Thomas Tapper,1915 **Vesper and Compline Music for Three Principal Voices** Jeffrey Kurtzman,2013-12-16 First Published in 1998 A New Series Fills a Void in 17th Century Italian Music Drawing on the riches of a largely unknown repertoire this innovative series makes available in modern score a large selection of Italian sacred music scored from printed part books that has never before been published in modern editions Conveniently organized and presented in modern score Each genre is organized for easy accessibility Mass settings are presented in chronological order Vesper and compline music is arranged according to the number of voices chronologically within each volume beginning with works for one and two voices and progressing to compositions for multiple choirs *The Strad* ,1901 Musical times and singing-class circular ,1892 **The Musical Times** ,1908 *Blake Set to Music* Donald Fitch,2023-11-15 *Blake Set to Music* A Bibliography of Musical Settings of the Poems and Prose of William Blake by Donald Fitch offers an extensive and meticulously compiled reference work detailing the musical interpretations of William Blake s poetry What began as a casual search in 1976 to fulfill a request for Blake settings for male chorus soon turned into a comprehensive project revealing a surprising gap in musical bibliography While Shakespeare and other poets had well documented musical settings Blake s work had no such resource until now Fitch s research uncovers a fascinating trend the use of Blake s poetry in musical compositions is largely a 20th century phenomenon though it has roots in the late 19th century From Blake himself reportedly singing his poems to original tunes to early settings by musicians like Mary Carmichael in 1876 Fitch traces how Blake s works captured the imagination of composers The bibliography spans amateur and professional musicians encompassing settings for solo voice choirs chamber ensembles and orchestras The book highlights over 250 musical settings of Blake s *The Lamb* making it the most popular choice among composers while other well loved poems like *The Tyger* and *Spring* also appear frequently Interestingly it also explores Blake s influence beyond the English speaking world particularly in post World War II compositions by Scandinavian Russian and European composers Fitch s bibliography not only provides a rich resource for scholars musicians and Blake enthusiasts but also charts a cultural shift As musical tastes evolved so too did the appreciation for Blake s poetic depth with his works being embraced by an ever widening range of composers across the globe This bibliography stands as an essential guide to the diverse and evolving

relationship between Blake's visionary poetry and the world of music.
