Remembrances and other Observations don david Calderon y Aroesty,2022-05-03 Reflections by Dr Sofija Grandakovska Professor CUNY on the book Remembrances and Other Observations This book first and foremost is committed to the importance of remembering the past and its careful preservation at the gates of oblivion The importance is emphasized in plural form remembrances It is not one story it is more than fifty varied short stories The author recognizes the multilayered and polyvalent existence of remembering It is personal and collective It is mythical

genealogical literary historical and anthropological Short stories were written as prose poems Although we cannot qualify these prose forms as typical short stories in a literary genre context they qualify as short stories because they each reflect an event history and truth about the overarching event the Holocaust The author don david Calderon y Aroesty chooses poetic prose to guide the readers through the tragic dimensions of the Holocaust by cherry picking some exceptional heroes heroines and gratifying events through the duality of poetry and prose without solid metrical patterns but with rhythmic moderation of poetic expression Remembrances come alive as a coherent and legitimate whole No description of the criminality suffering and sadness would ever be sufficient The author does not forget the bleakness and the horrors while challenging all of us to remember the shining lights the occasional rays of human sunshine extraordinary courage and amazing bravery exhibited by some The hybrid linguistic form becomes clear and legitimate highlighted at the very beginning of the volume in the qualifications section where he asks the question and expresses his suspicion How dare me dare to write about the Holocaust Who am I The first philosophical question which he answers with a dare to all of us to each undertake to study learn and write about the Holocaust This is where the message of the book is strongly positioned It is a message of deep humanistic anthropological and historical significance Dr Grandakovska teaches at the John Jay College of Criminal Justice Department of Anthropology where her areas of specialization are comparative literature and interdisciplinary studies in the Holocaust and Jewish history She served as one of the advisers to the author s book of remembrances

political science psychology criminology economics management marketing communication and sociology It turns out there is a science to victory in militant history But even rebels must follow rules **New Orleans** Richard Sexton,2003-09 This is a beautiful introduction to the multicultural art and architecture of the Crescent City the cognomen given to the city nestled along a tight bend of the Mississippi River In this introductory history the reader is familiarized with many new terms reflecting the multiethnic complexity of the local population The combination of African French and Anglo American immigrants formed a unique Creole culture that has produced its own music cuisine art and architecture displayed superbly in a vast variety of photographs Incredible Hulk Masterworks Vol. 11 Len Wein,2017-11-08 Collecting Incredible Hulk 1968 184 196 and material from Giant Size Hulk 1975 1 and Marvel Treasury Edition 5 Hulk is the strongest Why Because it is hard not to be when you go from strength to strength with artists Herb Trimpe and Sal Buscema Trimpe defined the incredible Hulk in an artistic tenure stretching from 1968 to 1975 When Sal Buscema took over the reins not only did the series gain a great talent but one that unbelievably would have a tenure longer than even Trimpe's Add to that Len Wein writing some of his greatest Hulk stories and you've got a bona fide Marvel Masterworks The adventures include Hulk smashing his way through the Mole Man the Gremlin the Shaper of Worlds Doc Samson the Abomination and of course the never ending military machinations of Gen Thunderbolt Ross
