**The Tao Te Ching (Dao De Jing)** Gordon J. Van De Water, 2010-12-01 For twenty years Gordon J Van De Water has collected editions of the world classic the Tao Te Ching and pondered this ancient yet still vibrant Chinese text of wisdom literature Written in the sixth century before the Common Era and ascribed to Lao Tzu a venerable sage it offers a guide to life based on adherence to the Tao or Mother Nature those forces and powers that govern and shape both the world and human nature Its eighty one verses repeatedly emphasize seeking harmony through simplicity the rejection of the trappings of material wealth and the arrogance of power and identification with the great underlying forces of the universe Many of the verses also offer practical wisdom for those in leadership positions So fascinating has been the compressed wisdom of the Tao Te Ching that it has been translated into many languages more often than any other book except the Bible Van De Water has sought to strike to the heart of this highly compressed and often enigmatic text by creating a plain English version that highlights the continuing relevance of the Tao Te Ching for our complex and oft troubled times His interpretation also includes an introduction selected translations and interpretations in English by pioneering scholars and an extensive bibliography of translations and interpretations in English

Tao Te Jing in Plain English ,2004-05-01 The Tao Te Ching is one of the more popularly translated texts of all historical Chinese writings Despite the many efforts that have gone into studying and translating Lao Tzus works it is still remains very difficult to understand even to native readers Therefore only those who fully comprehend the text can translate it properly This version opts to give as accurate of a translation in as plain of English as possible Since our goal is to bring a comprehensible Tao Te Ching to our readers we decided against conforming to any sort of poetic forms Although we used the same original text as some of the other translators there are some notable differences in our interpretations such as in Chapters One and Twenty In order to better allow our readers to understand the text this translation also compares Lao Tzus ideas with other great thinkers such as Einstein and Napoleon

to each word Even modern Chinese speakers have problems translating the original Tao Te Ching being able to translate it while keeping its rich meaning intact has been a feat that isn't easily accomplished The biggest problems found in other English versions of the Tao Te Ching are that in many cases extras were added by the translators based on their own understanding while in other cases words were lost or omitted from original Chinese text Some translations were gibberish and difficult to understand Great care has been taken in this version to give a precise translation without adding the translator's own interpretation You will find that this new translation is easy to understand yet virtually unchanged from the original Tao This new English translation of the Tao Te Ching will enlighten and entertain people for years to come *The Complete Tao Te Ching in Plain English* Stephen Lau, 2016-04-13 The Complete TAO TE CHING in Plain English contains the total 81 chapters of Tao Te Ching the ancient Chinese classic by the sage Lao Tzu on human wisdom In addition to the translated text in plain English the book also includes a detailed description of the essentials of Tao wisdom which is the essence of Tao Te Ching The original text of Tao Te Ching is difficult to understand because the language without any punctuation was intentionally controversial and open to multiple interpretations Stephen Lau has expressed and interpreted the original text in simple and plain English for readers to understand the profound Tao wisdom Stephen Lau has already published several books based on the wisdom expressed in Tao Te Ching TAO The Way to Biblical Wisdom No Ego No Stress Be A Better And Happier You With Tao Wisdom The Book of Life and Living and As If Everything Is A Miracle **Dao De Jing in Clear English** Lao Tzu, 2021-02-21 The Dao De Jing also called the Tao Te Ching was originally written in the 6th century BCE by the Chinese sage Laozi Only 5 000 Chinese characters long its concise and beautiful wording and its profound insights into the nature of the universe make it one of the most influential books ever written This wonderful new book expresses the Dao De Jing in simple contemporary language while remaining true to the rhythms and poetic structure of the original Chinese A key feature of this book is an innovative step by step translation that lets the reader not only read the English version but to gain deeper insights from the original Chinese text even if they don't speak or read Chinese **Tao Te Ching** Lao Tzu, 1989-08-28 The most accessible and authoritative modern English translation of this esoteric but infinitely practical bestselling book No one has done better in conveying Lao Tzu's simple and laconic style of writing so as to produce an English version almost as suggestive of the many meanings intended Alan Watts For nearly two generations Gia-fu Feng and Jane English's bestselling translation of the Tao Te Ching has been the standard for those seeking access to the wisdom of Taoist thought Now Jane English and her long time editor Toinette Lippe have revised and refreshed the translation so that it more faithfully reflects the Classical Chinese in which it was first written taking into account changes in our own language and eliminating any lingering infelicities They have retained the simple clarity of the original rendering of a sometimes seemingly obtuse spiritual text a clarity that has made this version a classic in itself selling over a million copies Written most probably in the sixth century B.C. by Lao Tzu this esoteric but infinitely practical book has been translated into English more

on how to return to the laws and ways of nature to maintain the balance of the Tao Lao Tzu's philosophy was a simple one. He was against putting effort and striving as he thought struggle is not only futile but also hinders productivity. In his theory of wu wei, he advises to simply do nothing. By this, he means not to go against the forces of nature, wait for the gush of events nature brings to you and dive right in. He advised not to struggle to change the natural order of things but to bring spontaneity to one's actions as one holds on to the nature's way of life. Followers of Taoism believe that striving for nothing will never lead them to failure. The one who has never failed is always successful, thus becoming powerful. Lao Tzu's journey began as he set foot towards the western border of China, currently Tibet. He was saddened by what he saw around him: men being diverted away from nature and the goodness it brings. A guard he met on the border asked Lao to write down his teachings as he went. This is when he wrote the famous Tao Te Ching, a 5,000 character account of his thoughts and philosophical ideas.

A Simple Approach To Taoism Khoo Boo Eng, 2014-04. Most people would look at Taoism as a religion per se. If one is not familiar with Taoism, one would be surprised that the concepts of feng shui, astrology, geography, traditional medicine, Yin Yang, and many others influencing modern western cultures are in fact Taoism concepts. Others had ideas of Taoism steeped in rituals, branded as superstitious, and even looked at it with apprehension. It is quite understandable as the concepts and culture of Taoism hardly cross the path of the Western world. Taoism remains deeply rooted in the Far East, and its propagation to the world is rather slow and lethargic. A Simple Approach to Taoism of Gods and Deities and together with A Simple Approach to Taoism Festivals, Worship, and Rituals will provide in a simple to understand language yet vivid and alluring the basic history, concept, and the rich, colourful culture of Taoism. The book is organized around four important themes: Historical Development, Religious Taoism, Philosophical Taoism, and Taoist Gods and Deities. It also touches on certain aspects of the sacred texts such as the Tao Te Ching. The section on Gods and Deities will help the reader to understand the building blocks of Taoism and provides an in-depth understanding and appreciation of the more important gods and deities of the Chinese pantheon. Let then the journey begins, slowly unfolding the vast ocean of Taoism, its beliefs, culture, and traditions. For book two, please refer to the blurb.
