M. Ramsay, 2015-07-05 Excerpt from The First Christian Century Notes on Dr Moffatt s Introduction to the Literature of the New Testament As a German classical scholar remarked I think in Hermes some years ago the methods of Biblical criticism are coming to be a jest among philologists This book is a protest in the name of history and of literature against the revival of a method in criticism which I had supposed to be antiquated and discredited To the ordinary Classical scholar it seems almost a crime to place at wrong dates and attribute to anonymous and fictitious authors writings of the highest value as historical authorities and as works of literature It is a duty to raise one s voice against such a theory About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are
