings together twelve original essays that explore the concept of populism in twentieth century Mexico Contributors analyze the presidencies of two of the century s most clearly populist figures evaluating them against each other and in light of other Latin American and Mexican populist leaders In order to examine both positive and negative effects of populist political styles contributors also show how groups as diverse as wild yam pickers in 1970s Oaxaca and intellectuals in 1930s Mexico City had access to and affected government projects The chapters on the Echeverria presidency are written by contributors at the forefront of emerging scholarship on this topic and demonstrate new approaches to this critical period in Mexican history Through comparisons to Echeverria contributors also shed new light on the Cardenas presidency suggesting fresh areas of investigation into the work of Mexico s quintessentially populist leader Ranging in approach from environmental history to labor history the essays in this volume present a complex picture of twentieth century populism in Mexico Amelia M Kiddle holds an Andrew W Mellon Postdoctoral Fellowship in Latin American Studies at the Center for the Americas at Wesleyan University Maria L O Mu oz is an assistant professor of history at Susquehanna University where she holds a Winifred and Gustave Weber Fellowship in the Humanities
