The Jewish Persona in the European Imagination Leonid Livak, 2010-09-10 This book proposes that the idea of the Jews in European cultures has little to do with actual Jews but rather is derived from the conception of Jews as Christianity's paradigmatic Other eternally reenacting their morally ambiguous New Testament role as the Christ bearing and killing chosen people of God Through new readings of canonical Russian literary texts by Gogol Turgenev Chekhov Babel and others the author argues that these European writers Christian secular and Jewish based their representation of Jews on the Christian exegetical tradition of anti Judaism Indeed Livak disputes the classification of some Jewish writers as belonging to Jewish literature arguing that such an approach obscures these writers debt to European literary traditions and their ambivalence about their Jewishness This work seeks to move the study of Russian literature and Russian Jewish literature in particular down a new path It will stir up controversy around Christian Jewish cultural interaction the representation of otherness in European arts and folklore modern Jewish experience and Russian literature and culture

Tara's Exposé Tom O Connor, 2023-12-08 This work stretches from deep prehistoric times up to the 12th century AD and beyond After a short preamble from the Megalithic to the Bronze Age scanning Tara's Golden Age it deals with Celtic Europe's decline due to Roman and Germanic conquest It follows Celtic tribes fleeing to Britain and Ireland where they set up settlements Ptolemy of Alexandria's 2nd century record debunks early Irish pseudo history and ratifies the archaic Ulidian Tales This work exposes

the monumental hoax projecting Tara of Meath as the capital of Ireland and the seat of the High Kingship The work draws on a compelling compilation of acclaimed authors and specialist studies that list the aforesaid as a medieval forgery Prehistoric Tara had a much older status an archaic Golden Age This work tracks extensive research and archaeological analysis into British oppida from which Celtic Belgic tribes migrated and set up similar oppida in Ireland A concentration on the early history of these neglected areas was at the core of the early Irish historical records

suffering Can love triumph over fear Will they ever know the truth Each must now enter the battle over what they believe and what they choose to endure on their own They have access to a source of guidance not accessible to all and their quest is to fulfill personal destinies In the end what is your quest **Tara's Triumph #5** Cindy Jeffries,2007-10-04 Tara is following her dream of becoming a bass guitar rock star But when roommates Pop and Lolly tell her about an African school for orphans Tara decides that helping others is more important than becoming famous A charity CD seems like a great way to raise money since Tara is surrounded by talented friends and teachers at Rockley Park school But before long she realizes that the CD is much more work and trouble than she bargained for Tara needs a lot of help and a little ingenuity to pull it all together Will she succeed Or will all her hard work be wasted **My Vancouver Dance History** Peter

Dickinson,2020-08-20 In the past decade Vancouver dance has received tremendous acclaim nationally and internationally as witnessed by the success of choreographer Crystal Pite and a rejuvenated Ballet BC But this is only part of a vibrant and diverse story of contemporary movement practices in the city In *My Vancouver Dance History* Peter Dickinson crafts an embodied narrative that focuses on his critical and creative collaborations with nine Vancouver based dance artists and companies Mixing interview excerpts with fieldwork descriptions of studio research and performance analysis Dickinson draws on ten years of close observation to delve into the individual histories of select members of this community while also relating the cumulative story of Vancouver dance production and performance as it has unfolded in the past decade The voices of other invested participants interpolate this rich history and chapters are interspersed with a series of movement intervals that reflect key moments in Dickinson's history as a spectator scholar and collaborator In innovative ways Dickinson suggests that when we pay attention to the larger social topography of dance practice the sites that give rise to it the labour that goes into it and the professional friendships it engenders we can properly understand dance's contributions to civic life

Addressing Parental Accommodation When Treating Anxiety In Children Eli R.
