Molloy,2008-12-14 A groundbreaking book based on years of the same thorough research that made the *Dress For Success* books national bestsellers about how women can statistically improve their chances of getting married *James the Brother of Jesus* Robert H. Eisenman,1998-03-01 A passionate quest for the historical James refigures Christian origins can be enjoyed as a thrilling essay in historical detection The Guardian James was a vegetarian wore only linen clothing bathed daily at dawn in cold water and was a life long Nazirite In this profound and provocative work of scholarly detection eminent biblical scholar Robert Eisenman introduces a startling theory about the identity of James the brother of Jesus who was almost entirely marginalized in the New Testament Drawing on long overlooked early Church texts and the Dead Sea Scrolls Eisenman reveals in this groundbreaking exploration that James not Peter was the real successor to the movement we now call Christianity In an argument with enormous implications Eisenman identifies Paul as deeply compromised by Roman contacts James is presented as not simply the leader of Christianity of his day but the popular Jewish leader of his time whose death triggered the Uprising against Rome a fact that creative rewriting of early Church documents has obscured Eisenman reveals that characters such as Judas Iscariot and the Apostle James did not exist as such In delineating the deliberate falsifications in New Testament documents Eisenman shows how as James was written out anti Semitism was written in By rescuing James from the oblivion into which he was cast the final conclusion of James the Brother of Jesus is in the words of The Jerusalem Post apocalyptic who and whatever James was so was Jesus **The Fatherhood of God; Considered in Its General and Special Aspects, and Particularly in Relation to the Atonement; with a Review of Recent Speculations on the Subject** Thomas Jackson Crawford,1867 TV Creators James L. Anthony Zuiker CSI Crime Scene Investigation John McNamara The Fugitive and Don Bellisario JAG Magnum P I *How Christianity Built Western Civilization* Dr. Alex Locay, 2022-01-05 Today the voices from the secular left are hard at work removing any trace of religion from government and the law Meanwhile secular historians have successfully limited Christianity's contribution in history to the Crusades and Inquisitions as if that is all Christians have to speak for The real story is quite different primarily that everything good in Western Civilization has its roots in the Christian religion How Christianity Built Western Civilization is the epic tale of how our Christian forefathers stood up to history's darkest forces to forge a new way of life grounded in the biblical worldview Over the centuries it has become evident that Western Civilization has emerged as mankind's greatest achievement It is here where the greatest political and economic systems were born and here that we see the concept of human rights emerge along with the modern scientific process and the greatest discoveries It is in the West that we find the most advanced educational institutions along with the greatest charities artistic masterpieces and architectural innovations Is this a coincidence or the deliberate result of our worldview How Christianity Built Western Civilization answers this question with chapters on human rights modern science universal education charity art and architecture focusing entirely on the revolutionary milestones and individuals that made these achievements possible Each chapter unfolds chronologically starting with the biblical foundation and moving through the work of the early and Medieval Church arriving at modern times The author builds a compelling case demonstrating how Western Civilization would be indistinguishable from India China or Africa today if not for the teachings of Christ and the Bible The Christian Doctrine of Prayer for the Departed Frederick George Lee, 1872 **The Herd Register of the American Guernsey Cattle Club** American Guernsey Cattle Club, 1907
