Tao Of Maggie The Sound Of One Hound Barking:

The Tao of Maggie Bill Stanton, 2003-10-01 **The Tao of Maggie** Bill Stanton, 2003-10 The fabulously feisty and photogenic basset hound known as Maggie went from having one fan owner photographer Bill Stanton to thousands after the publication of their first book *Maggie's Way: Observations from Below Your Knees*. Maggie returns with more dog's eye view wit and wisdom in *The Tao of Maggie: The Sound of One Hound Barking*. This keepsake book is filled with delightful color and black and white photographs capturing Maggie in action. Each photo is accompanied by sage wisdom from ancient philosophers, accomplished writers, and of course Maggie herself who handily dispenses Eastern influenced advice. Who says basset hounds can't be zen masters. The photos within reveal the many sides of Maggie from the inspiring snatching dog biscuits in mid air to the slightly less than inspiring captured on film with her head in the toilet. With its creative blend of humor, meditative contemplation, and stunning photography, *The Tao of Maggie* makes a great gift and is sure to keep lovers of all dogs smiling.

The Complete Guide to Basset Hounds Cheryl Jerabek, 2020-10-27 Find out the answers to your most pressing questions about Basset Hounds such as: Is a Basset Hound the right breed for my lifestyle? What should I expect from a Basset breeder or rescue group? How do I prepare my home for a curious nose driven pup? Which training methods are most effective for training Basset Hounds? The Basset Hound has an unmistakable profile. They have the long square snout, muscular body, and loose skin of their Bloodhound ancestors, but with short legs and a long sabre shaped tail. The olfactory ability of this breed is second only to the Bloodhound itself, and they are unrelenting once they have caught a scent. Both the short legs and the long upwardly curved tail, which is tipped in white, are designed to make these stout hounds easier for hunters to follow on foot. Although they are enthusiastic hunters in the field, they tend to be calmer and more relaxed at home, sometimes to the point of laziness. Bassets are particularly agreeable animals, both with people and with other dogs, and they make excellent family companions as well as exemplary hunting hounds. They are typically gentle with young children, have a very pleasant disposition, and are comfortable in the role of everyone's best friend and confidant. Basset Hounds aren't right for everyone, however, as they can be stubborn, tend to be highly skilled counter surfers, and frequently howl when left alone for long periods. *The Complete Guide to Basset Hounds* is a treasure trove of information about this distinctive breed of hound dog. Everything you need to help ensure that your friendly Basset Hound pup develops into a well behaved, healthy, and confident canine companion can be found within these pages.
