The Father In Primitive Psychology:

The Father in Primitive Psychology and Myth in Primitive Psychology Malinowski, 2013-04-15 This volume investigates ideas beliefs and sentiments in relation to social organization [The Father in Primitive Psychology](#) Bronislaw Malinowski, 1927 *The Father in Primitive Psychology* Bronislaw Malinowski, 1966 *The Father in Primitive Psychology* Bronislaw Malinowski, 1927 **The Father** Luigi Zoja, 2003-09-02 Luigi Zoja views the origin and evolution of the father from a Jungian perspective He argues that the father's role in bringing up children is a social construction that has been subject to change throughout history and looks at the consequences of this along with the crisis facing fatherhood today The Father will be welcomed by people from a wide variety of disciplines including practitioners and students of psychology sociology and anthropology and by the educated general reader **The American Father** Wade C. Mackey, 2013-06-29 In *The American Father* Wade C Mackey documents a wealth of information demonstrating the vast benefits to society when its children are raised in families with fathers The biopsychosocial approach Mackey in human employs is consistent with the current treatment of topics development This approach which is grounded in a variety of diverse sources assumes that we understand little about people when we study them a bit at a time rather the fullness of the individual requires a fullness of examination For example in the cases of fathers we note that humans do not reproduce alone after all we are not an asexual species No human reproduction and its sequelae are social just as clearly as they are biological and involve the whole panoply of psychic function motivation sociability intelligence and the like The evidence marshaled by Mackey indicates strongly that individuals and societies have an essential requirement for something more than mothering they also need fathering Much of the discourse and publication on fathers during the past several decades has been posited on a more is better model of male parenting in which it is seldom stated who it is better for the father the child the mother the couple or the family Further much of this discussion infers that fathers are merely Mr Moms yet this is not so *Hunger and Work in a Savage Tribe* Audrey Richards, 2013-12-16 This book is an established classic A pioneering achievement and laid the groundwork for a sociological theory of nutrition Audrey Richards work is beginning to enjoy a revival in anthropological study and awareness of her importance is growing **Sex and Repression in Savage Society** Bronislaw Malinowski, 2003-09-02 Part of the new Routledge Classics series Malinowski was one of the founders of social anthropology and one of the first to become involved in ethnographic fieldwork A core primary text for undergraduates in anthropology philosophy and psychology [The Origins and History of Consciousness](#) Erich Neumann, 2020-03-31 *The Origins and History of Consciousness* draws on a full range of world mythology to show how individual consciousness undergoes the same archetypal stages of development as human consciousness as a whole Erich Neumann was one of C G Jung's most creative students and a renowned practitioner of analytical psychology in his own right In this influential book Neumann shows how the stages begin and end with the symbol of the Uroboros the tail eating serpent The intermediate stages are projected in the

universal myths of the World Creation Great Mother Separation of the World Parents Birth of the Hero Slaying of the Dragon Rescue of the Captive and Transformation and Deification of the Hero Throughout the sequence the Hero is the evolving ego consciousness Featuring a foreword by Jung this Princeton Classics edition introduces a new generation of readers to this eloquent and enduring work **Crime and Custom in Savage Society** Russell Smith, Bronislaw Malinowski, 2018-02-06

Crime and Custom in Savage Society represents Bronislaw Malinowski's major discussion of the relationship between law and society Throughout his career he constructed a coherent science of anthropology one modeled on the highest standards of practice and theory Methodology steps forward as a core element of the refashioned anthropology one that stipulates the manner in which anthropological data should be acquired Malinowski's choice of law was not inevitable but neither was it unmotivated Anyone interested in understanding the social structure and organization of societies cannot avoid dealing with the concept of law even if it is to deny its presence Law and anthropology have shown a natural affinity for one another sharing a beneficial history of using the methods and viewpoints of one to inform and advance the other The best lesson Malinowski provides us with comes in the last paragraphs of Crime and Custom in Savage Society The true problem is not to study how human life submits to rules the real problem is how the rules become adapted to life On that question he has left us richly inspired to continue the quest
