**China** Various Authors, Let me state at the outset that I know no Chinese My duty in Mrs Ayscough s and my joint collaboration has been to turn her literal translations into poems as near to the spirit of the originals as it was in my power to do It has been a long and arduous task but one which has amply repaid every hour spent upon it To be suddenly introduced to a new and magnificent literature not through the medium of the usual more or less accurate translation but directly as one might burrow it out for one s self with the aid of a dictionary is an exciting and inspiring thing The method we adopted made this possible as I shall attempt to show The study of Chinese is so difficult that it is a life work in itself so is the study of poetry A sinologue has no time to learn how to write poetry a poet has no time to learn how to read Chinese Since neither of us pretended to any knowledge of the other s craft our association has been a continually augmenting pleasure I was lucky indeed to approach Chinese poetry through such a medium The translations I had previously read had given me nothing Mrs Ayscough has been to me the pathway to a new world No one could be a more sympathetic go between for a poet and his translator and Mrs Ayscough was well fitted for her task She was born in Shanghai Her father who was engaged in business there was a Canadian and her mother an American She lived in China until she was eleven when her parents returned to America in order that their children might finish their education in this country It was then that I met her so that our

friendship is no new thing but has persisted in spite of distance for more than thirty years to ripen in the end into a partnership which is its culmination. Returning to China in her early twenties she became engaged to an Englishman connected with a large British importing house in Shanghai and on her marriage which took place almost immediately went back to China where she has lived ever since. A diligent student of Chinese life and manners she soon took up the difficult study of literary Chinese and also accepted the position of honorary librarian of the library of the North China Branch of the Royal Asiatic Society. Of late years she has delivered a number of lectures on Chinese subjects in China, Japan, America and Canada and has also found time to write various pamphlets on Chinese literature and customs. In the Autumn of 1917 Mrs Ayscough arrived in America on one of her periodic visits to this country. She brought with her a large collection of Chinese paintings for exhibition and among these paintings were a number of examples of the Written Pictures. Of these she had made some rough translations which she intended to use to illustrate her lectures. She brought them to me with a request that I put them into poetic shape. I was fascinated by the poems and as we talked them over we realized that here was a field in which we should like to work. When she returned to China it was agreed that we should make a volume of translations from the classic Chinese writers. Such translations were in the line of her usual work and I was anxious to read the Chinese poets as nearly in the original as it was possible for me to do. At first we hardly considered publication. Mrs Ayscough lives in Shanghai and I in Boston and the war time mails were anything but expeditious but an enthusiastic publisher kept constantly before us our ultimate if remote goal. Four years have passed and after many unavoidable delays the book is finished. We have not done it all by correspondence. Mrs Ayscough has come back to America several times during its preparation but whether together or apart the plan on which we have worked has always been the same. Very early in our studies we realized that the component parts of the Chinese written character counted for more in the composition of poetry than has generally been recognized. That the poet chose one character rather than another which meant practically the same thing because of the descriptive allusion in the make up of that particular character that the poem was enriched precisely through this undercurrent of meaning in the structure of its characters. But not always and here was the difficulty. Usually the character must be taken merely as the word it had been created to mean. It was a nice distinction when to allow oneself the use of these character undercurrents and when to leave them out of count entirely. But I would not have my readers suppose that I have changed or exaggerated the Chinese text. Such has not been the case. The analysis of characters has been employed very rarely and only when the text seemed to lean on the allusion for an added vividness or zest. In only one case in the book have I permitted myself to use an adjective not inherent in the character with which I was dealing and in that case the connotation was in the word itself being descriptive of an architectural structure for which we have no equivalent except in the Written Pictures where as Mrs Ayscough has stated in her Introduction we allowed ourselves a somewhat freer treatment. It has been necessary of course to acquire some knowledge of the laws of Chinese versification. But equally of course these rules could

only serve to bring me into closer relations with the poems and the technical limits of the various forms It was totally impossible to follow either the rhythms or the rhyme schemes of the originals All that could be done was to let the English words fall into their natural rhythm and not attempt to handicap the exact word by introducing rhyme at all This is the method I followed in my translations of French poems in my book *Six French Poets* I hold that it is more important to reproduce the perfume of a poem than its metrical form and no translation can possibly reproduce both *American Book Publishing Record* ,1984     **Talking Book Topics** ,1986     At the Earl's Command Sally James,2012-02-10 Kate Byford is ordered by her grandfather the Earl of Malvern to come to London where he is dying But his other order that she marry his heir Adam Rhydd she is unwilling to accept After the earl s death Adam sends her to an academy for young ladies to learn how to behave But Kate s ambitious efforts to escape are routinely thwarted by Adam Regency Romance by Sally James writing as Marina Oliver originally published by Robert Hale UK
