The Philosophy of the Commentators, 200-600 AD: Psychology (with ethics and religion) Richard Sorabji, 2005 This is the first work to draw on the four hundred years of transition from ancient Greek philosophy to the medieval philosophy of Islam and the West During this period philosophy was often written in the form of commentaries on the works of Plato and Aristotle Many ideas wrongly credited to the Middle Ages derive from these centuries such as that of impetus in dynamics and intentional objects in philosophy of mind The later Neoplatonist commentators fought a losing battle with Christianity but inadvertently made Aristotle acceptable to Christians by ascribing to him belief in a Creator God and

human immortality The commentators provide a panorama of up to a thousand years of Greek philosophy much of which would otherwise be lost They also serve as the missing link essential for understanding the subsequent history of Western philosophy Volume 1 deals with psychology which for the Neoplatonist commentators was the gateway to metaphysics and theology It was the subject on which Plato and Aristotle disagreed most and on which the commentators went furthest beyond them in their search for synthesis Ethics and religious practice fall naturally under psychology and are included in this volume All sources appear in English translation and are carefully linked and cross referenced by editorial comment and explanation Bibliographies are provided throughout *The Horticulturist and Journal of Rural Art and Rural Taste* ,1853

Moral Theory and Medical Practice K. W. M. Fulford,1989 In this unique study Fulford combines the disciplines of rigorous philosophy with an intimate knowledge of psychopathology to overturn traditional hegemonies The patient replaces the doctor at the heart of medicine Moral theory and the logic of evaluation replace epistemology as the focus of philosophical enquiry Ever controversial mental illness is at the interface of philosophy and medicine Mad or bad Dissident or diseased Dr Fulford shows that it is possible to achieve new insights into these traditional dilemmas insights at once practically relevant and philosophically significant

Educated Tastes Jeremy Strong,2011-11-01 The old adage you are what you eat has never seemed more true than in this era when ethics politics and the environment figure so prominently in what we ingest and in what we think about it Then there are connoisseurs whose approaches to food address good taste and frequently require a language that encompasses cultural and social dimensions as well From the highs and lows of connoisseurship to the frustrations and rewards of a mother encouraging her child to eat the essays in this volume explore the complex and infinitely varied ways in which food matters to all of us Educated Tastes is a collection of new essays that examine how taste is learned developed and represented It spans such diverse topics as teaching wine tasting food in Don Quixote Soviet cookbooks cruel foods and the lambic beers of the Belgian Payottenland A set of key themes connect these topics the relationships between taste and place how our knowledge of food shapes taste experiences how gustatory discrimination functions as a marker of social difference and the place of ethical environmental and political concerns in debates around the importance and meaning of taste With essays that address variously the connections between food drink and music the place of food in the development of Italian nationhood and the role of morality in aesthetic judgment Educated Tastes offers a fresh look at food in history society and culture
