## Target De Gaulle:

Target de Gaulle Pierre Démaret, Christian Plume, 1974      *Objectif de Gaulle. Target de Gaulle. The Thirty-one Attempts to Assassinate the General ... Translated ... by Richard Barry*, 1974      Soldiers of the Night: The Story of the French Resistance David Schoenbrun, 2019-08-09 The most complete account of the French Resistance in English and the most sensitive A masterful rendering of the Resistance Philip Hallie The New York Times A celebration and a memorial Mr Schoenbrun has had long conversations with a number of the best known survivors each one the keeper of a sacred flame the fullest account of the French Resistance in English Robert O Paxton The New York Review of Books Political history chiefly not heroics the most extensive account in English of the two French Resistances that of the Underground against Vichy and the Nazis and that of de Gaulle against all other claimants to authority over fallen France including prominently the Allies A memorable and important book Kirkus Reviews Former CBS Paris bureau chief David Schoenbrun gives us an excellent solidly researched account of the struggle waged by that gallant handful who sabotaged railroads and power plants rescued Allied fliers and Jewish fugitives assassinated German and Vichy officials then fought pitched battles against elite Wehrmacht formations With great objectivity and verve Schoenbrun chronicles the often muddled uncoordinated efforts of the Resistance through the four dark years of Nazi occupation Systematically and factually he explains the workings on the fragmented organizations that kept on fighting in spite of the Germans ruthless attempts to stamp them out Martin Sokolinsky Christian Science Monitor A marvelous book stories of heroism and self sacrifice that challenge belief Schoenbrun has created a prodigious work crowded with compelling stories Richard J Walton Saturday Review Important richly deserving of acclaim The first comprehensive account in English of the French Resistance held together by a fine reporter's instinct of how to tell a story and how to tell it well Houston Chronicle      **A Slow Moving Target, the Lst of World War II** Joseph Panicello, 2002-02-19 A SLOW MOVING TARGET The LSTs Of World War II is a historical novel that contains many authentic stories about the turmoil and hardships that the Amphibious Fleet endured during beach invasions in World War II To enhance the military adversities the story revolves around the personal lives of five young fictitious sailors who in 1942 enlisted in the U S Navy to defend their country against the Axis They come from different parts of America and meet in the same boot camp at Bainbridge Maryland As a result of the difficulties they encounter in boot camp and in the war they become life long buddies After boot camp was completed they were transferred to the dreaded and perilous Amphibious fleet of LSTs Landing Ship Tank because the LST is truly a A Slow Moving Target having the reputation of a brief life during an invasion In this historical novel each principle character in the book presents his own unique and unusual experiences The main character of the novel is John Maroni who attempts to keep the group together and to preserve their friendship throughout the war They call themselves The Five Phibies The Five Phibies are later split up and are transferred to different LSTs which compelled them to fight in separate campaigns in both the Pacific and Atlantic theaters They continued to

communicate with one another via one central location in the States They send their mail to John Maroni's kid sister Angela in Queens New York who rewrites the letters by relating their war experiences their health and anything new about their personal lives but deliberately leaving out any unpleasant ordeals then sending the letters on to the Phibies Phibie No 1 is John Maroni who was born in Queens New York Phibie No 2 is Dan Bletcher born in Dover New Jersey Phibie No 3 is Andre Robbier born in Chicago Illinois Phibie No 4 is Rich Hienman born in Dallas Texas Phibie No 5 is Bob Olsen born in Boston Massachusetts Understandably most historical World War II novels are written around large fighting vessels such as aircraft carriers battle ships cruisers destroyers and submarines Very little is written about the LST and their amphibious operations on beach landings of unloading troops and cargo because it isn't a glamorized fighting ship The book provides many authentic LST battles which are depicted through the fictional characters presented in this novel The author tried to encompass the five Phibies in several authentic battles even though their characters and experiences were created by his own imagination The LST played a very important role in the military operations in the islands in the Pacific and during the invasions of France Italy and Africa Without the LST and its ramp the delivery of cargo to the beaches during an assault would have been extremely difficult and time consuming The LST was not the most elegant looking ship to come out of American shipyards but it was designed for a purpose to deliver men and cargo to an invading beach as quickly as possible and to support the Allied troops ashore with ammunition tanks jeeps trucks artillery medical supplies and most critical of all food and water Without these back up goods the war may have been extended a year or more which would have cost many more American lives The LST and the other Amphibious forces must be recognized for their part in the war by being one of the most essential components of World War II and should be commended for their effort in the invasion of hostile enemies both in the Pacific and in the Atlantic theaters This author attempts to do just that The novel does not cover the land struggle after an invasion because the ground assaults have already been covered by other authors and to repeat them here would serve no other purpose but to reiterate their achievements

**The Cold of Darkness** David A. King Jr, 2021-09-07 When hot spots of extreme international crisis happen and the United States government cannot intercede nor the CIA NSA or military special forces cannot be seen helping only one other completely off the books agency can That agency is none other than Black Reaper Established during the Nixon presidency this organization has operated with an unlimited black budget and behind the scenes for decades They always succeed even at a great personal cost to their brave agents both men and women alike The best of these agents is one Jeremiah Black He's young cocky brash but a blunt instrument that does not fail and who could care less about ruffling anyone's feathers This new mission may be one even he cannot complete as both great nations of India and Pakistan stand at the precipice of all out war over a deadly chemical weapons attack in Goa India that has killed over 150 000 innocent men women and children The world waits to see what happens but one thing is for certain Even if it means his own life must end Jeremiah will succeed where nobody else can one way or another

The French Secret Services

,1993-01-01 The French secret services have a long history dating back to the ancien regime With the founding of the Third Republic 1870 1940 the famous Second Bureau was created as France s principal intelligence gathering organization After the Germans invaded France in 1940 however the services splintered and diversified with Vichy agencies and Collaborationists the Free French and the internal resistance all in contention More recently since 1944 the activities of the reorganized French secret services have extended across a surprisingly wide area sometimes with spectacular results as in the Greenpeace Affair in New Zealand in 1985 This volume deals with the French secret services according to a chronological framework which reflects the evolution of the services which were created and transformed by both internal and external historical factors The bibliography commences with an examination of the origins and development of the French Intelligence Service from the ancien regime to 1870 It then considers the history and activities of the secret services during the following periods the Third Republic the Second World War the Fourth Republic and the Fifth Republic firstly between 1958 and 1981 and then during the 1980s and 1990s including the Greenpeace Affair This is an essential reference tool for all those interested in the history of intelligence agencies and national security in general and in the development of the French secret services in particular      **Target Patton** Robert Wilcox,2014-09-09 Murder He Wrote And he wrote the true story Investigative and military reporter Robert Wilcox unravels the mystery surrounding the death of one of history s preeminent war heroes George S Patton Wilcox cries foul play and reveals the shocking truth behind Old Blood and Guts untimely demise in Target Patton the Plot to Assassinate General George S Patton Conflicting testimony disappearing witnesses missing official reports a suspicious Stalin and a lack of autopsy comprise the greatest unsolved mystery of World War II Find out whodunit in this thrilling account of America s most famous general      Assassin J. Bowyer Bell,2017-09-29 Assassination as a political act has a long history predating the murder of Julius Caesar and continuing into our own time The murder of the mighty has long fascinated artists and rebels but only rarely has it been studied in a scholarly manner In Assassin J Bowyer Bell combines existing historical evidence with years of personal interviews with terrorists in Africa the Middle East and Europe The result is an incisive study of that enigmatic figure the revolutionary killer As Bell makes clear the motives of the actors and effectiveness of assassination vary widely across time and place Assassination in many parts of the world has not only been a normal political act rational explicable but also often effective in some cases taking fewer lives in the transfer of power than an election Likewise there have been all kinds of assassins personal psychopathic professional ranging from lonely failures trying to make their mark to authorized agents of the state Using the assassination of Henry IV of France as a historical backdrop Bell writes about contemporary political murder from the perspective of one who has studied the subject of political violence for decades Bell has met with or known well the perpetrators conspirators and intended victims of assassination who have escaped His interviewees include a radical Irish revolutionary leader an American Arabist diplomat a spokesman for the PLO and the president of a Mozambique liberation movement The itinerary of his

investigative journeys covers most of the flashpoints of contemporary political violence The people and places studied here at firsthand are engaged in a deadly game The attrition rate is often high the power fleeting and the consequences often unforeseen If past is prologue assassination is to be with us for years to come The volume will be essential reading for those engaged in the prevention of political violence and terror as well as historians and political scientists **Political**

**Terrorism** A.J. Jongman,2017-07-28 While there is no easy way to define terrorism it may generally be viewed as a method of violence in which civilians are targeted with the objective of forcing a perceived enemy into submission by creating fear demoralization and political friction in the population under attack At one time a marginal field of study in the social sciences terrorism is now very much in center stage The 1970s terrorist attacks by the PLO the Provisional Irish Republican Army the Popular Front for the Liberation of Palestine the Japanese Red Army the Unabomber Aum Shinrikyo Timothy McVeigh the World Trade Center attacks the assault on a school in Russia and suicide bombers have all made the term terrorism an all too common part of our vocabulary This edition of Political Terrorism was originally published in the 1980s well before some of the horrific events noted above This monumental collection of definitions conceptual frameworks paradigmatic formulations and bibliographic sources is being reissued in paperback now as a resource for the expanding community of researchers on the subject of terrorism This is a carefully constructed guide to one of the most urgent issues of the world today When the first edition was originally published Choice noted This extremely useful reference tool should be part of any serious social science collection Chronicles of Culture called it a tremendously comprehensive book about a subject that any who have anything to lose from property to liberty life to limbs should be forewarned against **Storm Front** Charles Ryan,2005 In this second novel of Ryan s World War II series Rommel is to be arrested for conspiracy in the plot to kill Hitler Lt John Red Parnell and his elite Blue Team are deep in occupied France when they receive order to escort an American officer to Rommel s HQ to see if the Desert Fox will join the Allies Original **The Beast Reawakens** Martin A.
