A. Romm,2019-07-12 This book uses mixed methods to extend the concept of wellbeing stocks to refer to dynamic ways of working with others It addresses metaphors and praxis for weaving together strands of experience The aim of the wellbeing stocks concept is to enable people to re evaluate economics and to become more aware of the way in which we neglect social and environmental aspects of life The pursuit of profit at the expense of people and the environment is a central problem for democracy and governance The vulnerability of cities is a symptom of the lack of balance between individual and collective needs This book explores the potential for cities specifically in the regions of Indonesia Africa and Australia to become more productive as sites for food and water security through more creative use of technology It highlights the need for partners that see food and security feasible at the household level if supports are provided at the community national and international level The book examines how these regions are affected by demographics climate change and people movements but also explores ways to establish an effective cultural ecosystem management **Life or Death at Sea** Matt Doeden,2025-08-22 An adventure at sea has led to disaster and now YOU are adrift Water surrounds you as far as the eye can see How will you find your way back to land What will you eat and drink And how long can you last on your own in the ocean It s time to make some difficult choices With some smart decision making and a little luck perhaps you ll be able to survive being lost at sea **Strategic Review** ,1995 dedicated to the advancement and understanding of those principles and practices military and political which serve the vital security interests of the United States **Okinawan War Memory** Kyle Ikeda,2014-03-14 As one of Okinawa s most insightful writers and social critics Medoruma Shun has highlighted the problems and limits of conventional representation of the Battle of Okinawa raised new questions and concerns about the nature of Okinawan war memory and expanded the possibilities of representing war

through his groundbreaking and prize winning fiction editorials essays and speaking engagements Yet his writing has not been analyzed in regard to how his experience and identity as the child of two survivors of the Battle of Okinawa have powerfully shaped his understanding of the war and his literary craft This book examines Okinawan war memory through the lens of Medoruma s war fiction and pays particular attention to the issues of second generation war survivorship and transgenerational trauma It explores how his texts contribute to knowledge about the war and its ongoing effects on survivors their offspring and the larger community in different ways from that of other modes of representation such as survivor testimony historical narrative and realistic fiction These dominant means of memory making have played a major role in shaping the various discourses about the war and the Battle of Okinawa yet these forms of public memory and knowledge often exclude or avoid more personal emotional and traumatic experiences Indeed Ikeda s analysis sheds light on the nature of trauma on survivors and their children who continue to inhabit sites of the traumatic past and in turn makes an important contribution to studies on trauma and second generation survivor experiences This book will be of huge interest to students and scholars of Asian literature Japanese literature Japanese history war memory and Okinawa

Matriculture, Shamanism, and the Authority of Women Linnéa Rowlett, Angela Sumegi, 2025-07-31 This book is an edited collection of chapters featuring research into the history and contemporary expressions of matricultures in communities that include the Basque of northern Spain and southern France the Mosuo of China the Ahtna of southern Alaska the Pangcah Amis of Taiwan and the Ho chunk and Cherokee of the contiguous United States as well as present day settler American society Based on Geertzian theory matriculture is a term used here to encompass that entire cultural system present within every society pertaining to mothers women and the feminine in other words the various cultural worlds that women inhabit voluntarily or involuntarily Power in this context represents the authority that women wield or are denied in these worlds This book then explores intersections between matriculture and power among a wide range of societies contributors document the waxing and waning of matriculture across diverse realms of the spiritual shamanic and the socio political By examining the powers that be these contributions provide new avenues of analysis and throw light on the forces at work that support or suppress women s authority action and agency They point to the social benefits of a thriving matriculture and to the conditions necessary for all members of a society to flourish
