Tariff Question Confronting Industrialism In The Gilded Age:

Tariff Question in the Gilded Age Joanne Reitano,2010-11-01 Protective tariffs were part of American life long before the era of NAFTA and GATT In the late nineteenth century the tariff question was one of the most controversial issues of the day As Joanne Reitano shows in this far reaching study the ensuing debate was anything but an empty exercise in political rhetoric occupying only politicians and lobbyists The tariff was of central concern to a broad cross section of people because of its perceived relationship to immediate economic problems such as wages prices and trusts In fact it became a means for many Americans to wrestle with the implications of the country s rapid growth and the impact of industrial capitalism on American life Reitano focuses on the election year of 1888 when the tariff was adopted as a cause célèbre by President Grover Cleveland Congress the two major parties and the press At the heart of the debate was the Mills Bill for tariff reduction Although the bill failed to pass Reitano finds in the rancorous public debate a barometer of changes in the American mind in the Gilded Age She carefully blends intellectual political economic and social issues through analyses of the Congressional Record press coverage of the debate academic and polemical literature political cartoons and the presidential campaign Ultimately Reitano contends that ideas about political economy have always been central to the American mind They were so in the Gilded Age as they are today **Boss Rule in the Gilded Age** James A.
