**The Smiler with the Knife** Nicholas Blake, 1978      **The Smiler with the Knife** Nicholas Blake, 1981      The smiler with the knife Frank Wright, 1954      **Orson Welles and the Unfinished RKO Projects** Marguerite H Rippey, 2009-04-21

Orson Welles and the Unfinished RKO Projects A Postmodern Perspective traces the impact of legendary director Orson Welles on contemporary mass media entertainment and suggests that ironically we can see Welles's performance genealogy most clearly in his unfinished RKO projects. Author Marguerite H Rippey provides the first in-depth examination of early film and radio projects shelved by RKO or by Welles himself. While previous studies of Welles largely fall into the categories of biography or modernist film studies, this book extends the understanding of Welles via postmodern narrative theory and performance analysis, weaving his work into the cultural and commercial background of its production. By identifying the RKO years as a critical moment in performance history, Rippey synthesizes scholarship that until now has been scattered among film studies, narrative theory, feminist critique, American studies, and biography. Building a bridge between auteur and postmodern theories, *Orson Welles and the Unfinished RKO Projects* offers a fresh look at Welles in his full complexity. Rippey trains a postmodern lens on Welles's early projects and reveals four emerging narrative modes that came to define his work: deconstructions of the first person singular, adaptations of classic texts for mass media, explorations of the self via primitivism, and examinations of the line between reality and fiction. These four narrative styles would greatly influence the development of modern mass media entertainment. Rippey finds Welles's legacy alive and well in today's mockumentaries and reality television. It was in early unfinished projects where Welles first toyed with fact and fiction, and the pleasure of this interplay still resonates with contemporary culture. As Rippey suggests, the logical conclusion of Welles's career-long exploration of truthiness lies in the laughs of fake news shows. Offering an exciting glimpse of a master early in his career, *Orson Welles and the Unfinished RKO Projects* documents Welles's development as a storyteller who would shape culture for decades to come.

**The Smiler with the Knife, by Nicholas Blake**, 1939      In the Beginning Mary Jean DeMarr, 1995. Others concentrate more on analysis of the subject novel itself, indicating more briefly how that book relates to those which follow it. Some discuss such questions as what exactly is the first novel in some rather complex series, and in several cases more than one initiating book is discussed. No attempt has been made to include consideration of a representative sample of the various types of detective series, but a variety of authors is covered, ranging from such classics as Agatha Christie, Rex Stout, and Dorothy L. Sayers to more recent authors like James McClure, Joseph Hansen, and Colin Dexter.

**At the End of the Street in the Shadow** Matthew Asprey Gear, 2016-02-16. The films of Orson Welles inhabit the spaces of cities from America's industrializing midland to its noirish borderlands, from Europe's medieval fortresses to its Kafkaesque labyrinths and postwar rubblescapes. His movies take us through dark streets to confront nightmarish struggles for power, the carnivalesque and bizarre, and the shadows and light of human character. This ambitious new study explores Welles's vision of cities by following

recurring themes across his work including urban transformation race relations and fascism the utopian promise of cosmopolitanism and romantic nostalgia for archaic forms of urban culture It focuses on the personal and political foundation of Welles s cinematic cities the way he invents urban spaces on film to serve his dramatic thematic and ideological purposes The book s critical scope draws on extensive research in international archives and builds on the work of previous scholars Viewing Welles as a radical filmmaker whose innovative methods were only occasionally compatible with the commercial film industry this volume examines the filmmaker s original vision for butchered films such as *The Magnificent Ambersons* 1942 and *Mr Arkadin* 1955 and considers many projects the filmmaker never completed an immense shadow oeuvre ranging from unfinished and unreleased films to unrealized treatments and screenplays

**Spy Fiction, Spy Films and Real Intelligence** Wesley K. Wark, 2013-09-13 This book won the Canadian Crime Writers Arthur Ellis Award for the Best Genre Criticism Reference book of 1991 This collection of essays is an attempt to explore the history of spy fiction and spy films and investigate the significance of the ideas they contain The volume offers new insights into the development and symbolism of British spy fiction
