Talking Sexuality New Directions For Child And Adolescent Development:

Talking Sexuality: Parent-Adolescent Communication S. Shirley Feldman, Doreen A. Rosenthal, 2002-10-11

Negotiating sexuality during the adolescent years is a difficult task that can result in health compromising outcomes if poor decisions are made. Experts, parents and teens all believe that parents have an important role in providing sex education to their children and that such communication has the potential to help adolescents make good sexual decisions. However, parents find the task daunting; they often feel ill equipped and teenagers feel uncomfortable and suspect parents of prying into their private lives. The last decade has witnessed important growth in research on family communications about sex and sexuality. This volume critically examines the assumption that parental communication plays an important role in helping children make good sexual decisions and act on them. It expands on earlier reviews by proposing a theoretical framework in a field that has largely been notable for its atheoretical approach by providing methodological alternatives by going beyond the expert novice perspective to address communication from the young person's point of view and by evaluating interventions designed to help parents become better communicators about this difficult, sensitive and complex topic. It also presents new empirical work on the neglected topics of fathers involvement in sex related communications with their children and teen initiated communications by gay youth as they inform their parents about their sexual orientation. This is the 97th issue of the Jossey-Bass series New Directions for Child and Adolescent Development.

The New Latino Studies Reader Ramon A. Gutierrez, 2016-08-23. The New Latino Studies Reader is designed as a contemporary, updated, multifaceted collection of writings that bring to force the exciting, necessary scholarship of the last decades. Its aim is to introduce a new generation of students to a wide ranging set of essays that helps them gain a truer understanding of what it's like to be a Latino in the United States. With the reader, students explore the sociohistorical formation of Latinos as a distinct panethnic group in the United States, delving into issues of class formation, social stratification, racial gender and sexual identities and politics and cultural production. And while other readers now in print may discuss Mexican Americans, Puerto Ricans, Cubans and Central Americans as distinct groups with unique experiences, this text explores both the commonalities and the differences that structure the experiences of Latino Americans. Timely, thorough and thought provoking, The New Latino Studies Reader provides a genuine view of the Latino experience as a whole.

Sexuality and Illness Anne Katz, 2021-09-13. This evidence based guide educates and informs health professionals about promoting sexual wellbeing in the context of challenges from physical and mental health. Sexuality is an important aspect of quality of life for many people but can be affected by a wide variety of health conditions such as cardiovascular disease, mental illness, menopause, diseases of ageing, neurological diseases and spinal cord injuries, combat injuries and cancer. Building readers confidence in initiating and encouraging open communication on this often neglected topic, Sexuality and Illness includes case studies that illustrate how to talk about sexuality and support patients with concerns about it. Making recommendations for practice and further reading, it takes into

account gender sexual race and ethnic diversity This accessible text demystifies a topic that is sometimes difficult to discuss It is essential reading for healthcare practitioners interested in providing comprehensive and person centred care

Prediction and Change of Health Behavior Icek Ajzen,Dolores Albarracin,Robert Hornik,2007-03-13 This book is based on a symposium held in honor of Martin Fishbein s 70th birthday in March 2006 at the Annenberg School for Communication University of Pennsylvania The book s chapters are organized around two broad themes that reflect Marty s major research interests Attitudes and Behavior and Health Promotion Marty first started to work on a theory of attitudes while pursuing his dissertation research at UCLA Sexting Judith Davidson,2015-01-20 Sexting Gender and Teens provides a close up look into the intimate and gendered world of teens and those who live with and work with them The author draws upon interviews with teens parents and caregivers and many others who work with teens from teachers and youth workers to principals and police we learn how the new digital world is still permeated by beliefs and patterns of earlier patriarchal structures This three state study reveals there are significant gendered differences among teens in their perspectives on sexting and these differences have implications for how to respond to the issue of teen sexting Adults too demonstrate gendered differences in their views on teen sexting and these differences have an important impact on the shaping of youth views about gender and sexuality As one mother said Girls set the pace and boys notch the bedpost Some key findings include The human curriculum of sexuality is both conserving and adapting and these two impulses are always interacting We are in the midst of social and technological changes that have vast implications for all of our cultural notions including sexuality Regarding sexting Adults are pointing fingers in many directions and leaving adolescents to fend for themselves This compelling account presented through the words of participants provides a vivid introduction to hands on social research that will be of interest to those in gender and women s studies as well as the broader disciplines that touch upon these concerns such as sociology education psychology media studies criminal justice and other fields Sure to spark strong opinions and discussion the book offers opportunities for sustained engagement with topics of critical interest to today s digital world Judith Davidson Ph D is an associate professor in the Graduate School of Education at University of Massachusetts Lowell where she teaches qualitative research methods As a methodologist she is particularly interested in the use of digital tools in qualitative research and working with research design for complex projects She is a co founder of the cross campus Qualitative Research Network and has overseen numerous qualitative research dissertations both activities that allow her to enjoy coaching qualitative research She has consulted and worked on qualitative research projects in diverse areas from sexting to technology integration in K 12 schools *Not My Kid* Sinikka Elliott,2012-08-13 Teenagers have sex While almost all parents understand that many teenagers are sexually active there is a paradox in many parents

thinking they insist their own teen children are not sexual but characterize their children's peers as sexually driven and hypersexual. Rather than accuse parents of being in denial, Sinikka Elliott teases out the complex dynamics behind this thinking, demonstrating that it is rooted in fears and anxieties about being a good parent, the risks of teen sexual activity and teenagers' future economic and social status. Parents like most Americans equate teen sexuality with heartache, disease, pregnancy, promiscuity and deviance and want their teen children to be protected from these things. Going beyond the hype and controversy, Elliott examines how a diverse group of American parents of teenagers understand teen sexuality, showing that in contrast to the idea that parents are polarized in their beliefs, parents are confused, anxious and ambivalent about teen sexual activity and how best to guide their own children's sexuality. Framed with an eye to the debates about teenage abstinence and sex education in school, Elliott also links parents' understandings to the contradictory messages and broad moral panic around child and teen sexuality. Ultimately, Elliott considers the social and cultural conditions that might make it easier for parents to talk with their teens about sex, calling for new ways of thinking and talking about teen sexuality that promote social justice and empower parents to embrace their children as fully sexual subjects.

Handbook of Marriage and the Family Gary W. Peterson, Kevin R. Bush, 2012-09-14 The third edition of *Handbook of Marriage and the Family* describes, analyzes, synthesizes and critiques the current research and theory about family relationships, family structural variations and the role of families in society. This updated *Handbook* provides the most comprehensive state-of-the-art assessment of the existing knowledge of family life with particular attention to variations due to gender, socioeconomic, race, ethnic, cultural and life style diversity. The *Handbook* also aims to provide the best synthesis of our existing scholarship on families that will be a primary source for scholars and professionals but also serve as the primary graduate text for graduate courses on family relationships and the roles of families in society. In addition, the involvement of chapter authors from a variety of fields including family psychology, family sociology, child development, family studies, public health and family therapy gives the *Handbook* a multidisciplinary and interdisciplinary framework.

Mothers, Sex, And Sexuality Michelle Walks, Joani Mortenson, Holly Zwalf, 2020-06-01 *Mothers, Sex, And Sexuality* talks about things not normally dared spoken out loud: the interconnectedness and conflict between our parental and sexual selves, the taboo of the sexual mother and why it matters so much to shatter it. What is it about the sexual mother that is incompatible and at times even disturbing? Why are we threatened by maternal sexuality? And what does this tell us about the structures of gender and power that govern our bodies? *Mothers, Sex, And Sexuality* presents a rigorous academic analysis of the myriad ways in which the sexual/maternal divide affects women birthing people and those of us who assume or are ascribed the title mother. We examine the way we as mothers talk to our daughters about sex, the way we talk about sex in a cultural context and the deafening silence around sex in a medical system that overlooks maternal sexuality. We return repeatedly to the impact of both Christianity and Hinduism on the mother as someone to be revered but tightly controlled. We embrace the lost eroticism of mothering and hail

breastfeeding as a sexual maternal practice arguing for a new broader feminist understanding of sexuality We discuss the way fat mothers destabilise the heteronormative maternal model the way kinky queers are reconfiguring the sexual maternal divide through erotic role play and we explore the strange intense and romantic domestic relationship that springs up between mothers and nannies two heterosexual women trapped together in a homoerotic triangulation of need and desire In a titillating climax we revel in the sexual maternal as embodied through performance art poetry installations and comedy disrupting queer readings of bodies as we are invited to both fuck and fuck with the maternal This book boldly provides both a challenge to the patriarchal constraints of motherhood and a racy road map escape route out of the sexual maternal dichotomy

The Handbook of Gender, Sex, and Media Karen Ross, 2013-12-04 The Handbook of Gender Sex and Media offers original insights into the complex set of relations which exist between gender sex sexualities and the media and in doing so showcases new research at the forefront of media and communication practice and theory Brings together a collection of new cutting edge research exploring a number of different facets of the broad relationship between gender and media Moves beyond associating gender with man woman and instead considers the relationship between the construction of gender norms biological sex and the mediation of sex and sexuality Offers genuinely new insights into the complicated and complex set of relations which exist between gender sex sexualities and the media Essay topics range from the continuing sexism of TV advertising to ways in which the internet is facilitating the re invention of our sexual selves
