Target For Murder:

Target for Murder Guy Elwyn Giles,1943 **Target for Murder** J. F. Trainor,1993 Anishinabe princess Angela Biwaban has just been sprung from a South Dakota correctional facility after serving time for an embezzlement charge When her oldest friend Mary Beth asks for help after her husband is killed and her property is stolen Angela heads for Michigan where she discovers that destroying a big time land developer can be dirty and deadly business Encyclopedia of Murder and Violent Crime Eric Hickey, Ph.D.,2003-07-22 As a good encyclopedia does the Encyclopedia of Murder and Violent Crime brings together articles that offer diverse insights into the topic while at the same time giving the reader a feel for its overall scope AGAINST THE GRAIN This comprehensive single volume encyclopedia contains a wealth of material on killing and other violent behavior as well as detailed information on a host of criminal cases from local decisions to Supreme Court rulings The Encyclopedia of Murder and Violent Crime includes nearly 500 entries that range from Antisocial Personality Disorder and the Beltway Snipers to the infamous Zodiac Murders Entries take several formats including substantial essays on criminal terms pathologies and criminal justice concise case studies of serial murderers infamous crimes and their investigations relatively brief definitions of relevant legal and criminological terms The Encyclopedia is written by an impressive group of contributors many leading experts in their fields of criminology criminal justice and more Extra features such as a handy easy to use Reader s Guide a lavish art program of approximately 50 photographs and several appendixes enhance and complete the volume This valuable reference is designed for academic school public and special private libraries as well as criminal justice agencies **Serial and Mass Murder** Elizabeth A. Gurian,2021-09-30 This book reframes the study of multicide that is serial and mass murder to use objective measures and aims to expand our understanding of multicide offending through descriptive and inferential statistical analyses of different homicide patterns of the offenders Criminal homicide and multiple murders are rare occurrences that typically account for a very small percentage of all violent crimes in most countries Despite this low occurrence homicide continues to be an area of intense study with a focus on subjective measures and classifications The research and analysis based on a database of over 1 300 cases contributes to the criminological study of violence and draws distinctions between the types of offenders partnered and solo serial and mass male and female etc from a range of different countries and across decades Traditionally studies of homicide focus on male offenders and theories of offending are then applied to females and co offenders The research presented in this book reveals that women and partnered offenders have very different homicide patterns from men Looking at the history of multicide offending this book uses descriptive and inferential statistical analyses to directly compare differences in offending and outcome patterns across multicide offender types This exploration of the multidimensionality of homicide at an international level is useful for scholars and students interested in criminal justice criminology psychology sociology or law Laws Relating to Sex, Pregnancy, and Infancy Carmen M. Cusack,2015-05-05 Laws Relating to Sex Pregnancy and Infancy

examines case law and legislation in regards to reproduction pregnancy and infancy Cusack explores the winding pathways of legal precedence and action on the social conditions of pregnancy and childbirth and draws from criminal and court procedures and behavioral science to determine if the law is acting in the best interest of those vulnerable populations Cusack surveys interpersonal familial and societal problems presented throughout history and currently facing contemporary generations questioning whether the criminal justice system can evolve to support the growing needs of its citizens most in need of legal assistance

The Road to Murder Adam Lynes, 2017-05-08 Why do serial killers gravitate towards certain kinds of occupation Why do they pursue certain types of victim How do they leave the radar and remain hidden Through his wide knowledge of the topic honed at one of Britain's leading centres for criminological studies Adam Lynes demonstrates how theory practice profiling and behaviour intertwine to identify the kind of people we should fear and especially if we are vulnerable to predators The book also looks at those personality types most likely to become serial killers whilst hiding in plain sight From Britain's serial killing studies centre of excellence Looks in depth at eight of Britain's serial killer drivers dealing with some of the most notorious crimes of modern times A fresh and uniquely interesting perspective Demonstrates the links between mobility transience recognisance predatory behaviour and acting out murderous fantasies From the text It is apparent that driving as a form of occupational choice is a popular form of employment for British serial murderers In an effort to determine why this may be the case studies of eight British serial murderers in the book demonstrate just how such an occupation can impact upon these offenders criminal behaviour These findings may prove to be of benefit to scholars of serial murder and to those who attempt to apprehend them

Resolving the Gamer's Dilemma Garry Young, 2016-11-15 This book explores the gamer's dilemma which lies at the heart of theorising about the morality of certain video game content. The dilemma is as follows: given that gaming content involves virtual characters within a virtual environment, the moral permission of virtual murder would also appear to morally permit virtual paedophilia. Yet most gamers and members of wider society would not want to play, endorse or find in any way morally acceptable the enactment of virtual paedophilia within a video game. Yet by accepting the moral permissibility of virtual murder, they leave themselves vulnerable to having to accept the moral permissibility of virtual paedophilia. This book provides an incredibly thorough and systematic analysis and evaluation of the gamer's dilemma by considering the origins of the intuitions around the dilemma and exploring whether they find support from traditional or contemporary moral theory and psychological research. The book will be of great interest to academics and students of philosophy and psychology as well as members of the wider public interested in video game violence and taboo enactments more generally. **Criminal Law**

David C. Brody, James R. Acker, 2009-08-10 *Targeted: "If I Die, This Program Killed Me!" (Mind Control Technology Book Series) Book 7 of 7* Renee Pittman, 2024-02-16 Book VII in the Mind Control Technology Book Series. Pure undeniable sinister personalities today are at the helm of brilliant advanced psychophysical technologies who are inhumanely destroying lives of men, women and children. They are devoid of compassion, believing it cannot be proven, and this mentality officially sanctioned. Neuroweapons, Nanotechnologies, the Brain Computer Interface (BCI), Artificial Intelligence (AI) join the ongoing scientific goal of Transhumanism and are all the foundation of ongoing human experimentation, generation to generation. Testing has exploded, progressing humanity towards what many consider Digital Slavery. Pittman is left no choice but to continue exposing this program while targeted by beamed assaults and high tech terrorism in the mist of death threats to Pittman and her family, combined with relentless efforts to tarnish her reputation. The fact is, covert campaigns to publicly discredit activists and destroy credibility and interpersonal relationships are still a common tactic used by COINTELPRO agents. Make no mistake about it: this morbid secret high tech behavioral modification ongoing mind control experimentation program will kill to preserve the reality of what is monstrously happening today, and when looking at the full picture, can you blame them?
