Taming The Paper Tiger At Work:

Taming the Paper Tiger at Work Barbara Hemphill, 1998 Most people have an area they'd like to get more organized. At work it could be a desk buried in phone messages, memos, and work in process; overstuffed file cabinets or indecipherable computer files. At home maybe it's a dining room table laden with bills and receipts, a pile of articles waiting to be read, or photographs that need labeling. No matter what the situation, Barbara Hemphill has the practical solution to help control these Paper Tigers. For twenty years, Hemphill, America's leading professional organizer, has shown people how to create sensible, workable paper management systems. In these two books, she presents her F A T system: File, Act, Toss, which helps readers determine what needs keeping. Then she shows how to develop easy access filing systems for those items. And because the paperless office never arrived, Hemphill also thoroughly covers organization for the computer and details how best to use it and paper systems together. Her practical tips turn even the most cluttered spaces into places where To Do lists actually get done.

Taming the Paper Tiger at Work Barbara Hemphill, 2002 At work, people deal with piles of forms, files, folders, and mail, but they have no system in place for the non-stop barrage of paper that lands on everyone's work stations. Or if they do have a system, it is one that does not work very well. This book taps into this problem and offers easy-to-follow guidelines on filing, labeling, recordkeeping, and working clutter-free. This book is for anyone who is looking for a practical guide on how to keep their professional lives and documents organized.
