Tanna Debe Eliyyahu Lore Of The School O:

The Unfolding Mystery of the Divine Name Michael P. Knowles, 2012-08-24 When Moses asked God to show him his glory the Lord passed before him and proclaimed his name And from that name cascaded a promise of grace and love compassion and faithfulness forgiveness and slowness to anger The story is told in Exodus 34 5 7 but the resonant name reverberates through the corridors of Scripture Michael Knowles teases out the rich dimensions and implications of this name by listening carefully to Exodus 34 and its biblical echoes He particularly tunes his ear to the spiritual meditations of later sages In tracing the unfolding mystery of the divine name throughout the span of Israel s story he finds it startlingly resolved in the God of Sinai becoming present in our midst The manifold name of God has long captivated those who trace their spiritual ancestry to Abraham whether they are Jewish Christian or Muslim This book brings this spiritual quest into dialogue with Scripture and tradition and invites us to experience this God of the eternal name **The Bible's Prophets** David J.

David J. Zucker, Moshe Reiss, 2015-08-27 Sarah Hagar Rebekah Leah Rachel Bilhah Zilpah These are the Matriarchs of Genesis A people s self understanding is fashioned on their heroes and heroines Sarah Rebekah Leah and Rachel the traditional four Matriarchs are important and powerful people in the book of Genesis Each woman plays her part in her generation She interacts with and advises her husband seeking to achieve both present and future successes for her family These women act decisively at crucial points through their actions and words their family dynamics change irrevocably Unlike their husbands we know little of their unspoken thoughts or actions What the text in Genesis does share shows that these women are perceptive and judicious often seeing the grand scheme with clarity While their stories are told in Genesis in the post biblical world of the Pseudepigrapha their stories are retold in new ways The rabbis also speak of these women and contemporary scholars and feminists continue to explore the Matriarchs in Genesis and later literature Using extensive quotations we present these women through five lenses the Bible Early Extra Biblical Literature Rabbinic Literature Contemporary Scholarship and Feminist Thought In addition we consider Hagar Abraham s second wife and the mother of

Ishmael as well as Bilhah and Zilpah Jacob's third and fourth wives

Lore of the School of Elijah William Gordon Braude, Israel James Kapstein, 1997 Tanna Debe Eliyyahu is a midrashic work thought to have been composed between the third and the tenth centuries Unlike all the other midrashim it does not consist of a compilation of individual homilies but is a unified work shaped with a character of its own This Midrash is distinguished by its didactic and moral aims The author deals with the divine precepts and the reasons for them and the importance and knowledge of Torah prayer and repentance He is especially concerned with the ethical and religious values that are enshrined in the lives of the patriarchs In the eye of many students and scholars it is unique a masterpiece of Jewish thought

Modeh Ani David Birnbaum, Martin S. Cohen, To reference death as sleep is commonplace Indeed so usual is the use of the terminology of rest repose and slumber to denote the process of dying and indeed death itself that such linguistic turns barely call attention to themselves at all to wish aloud that a deceased individual rest in peace could hardly be more ordinary a prayer even for moderns little given to lyrical expression or to the use of metaphor in daily speech But to approach the equation from the other direction and so to assert that no less than death is sleep sleep is death or at least death dialed down sufficiently to deprive it of its permanence and awful finality is less common a thing to say and it is even less common than that actually to believe Indeed although the Talmud speaking with strange precision asserted long centuries ago that sleep is precisely one sixtieth of death it is hard to find moderns who comfortably or naturally think of awakening from a night's sleep as a kind of daily resurrection 1 Consider for example the undeservedly obscure prayer of Sir Thomas Browne the seventeenth century English polymath who movingly wrote
