100 Best Quotes from Children's Books Susan Gabrielle, 2012-07-30 ABOUT THE BOOK Storytelling has been around as long as humankind although the ability to be a storyteller or history keeper is a special gift not everyone possesses Generations of our ancestors told oral tales of

encounters with nature with wild animals or with the land itself real or imagined Clans gathered around to hear of dreams or of explanations of certain unexplainable phenomena such as thunder and lightning These stories were often illustrated by scratching them or painting them onto cave walls or on rocks and especially those tales of great battles against warring tribes Some of the stories only existed as verbal histories passed from grandfathers to sons to grandsons MEET THE AUTHOR Susan Gabrielle has had work published in The Christian Science Monitor TheBatShat New Verse News and local publications and was a finalist in the Tiny Lights Narrative Essay Contest Her short story What she should have said was published in the Social Justice issue of the Little Patuxent Review and she has been nominated for a Pushcart Prize for her poem After 10 years of War She currently teaches writing and literature classes as a university instructor and is at work on a nonfiction writers guide You can reach her at Susan Gabrielle com EXCERPT FROM THE BOOK But while storytelling itself is an ancient art form the genre of children s literature is relatively new and children s book publishing only came to prominence beginning in Great Britain in the 18th century As Allen notes From the time John Newbery publisher and bookseller decided to create books just for children in 18th century England until the end of the 19th century when English industry produced children s books of the highest quality the body of children s literature that became available from England earned a growing respect throughout the literary world Before that time children were treated as miniature adults useful only insofar as their ability to bring income to the home Most children up to the 1800s worked on the family farm so there was little free time for play and since many children did not attend school they could not read The family may have owned a Bible but it most likely would have been read to them by the father perhaps after dinner CHAPTER OUTLINE 100 Best Quotes from Children s Books Introduction The Beginnings of Children s Literature For adults for Children or Both A Move Toward Realism and much more 100 Best Quotes from Children s Books **Hotel Tarantula** Kimberly White,2014-02-05 An arachnophobic woman plagued by nightmares about spiders since she was little attempts to feign a normal existence while working a mundane job But no matter how hard she tries eight legged shadows lurk in the recesses of her mind torturing her and sending her spiraling downward into the abyss of lunacy When an encounter with a tarantula triggers a psychotic break she lands in a halfway house inhabited by others whose broken psyches insinuate themselves into her slow climb out of hell Bisecting these threads are the messages of Tarantula Woman who enters through the cracks in her psyche to whisper wisdom and guide her through her own subconscious As her history is recast her housemates redefine the meaning of lucidity and Tarantula Woman continues to tease push and enlighten her Hotel Tarantula is a story of extreme phobia as a young woman is forced to rely on the spidery voice inside her head for insight as she attempts to claw her way back to sanity **Tarantula Shoes** Tom Birdseye,1996-05-01 When Ryan moved from Arizona to Kentucky not only was he the newest kid in class but the shortest *Reading Rules!* Liz Knowles,Martha Smith,2001-06-15 Filled with ideas practical tips useful statistics and other helpful data on teen reading this book details numerous methods for getting teens to read
