Manseau,2025-05-01 A groundbreaking new look at the story of America At the heart of the nation s spiritual history are audacious and often violent scenes But the Puritans and the shining city on the hill give us just one way to understand the United States Rather than recite American history from a Christian vantage point Peter Manseau proves that what really happened is worth a close fresh look Thomas Jefferson himself collected books on all religions and required that the brand new Library of Congress take his books since Americans needed to consider the twenty gods or no god he famously noted were revered by his neighbors Looking at the Americans who believed in these gods Manseau fills in America s story of itself from the persecuted witches at Salem and who they really were to the persecuted Buddhists in WWII California from spirituality and cults in the 60s to the recent presidential election where both candidates were for the first time non traditional Christians One Nation Under Gods shows how much more there is to the history we tell ourselves right back to
