Upgrade Your Life - Small Changes, Easy Actions, Big Success! Kelly Wallace,2018-01-14 Being successful at whatever you want to do or be in life isn t all that difficult if you know where you re going and how to get there Most people fail because they don t realize how much negative programming they ve had since early childhood No matter how hard you try goals are always out of reach or given up on again and again Poor subconscious programming creates a mind that s unfocused and unable to take positive actions that will bring you the lifestyle you desire and deserve It doesn t have to be this way Once you learn how to use your mind correctly you can achieve anything you desire and I ll show you how In Upgrade Your Life Small Changes Easy Actions Big Success I ve covered the most common areas people struggle with and want to succeed at We ll tackle everything from finding love and making money to losing weight and discovering your ideal career and many subjects in between **Living Folk Magic** Mary-Grace Fahrur,2025-11-03 Folk magic is more than casting a spell or creating a ritual It is a way of life a way of living a way of perceiving the world and all within it Living Folk Magic explores how to build an entire folk magic practice to understand the practices of folk magic so that they can be applied wherever they are needed Every culture has its folk magic the magical practices that are shared by cultures communities locations and different groups of people Until recently its sheer ubiquity caused it to be among the least respected schools of magic often relegated to the ranks of superstition or low magic Folk magic was something Grandma did something for the old folks something for modern young people to laugh about However in the twenty first century there has been a resurgence in the popularity of folk magic a practice now treated with respect and approached with fascination No longer something done in secret there are now bestselling books and social media groups dedicated to the love of folk magic Among the architects of

this celebration and appreciation of folk magic is author Mary Grace Fahrur whose book Italian Folk Magic Weiser Books 2018 has been a major contributing factor to this phenomenon More and more people want to practice folk magic but unlike in the old days they may not have elders to access for information They are learning from books social media TikTok and YouTube videos But folk magic is more than casting a spell or creating a ritual It is a way of life a way of living a way of perceiving the world and all within it Although the details of folk magic practices vary by culture and community there are shared commonalities In her new book Living Folk Magic Fahrur explores how to build an entire folk magic practice to understand the practices of folk magic so that they can be applied wherever they are needed Mary Grace offers an exploration of the primary functions of folk magic cleansing protecting blessing cursing as well as instructions on how to build altars whether openly or secretly practicing divination communicating with spirits and more Her book is titled Living Folk Magic to emphasize that folk magic is not a dead thing of the past but something alive vital and modern Her goal is to help readers actually live folk magic so that it is a fulfilling and successful practice
