Raymond Hickey

Tarheel Talk:

Tarheel Talk Norman E. Eliason, 1980 **Tarheel Talk** Norman Ellsworth Eliason, 1956 Tarheel Talk Norman E. Eliason, 1956 *From Ulster to America* Michael Montgomery, 2006 From Ulster to America documents nearly four hundred terms and meanings each with quotations from both sides of the Atlantic contributed to American English by these eighteenth century settlers from Ulster Drawing on letters they sent back to their homeland and on other archival documents associated with their settlement it shows that Ulster emigrants and their children contributed as much to regional American English as any other group The numerous quotations bring alive the speech of earlier days on both sides of the Atlantic and extend understanding of the culture mannerisms and life of those pioneering times The Tarheel Banker, 1923 You All Spoken Here Roy Wilder, 1998-09-01 A marvelously funny piece of Southern humor and a language lover's delight this book preserves and explains the South's linguistic heritage with some 3 000 specimens of the region's most picturesque metaphorical and gloriously inventive speech **The Confederados** Cyrus B. Dawsey, James M. Dawsey, 1995 Of all the colonies founded by former Confederates in Latin America the most important was established by William Norris at Americana in southeastern Brazil For 125 years the people in Americana have held on to their language and customs while prospering within and contributing to the larger Brazilian economy and society The original settlers came from Alabama Texas Louisiana Georgia and South Carolina and some of them returned home for visits from time to time Much has been written about these people but there has been relatively little scholarly inquiry into the historical context and the events of the migration itself the cultural impact that these confederados exerted on their host country and the ways in which the original settlers and their descendants fit into the larger Brazilian society Most immigrant nationalities arriving in Brazil were quickly absorbed by the surrounding culture Although the Confederates numbered but a few thousand and appeared earlier than most of the groups from other nations they maintained distinctive traits and many of their descendants still speak English as a first language The editors provide an excellent scholarly examination of the confederados that is unique in its approach This volume focuses on the Norris settlement near present day Americana and makes clear the ways in which the Americans influenced Brazilian culture beginning in the 1860s and continuing to the present Tarheel Talk, 1956 Word Myths David Wilton, 2008-11-06 David Wilton debunks the most persistently wrong word histories and gives to the best of our actual knowledge the real stories behind these perennially mis-etymologized words In addition he explains why these wrong stories are created disseminated and persist even after being corrected time and time again What makes us cling to these stories when the truth behind these words and phrases is available for the most part at any library or on the Internet **Keeping in Touch** Raymond Hickey, 2019-11-28 The current volume presents a number of chapters which look at informal vernacular letters written mostly by emigrants to the former colonies of Britain who settled at these locations in the past few centuries with a focus on letters from the nineteenth century Such documents often show features for varieties

of English which do not necessarily appear in later sources or which are not attested with the same range or in the same set of grammatical contexts This has to do with the vernacular nature of the letters i e they were written by speakers who had a lower level of education and whose speech and hence their written form of language does not appear to have been guided by considerations of standardness and conformity to external norms of language Furthermore the writers of the emigrant letters examined in the current volume were very unlikely to have known of still less have used manuals of letter writing Emigrant letters thus provide a valuable source of data in tracing the possible development of features in varieties of English in the USA Canada South Africa Australia and New Zealand

Cultivating Success in the South Louis A. Ferleger, John D. Metz, 2014-07-28 This book explores changes in rural households of the Georgia Piedmont through the material culture of farmers as they transitioned from self sufficiency to market dependence The period between 1880 and 1910 was a time of dynamic change when Southern farmers struggled to reinvent their lives and livelihoods Relying on primary documents including probate inventories tax lists state and federal census data and estate sale results this study seeks to understand the variables that prompted farm households to assume greater risk in hopes of success as well as those factors that stood in the way of progress While there are few projects of this type for the late nineteenth century and fewer still for the New South the findings challenge the notion of farmers as overly conservative consumers and call into question traditional views of conspicuous consumption as a key indicator of wealth and status

Substrata Versus Universals in Creole Genesis Pieter Muysken, Norval Smith, 1986-01-01 Two of the most prominent hypotheses about why the structures of the Creole languages of the Atlantic and the Pacific differ are the universalist and the substrate hypotheses The universalist hypothesis claims essentially that the particular grammatical properties of Creole languages directly reflect universal aspects of the human language capacity and thus Creole genesis involves then the stripping away of the accretions of language history The substrate hypothesis claims on the other hand that creole genesis results from the confrontation of two systems the native languages of the colonized groups and the dominant colonial language and that the native language leaves strong traces in the resulting Creole The contributions of this ground breaking collection present new and historical research on the old debate of substrata versus universals in Creole languages

Standard English in the United States and England

Aleksandr Davidovich Shveitser, 1978 No detailed description available for Standard English in the United States and England

Dictionary of Southern Appalachian English Michael B. Montgomery, Jennifer K. N. Heinmiller, 2021-06-22 The Dictionary of Southern Appalachian English is a revised and expanded edition of the Weatherford Award winning Dictionary of Smoky Mountain English published in 2005 and known in Appalachian studies circles as the most comprehensive reference work dedicated to Appalachian vernacular and linguistic practice Editors Michael B Montgomery and Jennifer K N Heinmiller document the variety of English used in parts of eight states ranging from West Virginia to Georgia an expansion of the first edition s geography which was limited primarily to North Carolina and Tennessee and

include over 10 000 entries drawn from over 2 200 sources The entries include approximately 35 000 citations to provide the reader with historical context meaning and usage Around 1 600 of those examples are from letters written by Civil War soldiers and their family members and another 4 000 are taken from regional oral history recordings Decades in the making the Dictionary of Southern Appalachian English surpasses the original by thousands of entries There is no work of this magnitude available that so completely illustrates the rich language of the Smoky Mountains and Southern Appalachia

Linthead Stomp Patrick Huber, 2008 An exploration of the origins and development of American country music in the Piedmont s mill villages celebrates the colorful cast of musicians and considers the impact that urban living industrial music and mass culture had on their lives and music

Africanisms in Afro-American Language Varieties Salikoko S. Mufwene, Nancy Condon, 1993 For review see Daniel J Crowley in New West Indian Guide Nieuwe West Indische Gids vol 70 no 1 p 188 190

The Oxford Handbook of African American Language Sonja Lanehart, 2015-05-04 The goal of The Oxford Handbook of African American Language is to provide readers with a wide range of analyses of both traditional and contemporary work on language use in African American communities in a broad collective The Handbook offers a survey of language and its uses in African American communities from a wide range of contexts organized into seven sections Origins and Historical Perspectives Lects and Variation Structure and Description Child Language Acquisition and Development Education Language in Society and Language and Identity It is a handbook of research on African American Language AAL and as such provides a variety of scholarly perspectives that may not align with each other as is indicative of most scholarly research The chapters in this book interact with one another as contributors frequently refer the reader to further elaboration on and references to related issues and connect their own research to related topics in other chapters within their own sections and the handbook more generally to create dialogue about AAL thus affirming the need for collaborative thinking about the issues in AAL research Though the Handbook does not and cannot include every area of research it is meant to provide suggestions for future work on lesser studied areas e g variation heterogeneity in regional social and ethnic communities by highlighting a need for collaborative perspectives and innovative thinking while reasserting the need for better research and communication in areas thought to be resolved

The ^ACity in Slang Irving Lewis Allen, 1995-02-23 The American urban scene and in particular New York s has given us a rich cultural legacy of slang words and phrases a bonanza of popular speech Hot dog rush hour butter and egg man gold digger shyster buttinsky smart aleck sidewalk superintendent yellow journalism breadline straphanger tar beach the Tenderloin the Great White Way to do a Brodie these are just a few of the hundreds of popular words and phrases that were born or took on new meaning in the streets of New York In The City in Slang Irving Lewis Allen traces this flowering of popular expressions that accompanied the emergence of the New York metropolis from the early nineteenth century down to the present This unique account of the cultural and social history of America s greatest city provides in effect a lexicon of popular speech about city life With many stories Allen

shows how this vocabulary arose from city streets often interplaying with vaudeville radio movies comics and the popular songs of Tin Pan Alley Following the trail of these words and phrases into the city's East Side West Side and all around the town The City in Slang is a fascinating look at the rich cultural heritage of language about city life

Sounds of English Worldwide Raymond Hickey, 2023-03-28 An in depth exploration of the sound systems of varieties of English around the world written by a renowned authority in the field In Sounds of English Worldwide Raymond Hickey delivers a rigorous overview of the sound systems of varieties of English throughout the world Beginning with an overview of the history and contexts of global varieties of English this book guides readers through the spread of English during the colonial era leading up to the present day The second section of the book broadly considers developments in the English speaking world accounting for the factors that triggered regional changes and resulted in diverse scenarios for English including language contact and shift new dialect formation and the use of English in non anglophone contexts To assist students in learning how to approach the study of varieties of English this valuable text addresses research questions of general interest to linguists and explores a variety of fieldwork methods commonly used by researchers in the area This useful book offers A thorough introduction to English today including its geographical and social distribution focusing on variation and change around the world Practical discussions of key changes in late modern English that determined the unique phonetic profile of different varieties of the language In depth examination of present day scenarios and how they might pan out in the future development of English considering the many factors which may shape global forms of the language Includes useful summaries of varieties of English with a glossary and timeline providing a quick reference of the key features of English around the world for students Considers research issues and methods to aid students in applying the material of the book to their own studies Perfect for graduate students advanced undergraduate students and researchers studying varieties of Englishes Sounds of English Worldwide will earn a place in the libraries of linguists and students studying Englishes worldwide from a sociolinguistic perspective as well as language contact bilingualism the rise of new varieties along with English phonetics and phonology more generally

The Oxford Dictionary of American Political Slang Grant Barrett, 2006-04-21 Here is a wonderful Baedeker to down and dirty politics more than six hundred slang terms straight from the smoke filled rooms of American political speech Hatchet Jobs and Hardball The Oxford Dictionary of American Political Slang illuminates a rich and colorful segment of our language Readers will find informative entries on slang terms such as Beltway bandit and boondoggle angry white male and leg treasurer juice bill and Joe Citizen banana superpower and the Big Fix We find not only the meaning and history of familiar terms such as gerrymander but also of lesser known terms such as cracking splitting a bloc of like minded voters by redistricting and fair fight district which refers to areas redistricted to favor no political party Each entry includes the definition of the word its historical background and illuminating citations some going back more than 200 years We learn for instance that a term as seemingly current as political football actually dates

back to before the Civil War Selected entries will have extended encyclopedic notes The book also features sidebar essays on topics such as political words in Blogistan a short history of big cheese all about chads and the 2000 election the suffix gate and all the related Watergate terms and the naming of legislation Political junkies policy wonks journalists and word lovers will find this book addictive reading as well as a reliable guide to one of the more colorful corners of American English
