teach Frager has indeed lived his teaching Founder of the Institute for Transpersonal Psychology in 1975 in 1976 he became a student of the Sufi master Muzaffer Efendi Since becoming a sheikh in 1985 he has given many sohbet a Turkish word for the spiritual conversations Sufi teachers hold to inspire their students The sohbet he presents here are compiled from his talks over the past decade and represent Sufism as it is now practiced in the United States Frager believes that the wisdom in such talks flows through the sheikh from his teacher and his teacher's teacher all the way back to the Prophet Mohammad and God the sheikh is merely a channel for something greater than any individual Moreover these talks are not lectures but rather living connections going both ways between heart and heart Indeed the warm personal immediacy to Frager's voice is rarely found Like the tales of Nasruddin he teaches through colorful anecdote and metaphors Sufi practice has two sides he says one is to develop our love of God the other is to become less self centered We need both just as a bird needs both wings to fly How can I put my knowledge into practice is the question we must ask As the Qur'an states those who fail to live by their understanding are like donkeys carrying a load of books The books won't change them They can carry the holiest books but will still be donkeys Among the practices Frager teaches are zikr or remembrance of God through chanting halvet or spiritual retreat and adab or right action Thus do we develop character or rather restore the character we had at birth I've never seen a baby with a bad character he says We are all born in a pure state With hard work and God's blessings we can return to it Other topics include Obstacles on the Path Reducing Narcissism Inner Work Prayer Marriage Generosity Taking Responsibility and Waking before We Die No matter what one's religion the reader will find such universal wisdom in this book that he will agree with Frager's teacher Muzaffer Efendi who once advised You can tell these stories ten thousand times and people will still benefit from them
