Tantric Distinction:

The Tantric Distinction Jeffrey Hopkins, 1984-12-09 The ideas concepts and methods of various religions must be tried on for size must be lifted above museum displays must be confronted and allowed to resonate with one's own character It is in this spirit that I present here a personalized account of central Buddhist practices from the author's preface Widely recognized as one of the West's leading scholars of Tibetan Buddhism Professor Jeffrey Hopkins is renowned for his textual translations and original scholarship For ten years he served as the principal English translator for His Holiness the Dalai Lama The Tantric Distinction is his effort to make accessible the complexities of this highly sophisticated philosophy by sharing his personal individual experience with Buddhist thought and practice It lays out the entire Buddhist path as a living experience

The Tantric Distinction Jeffrey Hopkins, 1984 After publishing over twenty books mostly translations of Buddhist texts Prof Jeffrey Hopkins felt compelled to write a personal account of Buddhism and its practices In The Tantric Distinction the ideas concepts and methods of Buddhism are confronted and allowed to resonate with his own character Hopkins has the ability to clarify complicated ideas and bring them to life He cuts through the theories of Buddhism and brings them vividly into the realm of experience Explaining emptiness guru's meditation the cherishing of others and the Bodhisattva ideal Hopkins shows how the mind is addicted to the lies that the senses tell it and describes the process of cutting through this craziness Buddhists call cyclic existence

The Secret of the Three Cities Douglas Renfrew Brooks, 1990 The esoteric Hindu traditions of Tantrism have profoundly influenced the development of Indian thought and civilization Emerging from elements of yoga and wisdom traditions shamanism alchemy eroticism and folklore Tantrism began to affect brahmanical Hinduism in the ninth century Nevertheless Tantrism and its key historical figures have been ignored by scholars This accessible work introduces the concepts and practices of Hindu Sakta Tantrism to all those interested in Hinduism and the comparative study of religion

Language in the Buddhist Tantra of Japan Richard K. Payne, 2018-08-09 Language in the Buddhist Tantra of Japan dismantles the preconception that Buddhism is a religion of mystical silence arguing that language is in fact central to the Buddhist tradition By examining the use of extraordinary language evocations calling on the power of the Buddha in Japanese Buddhist Tantra Richard K Payne shows that such language was not simply cultural baggage carried by Buddhist practitioners from South to East Asia Rather such language was a key element in the propagation of new forms of belief and practice In contrast to Western approaches to the philosophy of language which are grounded in viewing language as a form of communication this book argues that it is the Indian and East Asian philosophies of language that shed light on the use of language in meditative and ritual practices in Japan It also illuminates why language was conceived as an effective means of progress on the path from delusion to awakening

Echoes of Enlightenment Suzanne M. Bessenger, 2016-06-29 Echoes of Enlightenment explores the issues of gender and sainthood raised by the recently discovered liberation story of the fourteenth century Tibetan female Buddhist

practitioner S nam Peldren Born in 1328 S nam Peldren spent most of her adult life as a nomad in eastern Tibet until her death in 1372 She is believed to have been illiterate lacking religious education and unconnected to established religious institutions For that reason and because as a woman her claims of religious authority would have been constantly questioned S nam Peldren s success in legitimizing her claims of divine identity appear all the more remarkable Today the site of her death is recognized as sacred by local residents Suzanne Bessenger draws on the new found biography of the saint to understand how the written record of the saint s life is shaped both by the hagiographical agendas of its multiple authors and by the dictates of the genres of Tibetan religious literature including biography and poetry She considers S nam Peldren s enduring historical legacy as a fascinating piece of Tibetan history that reveals much about the social and textual machinations of saint production Finally she identifies S nam Peldren as one of the earliest recorded instances of a historical Tibetan woman successfully using the uniquely Tibetan hermeneutic of deity emanation to achieve religious authority

Buddhist Sects and Sectarianism Bibhuti Baruah,2000 This Title Is A Historical Analysis Of Origin And Development Of Buddhist Sects And Sectarianism In The History Of The Succession Of Schools It Is Found That The First Schism In The Sangha Was Followed By A Series Of Schisms Leading To The Formation Of Different Sub Sects And In The Course Of Time Eleven Such Sub Sects Arose Out Of The Theravada While Seven Issued From The Mahasasngnikas All These Branches Of Buddhist Sects Appeared One After Another In Close Succession Which In Three Or Four Hundred Years After The Buddha S Parinirvana Here We Focus On Following Important Aspects Growth And Ramification Of Buddhist Sects And Sectarian Schools Mahayana Buddhism Theravada Buddhism Tantric Buddhism Yogacara Newar Buddhism Bhutanese Buddhist Sects Protestant Buddhism Nichren Buddhism Amida Buddhism Tendai Buddhism Shingon Buddhism Zen Buddhism Millennial Buddhism There Are Different Authorities Such As The Traditions Of The Theravadins Sammitiyas Mahasanghikas And Subsequently The Tibetan And Chinese Translations Which Give Us Accounts Of The Origin Of The Different Sects And Sectarianism **The Treasury of Knowledge: Books Nine and Ten** Jamgon Kongtrul,2010-12-16 Jamg n Kongtrul s ten

volume Treasury of Knowledge is a unique encyclopedic masterpiece embodying the entire range of Buddhist teachings as they were preserved in Tibet Tibetan Buddhist teachers expected their students to study Buddhist philosophical texts as well as practice reflection and meditation present day students have also realized that awakening has its source in study as well as in reflection and practice Journey and Goal focuses on the spiritual path the journey and the resultant state of enlightenment to which it leads the goal Extensively varied perspectives are offered not only from within the many schools of Buddhism but also from the different levels of practice and attainment This is in fact the most comprehensive treatment of these themes to appear in the English language The Hindu World Sushil Mittal,Gene Thursby,2004-08-02 The Hindu World is the most complete authoritative and up to date one volume guide to Hindu faith and culture available today With twenty four dedicated chapters written by the world s leading Hinduism scholars it elucidates the history philosophy and

practice of one of the world's great religious traditions. The perfect reference for all students of Hinduism, it is ideal for both introductory level study and for use as a definitive reference source. Proving invaluable for its wealth of historical material, in addition, *The Hindu World* also offers new insights into all aspects of Hindu life ranging from the devotional texts of the Vedas and Ramayana to current perspectives on dharma and kama, temple architecture, sacred food, ritual, caste, cosmic philosophy, history, and modernization. *The Hindu World* emphasizes Hinduism's classical heritage and daily practice as well as contemporary approaches to Hindu scholarship. Exploring the enormous diversity of Hindu devotion whilst considering Hinduism's academic status as a category for analysis, the book achieves a distinctive creative balance between the beliefs and values of Hindus themselves and scholarly outsider perspectives. **A Genealogy of Devotion** Patton E.

Burchett, 2019-05-28 In this book Patton E. Burchett offers a path-breaking genealogical study of devotional bhakti Hinduism that traces its understudied historical relationships with tantra, yoga, and Sufism. Beginning in India's early medieval Tantric Age and reaching to the present day, Burchett focuses his analysis on the crucial shifts of the early modern period when the rise of bhakti communities in North India transformed the religious landscape in ways that would profoundly affect the shape of modern-day Hinduism. *A Genealogy of Devotion* illuminates the complex historical factors at play in the growth of bhakti in Sultanate and Mughal India through its pivotal interactions with Indic and Persianate traditions of asceticism, monasticism, politics, and literature. Shedding new light on the importance of Persian culture and popular Sufism in the history of devotional Hinduism, Burchett's work explores the cultural encounters that reshaped early modern North Indian communities. Focusing on the Ramanand bhakti community and the tantric Nitya yoga, Burchett describes the emergence of a new and Sufi-inflected devotional sensibility, an ethical, emotional, and aesthetic disposition that was often critical of tantric and yogic religiosity. Early modern North Indian devotional critiques of tantric religiosity, he shows, prefigured colonial-era Orientalist depictions of bhakti as religion and tantra as magic. Providing a broad historical view of bhakti, tantra, and yoga while simultaneously challenging dominant scholarly conceptions of them, *A Genealogy of Devotion* offers a bold new narrative of the history of religion in India. Visions of Unity Yaroslav Komarovski, 2011-12-01

This landmark book discusses the thought of Tibetan Buddhist thinker Shakyas Chokden (1428-1507) on the two major systems of Mahayana Buddhism. Influential and controversial in his own day, Shakyas Chokden's thought fell out of favor over time, and his writings were eventually repressed, becoming available again only in the 1970s. Yet his startling interpretations of the core areas of Buddhist thought remain valuable and well worth consideration today. Yaroslav Komarovski has used the twenty-four volumes of Shakyas Chokden's collected work to provide a systematic presentation of a central aspect of his thought: a reconciliation of Yogacara and Madhyamaka. Providing a detailed analysis of the two systems' mutual refutations of each other, Shakyas Chokden argues for their fundamental compatibility and shared vision. In analyzing Shakyas Chokden's ideas, Komarovski explores some of the most important issues of both traditional and modern Buddhist scholarship, including contested approaches to the nature of

reality the relationship between philosophy and contemplative practice inter and intrasectarian Buddhist polemics and the nature of consciousness and mental processes Methods in Buddhist Studies Scott A. Mitchell, Natalie Fisk

Quli, 2019-06-27 Both a demonstration of and critical self reflection on method this book explores how methodologies shape our understanding of the diversity of Buddhist traditions in the past and the present International contributors from the West and Asia explore case studies and reflect on methods in the study of Buddhism united in their debt to Richard K Payne the influential Buddhist studies scholar Methods in Buddhist Studies features new translations of Buddhist works as well as ethnographic studies on contemporary Buddhism in the United States and China Topics discussed include Buddhist practices in relation to food material culture and imperial rituals the development of modern Buddhist universities the construction of the canon from the perspective of history textual analysis and ritual studies and the ethical obligations of scholars toward the subject of Buddhism itself Chapters are drawn from Payne s students and his colleagues demonstrating the breadth of his intellectual interests Payne s scholarship has left a remarkable impact on the field making this volume essential reading for students and scholars of contemporary Buddhism and Buddhist studies **Llewellyn's Complete Book of Chakras** Cyndi
