Landing in Hell Peter Margaritis, 2020-01-10 A detailed history and analysis of the most controversial amphibious operation in the Pacific during WWII the Battle for Peleliu On September 15 1944 the United States invaded the tiny Pacific island of Peleliu located at the southern end of the Palau Islands Boasting a large airfield from which the Americans could mount bomber campaigns Peleliu was a strategically essential part of Gen MacArthur s long awaited liberation of the Philippines With the famed 1st Marine Division making the amphibious assault Pacific High Command was confident that victory would be theirs in just a few days They were drastically wrong A mere week after landing having sustained terrific losses in fierce combat the 1st Marine Regiment was withdrawn The entire division would be out of action for six months after sustaining the highest unit losses in Marine Corps history This book analyzes the many things that went wrong in the Battle for Peleliu and in doing so corrects several earlier accounts of the campaign It includes a comprehensive account of the presidential summit that determined the operation details of how new weapons were deployed a new enemy strategy and command failure in what became the most controversial amphibious operation in the Pacific during WWII **Coward at the Bridge** James Delingpole, 2009-06-01 Trapped in a cupboard with a nubile blonde nymphomaniac crossing the Waal under a hail of fire with the US paratroops of 82ndairborne rattling in a jeep through the Dutch countryside with the men of 1stAirborne Recce Squadron trying to take out a self propelled gun with a ruddy useless PIAT It s all in a day s work for Lt Dick Coward and Sgt Tom Price on their second published adventure After the horrors of D Day they find themselves plunged into even greater chaos and mayhem as they land in the deceptively tranquil countryside around Arnhem Holland as part of

*Trampships Tankers and Polite Conversation* John Lee, 2007 When John Lee joined the Merchant Navy he had no idea of the adventures which were to come his way over the next ten years An innocent sixteen year old from East Yorkshire he was first apprenticed to the toughest of trampship companies before experiencing the potentially explosive delights of life on an oil tanker Finally as a young officer enjoying rather more civilised surroundings he is obliged to learn the art of polite conversation as he mixes with affluent first class passengers and takes charge of a memorable rescue at sea The book is a fascinating insight into life in the Merchant Navy of the 1950s and 60s peppered with a wealth of characters and stories Often hilarious but always truthful and entertaining life on board and in port is described in all its facets the typhoons icy bone chilling North Atlantic gales freak waves and near disasters awful food and the demon drink The stories and anecdotes come thick and fast of gnarled seadogs and eccentric captains knife fights and bandits as well as sex pests and the beguiling females who haunt the dock gates This entertaining book is a window on a way of life now largely gone a tribute to that unique breed of men who put their skills and mettle to the test as they crossed the wild unforgiving oceans of the world
