The First Taint Of Civilization:

The First Taint of Civilization Francis X. Hezel, 2021-05-25 Hezel writes clearly and with erudition and commands an impressive body of information His book is a tour de force Not only will it be read eagerly by Pacific scholars but it should find a wide audience among well educated Micronesians hungry for greater understanding of how their islands have become ensnared in world geopolitics Ethnohistory

The Federated States of Micronesia's Engagement with the Outside World Gonzaga Puas, 2021-09-28 This study addresses the neglected history of the people of the Federated States of Micronesia s FSM engagement with the outside world Situated in the northwest Pacific FSM s strategic location has led to four colonial rulers Histories of FSM to date have been largely written by sympathetic outsiders Indigenous perspectives of FSM history have been largely absent from the main corpus of historical literature A new generation of Micronesian scholars are starting to write their own history from Micronesian perspectives and using Micronesian forms of history This book argues that Micronesians have been dealing successfully with the outside world throughout the colonial era in ways colonial authorities were often unaware of This argument is sustained by examination of oral histories secondary sources interviews field research and the personal experience of a person raised in the Mortlock Islands of Chuuk State It reconstructs how Micronesian internal processes for social stability and mutual support endured rather than succumbing to the different waves of colonisation This study argues that colonisation did not destroy Micronesian cultures and identities but that Micronesians recontextualised the changing conditions to suit their own circumstances Their success rested on the indigenous doctrines of adaptation assimilation and accommodation deeply rooted in the kinship doctrine of eaea fengen sharing and alilis fengen assisting each other These values pervade the Constitution of the FSM which formally defines the modern identity of its indigenous peoples reasserting and perpetuating Micronesian values and future continuity

Gathering Souls: Jesuit Missions and Missionaries in Oceania (1668-1945) Alexandre Coello de la Rosa, 2019-01-14 This essay deals with the missionary work of the Society of Jesus in today s Micronesia from the seventeenth to the twentieth century Although the Jesuit missionaries wanted to reach Japan and other Pacific islands such as the Palau and Caroline archipelagos the crown encouraged them to stay in the Marianas until 1769 when the Society of Jesus was expelled from the Philippines to evangelize the native Chamorros as well as to reinforce the Spanish presence on the fringes of the Pacific empire In 1859 a group of Jesuit missionaries returned to the Philippines but they never officially set foot on the Marianas during the nineteenth century It was not until the twentieth century that they went back to Micronesia taking charge of the mission on the Northern Marianas along with the Caroline and Marshall Islands thus returning to one of the cradles of Jesuit martyrdom in Oceania

Kwajalein Atoll, the Marshall Islands and American Policy in the Pacific Ruth Douglas Currie, 2016-10-27 For centuries the Marshall Islands have been drawn into international politics primarily because of their central location in Oceania After World War II they came into the American sphere as part of the

Trust Territory of the Pacific Islands At the outset of the Cold War the Marshalls were a site for nuclear tests and later for the U S Army s ballistic missile testing as part of President Reagan s Strategic Defense Initiative This book focuses on the islanders tenacious negotiations for independence and control of their land accomplished as the Republic of the Marshall Islands in a Compact of Free Association with the U S The creation of American policy in the Pacific was a struggle between the U S departments of the Interior and State and the military s goals for strategic national defense as illustrated by the case of the Army s base at Kwajalein Atoll

Texts and Contexts Doug Munro, Brij V. Lal, 2005-11-30 *Texts and Contexts* is concerned with the development of Pacific Islands history as a specialization in its own right Specifically this volume examines the foundational texts that pioneered and consolidated the new subdiscipline and served as the building blocks and stepping stone for further developments in the field Thirty five texts all of which represent defining points in the development of Pacific Islands historiography are examined Much more than retrospective appraisals of the foundational texts the individual chapters consider a text or complimentary texts within the context of the time of writing and gauge what ongoing influence they exerted In some cases they suggest how a particular text has been superseded by subsequent work that breaks new conceptual ground in the ongoing process of revisionism Contributors Chris Ballard on Gavin Souter Ivan Brady on Greg Denning I C Campbell on Norma McArthur Bronwen Douglas and Doug Munro on H E Maude and Dorothy Shineberg Michael Goldsmith on Marshall Sahlins David Hanlon on Francis X Hezel K R Howe on Andrew Sharp and David Lewis Brij V Lal on K L Gillion and Peter Corris Hugh Laracy on Niel Gunson and Ta unga Lamont Lindstrom on Peter Worsley and Peter Lawrence Doug Munro on Douglas L Oliver R P Gilson J W Davidson and K R Howe Vincent O Malley on Keith Sinclair and Alan Ward Jon Osorio on Ralph Kuykendall and Gavan Daws Tom Ryan on Bernard Smith Jane Samson on W P Morrell and Deryck Scarr Francis West on Francis West and Gavan Daws Glyndwr Williams on O H K Spate

The Pacific Islands Brij V. Lal, Kate Fortune, 2000-01-01 An encyclopaedia of information on major aspects of Pacific life including the physical environment peoples history politics economy society and culture The CD ROM contains hyperlinks between section titles and sections a library of all the maps in the encyclopaedia and a photo library

Strangers in Their Own Land Francis X. Hezel, 2003-09-30 Hezel has written an authoritative and engaging narrative of a succession of colonial regimes drawing upon a broad range of published and archival sources as well as his own considerable knowledge of the region This is a conventional history and a very good one focused mostly on political and economic developments Hezel demonstrates a fine understanding of the complicated relations between administrators missionaries traders chiefs and commoners in a wide range of social and historical settings Pacific Affairs The tale of *Strangers in Their Own Land* is one of interplay between four sequential colonial regimes Spain Germany Japan and the United States and the diverse island cultures they governed It is also a tale of relationships among islands whose inhabitants did not always see eye to eye and among individuals who fought private and public battles in those islands Hezel conveys both the unity of purpose exerted by a colonial government and the

subversion of that purpose by administrators teachers islands and visitors The history is thoroughly supported by archival materials first person testimonies and secondary sources Hezel acknowledges the power of the visual when he ends his book by describing the distinctive flags that now replace Spanish German Japanese and American symbols of rule the scene epitomizes a theme of the book global political and economic forces whether colonial or post colonial cannot erode the distinctiveness each island claims American Historical Review [American Pacificism](#) Paul Lyons,2006-09-27 This powerful critique of American Islander relations draws upon extensive resources including literary works and government documents to explore the ways in which conceptions of Oceania have been entwined in the American imagination **Forces of Habit** David T. COURTWRIGHT,2009-06-30 A global history of the acquisition of progressively more potent means of altering ordinary waking consciousness this book is the first to provide the big picture of the discovery interchange and exploitation of the planet s psychoactive resources from tea and kola to opiates and amphetamines
