The Flight From God:

The Flight from God Max Picard,1934 The Flight from God Max Picard,2002-01-01 A discussion of the effects of the pervasive modern abandonment of God on human nature and human culture **The Flight From Humanity** R. J. Rushdoony,2014-02-18 The greatest threats to Christianity are those that are most unknown to the average Christian The most difficult threats to discern are those that are blended into our very worldview the ones that we think are true The Scripture warns If therefore the light that is in thee be darkness how great is that darkness Mt 6 23 i e the worst kind of darkness is the darkness we think is light One of the most neglected but pervasive threats to the Christian world and life view is that of neoplatonism This leftover of ancient Greek philosophy is grounded upon a dual aspect to reality It views that which is form or spirit such as mind as good and that which is physical flesh as evil Neoplatonism is a dialectical philosophy that tries to reconcile two basically hostile concepts and retain both within its system Neoplatonism presents man's dilemma as a metaphysical one whereas Scripture presents it as a moral problem Basing Christianity on this false neoplatonic idea will always shift the faith away from the Biblical perspective Modern ideas of spirituality have developed into a form of over against the Biblical model where the Spirit of God is active in the world and in the person to work out the will of God Too many Christians believe they can escape sin if they can escape the material world But Scripture says all of man fell into sin not just his flesh Flight From Humanity is a revealing look into the nature and effect of neoplatonism on contemporary Christian thought and it offers sound Biblical solutions for the believer who desires to fully serve God The Flight from God ... The Flight from Reality in the Human Sciences Ian Shapiro, 2005 In this captivating yet troubling book Ian Shapiro offers a searing indictment of many influential practices in the social sciences and humanities today Perhaps best known for his critique of rational choice theory Shapiro expands his purview here In discipline after discipline he argues scholars have fallen prey to inward looking myopia that results from and perpetuates a flight from reality In the method driven academic culture we inhabit argues Shapiro researchers too often make display and refinement of their techniques the principal scholarly activity The result is that they lose sight of the objects of their study Pet theories and methodological blinders lead unwelcome facts to be ignored sometimes not even perceived The targets of Shapiro's critique include the law and economics movement overzealous formal and statistical modeling various reductive theories of human behavior misguided conceptual analysis in political theory and the Cambridge school of intellectual history As an alternative to all of these Shapiro makes a compelling case for problem driven social research rooted in a realist philosophy of science and an antireductionist view of

social explanation In the lucid if biting prose for which Shapiro is renowned he explains why this requires greater critical attention to how problems are specified than is usually undertaken He illustrates what is at stake for the study of power democracy law and ideology as well as in normative debates over rights justice freedom virtue and community Shapiro answers many critics of his views along the way securing his position as one of the distinctive social and political theorists of our time

The God Hater ,2012-01-16 **The Peace of God** Jim Rannells,2020-01-10 I try to get to the heart of Peace after I first define what it is and what it can add to our lives Our worries our fears even our anxieties in this very complex world we live in all threaten that Peace which can be summed as a total trust in God The Peace of God can be looked at as a preparedness in the sense that we are warned of these last days we are in that wars and rumors of wars can cause us to be troubled in Matt 24 6 Fears regrets and worry can all equate to these troubling conditions that Christ warns us about We must give God in Christ the priority in our lives and not think of Him only on Sundays And most certainly we must spend time each day in prayer and reading His Word if we are to call ourselves a Believer

Why Did God Seat Me Next to the Toilet? Frank J. Nice,2021-09-09 Our God is a God who is in total control of all that happens to the whole world and to each of us individually God can allow or prevent bad things from happening Of course most of us desire that God would prevent bad things from happening When we are seated next to the toilet on an airplane we pretty much assume that God could care less whether we are seated next to the toilet or are seated in first class Yet God controls every single action that occurs in the world or He would not be God When we are seated next to the toilet of life we discover as Job did that God allowed this to happen for all things to work together for good for those who love Him and are called according to His purpose God s plan for us who trust in Him are to prosper us and not to harm us but to give us hope and a future The purpose of this book is to show that no matter how bad the evil and sin that confront us God is in total control and His words of promise to us will be fulfilled On this earth you may lose all that you have family friends wealth health possessions dignity and told to curse God and die as Job was Through God s grace and mercy you can endure as Job endured Do not think that Job endured only because God knew him as a blessed man who lives righteously You and I are most certainly not of the character of Job but God has seated us next to the same toilet of life where Job was seated Because God is always nearby during our trials He told Job that we will discover God s specific plan for us when He does seat us next
