Targeting Terror Counterterrorist Raids:

Targeting Terror Samuel M. Katz, 2005-01-01 Looks at counterterrorist operations that are designed to target individuals and prevent planned terrorist attacks *Targeted Killings, Law and Counter-Terrorism Effectiveness* Ophir Falk, 2020-06-01 This book examines the permissibility and effectiveness of targeted killing in campaigns against terror Targeted killing has become a primary counterterrorism measure used by several countries in their confrontation with lethal threats The practice has been extensively used by the US in Afghanistan Iraq Pakistan Yemen and Somalia and by Israel in the West Bank and Gaza Several studies have already explored the difficult balance between achieving security while maintaining the liberties and rights of a country's civilians This book goes a step further by seeking to examine whether maintaining those liberties by complying with legal standards and minimizing unintended deaths can be more effective for national security Using targeted killing applied by Israel in particular as well as the United States during the first decade of the twenty first century as case studies this book explores that question and ultimately assesses whether compliance with legal standards can strengthen a state in its campaign against terrorism and thus provide stronger security The book focuses on civilian related criteria hypothesizing that minimizing civilian casualties will maximize effectiveness in an asymmetric war setting The conclusions are not limited to a specific tactic or theater and if adopted might have far reaching implications for how asymmetric warfare is strategized This book will be of much interest to students of counter terrorism law Middle Eastern studies and security studies

Maritime Security: Counter-Terrorism Lessons from Maritime Piracy and Narcotics Interdiction E.R. Lucas, S. Rivera-Paez, T. Crosbie, 2020-08-04 It can be easy to forget the critical role that maritime transport plays in the global economy but international maritime transportation is still responsible for around 90% of global trade Protecting the maritime infrastructure essential for this trade from terrorism is a major concern for the international community This book originates from the NATO Advanced Research Workshop ARW Counter Terrorism Lessons from Maritime Piracy and Narcotics Interdiction held in Copenhagen Denmark in May 2019 Participants in the three day workshop included policymakers senior military officers and academics from NATO member states international organizations and two partner nations Colombia and Israel Their extensive discussions focused on methods for protecting critical maritime infrastructure such as ports supplies and personnel from seaborne terrorist attacks Presentations and roundtables also addressed the human and social factors that contribute to the defense against terrorism in the maritime domain The book is divided into three sections organized crime and narcotrafficking maritime piracy and terrorism and aims to bridge the gaps between these three substantive areas of maritime security research These have remained largely separate areas of research in the past with the result that valuable maritime security lessons from counter piracy and counter narcotics operations have not been fully incorporated into counter terrorism best practice The book facilitates the transmission of lessons learned from counter piracy and counter narcotic operations to formulate recommendations for best practice and technological innovations to manage maritime terrorism and will be of interest to all those working in the field

Counter-Terrorism and

International Law Katja L.H. Samuel, 2017-03-02 The articles and essays in this volume consider the problem of international terrorism from an international legal perspective The articles address a range of issues starting with the dilemma of how to reach agreement on what constitutes terrorism and how to encapsulate this in a legitimate definition The essays move on to examine the varied responses to terrorism by states and international organisations These responses range from the suppression conventions of the Cold War which were directed at criminalising and punishing various manifestations of terrorism to more coercive executive led responses Finally the articles consider the role of the Security Council in developing legal regimes to combat terrorism for example by the use of targeted sanctions or by general legislative measures An evaluation of the contribution of the sum of these measures to the goals of peace and security as embodied in the UN Charter is central to this collection

Routledge Handbook of Terrorism and Counterterrorism

Andrew Silke, 2018-09-03 This new Handbook provides a comprehensive state of the art overview of current knowledge and debates on terrorism and counterterrorism as well as providing a benchmark for future research The attacks of 9 11 and the global war on terror and its various legacies have dominated international politics in the opening decades of the 21st century In response to the dramatic rise of terrorism within the public eye and the academic world the need for an accessible and comprehensive overview of these controversial issues remains profound The Routledge Handbook of Terrorism and Counterterrorism seeks to fulfil this need The volume is divided into two key parts Part I Terrorism This section provides an overview of terrorism covering the history of terrorism its causes and characteristics major tactics and strategies major trends and critical contemporary issues such as radicalisation and cyber terrorism It concludes with a series of detailed case studies including the IRA Hamas and Islamic State Part II Counterterrorism This part draws on the main themes and critical issues surrounding counterterrorism It covers the major strategies and policies key events and trends and the impact and effectiveness of different approaches This section also concludes with a series of case studies focused on major counterterrorism campaigns This book will be of great interest to all students of terrorism and counterterrorism political violence counter insurgency criminology war and conflict studies security studies and IR more generally
