The Five Minute Healer

Josie Robinson

The Five Minute Healer:

The 5 Minute Healer Mary Capone, Janet Rupp, 2002 The 5 Minute Healer is targeted to the millions of Americans looking for positive ways to navigate today's accelerated world. The authors have mined ten time-tested healing traditions to provide simple but effective techniques for those in search of quick solutions. Unlike other self-help books, this book covers a range of healing disciplines: sound therapy, yoga, color therapy, aromatherapy, breath meditation, angels, chakras, prayer, and positive thinking and the subconscious mind. Each chapter offers a brief introduction to its subject followed by simple to follow step-by-step instructions that make these age-old healing formulas available to everyone. The 5 Minute Healer could not be more timely. Americans everywhere are constantly on the go. Anxiety, insomnia, chronic fatigue, autoimmune disease, depression, and other stress-related diseases have become as familiar as the common cold. Tranquilizers along with anti-anxiety and anti-depressant medications account for more than forty percent of the written prescriptions in the U.S. each year. There is a better way. Backed by years of research and practical application, the authors show that with just a few moments taken each day, these time-proven healing techniques can have an enormous impact on our quality of life. With its humor and disarming informal style, The 5 Minute Healer will appeal to a wide group of readers from bankers to bakers and from teachers to technicians. This highly accessible and pragmatic book is a must-read for a nation in a hurry. **The**

Five-Minute Miracle Tara Springett, 2009-12-01 The basics of The Five Minute Miracle came to Tara Springett, a psychotherapist in meditation, one day. The system is a pleasurable self-help method that is designed to overcome all sorts of psychological problems as well as easing chronic pain and tiredness. The method only takes five minutes each day and is so simple that it can be used by anyone anywhere, even by children. A synthesis of Tibetan Buddhist principles and humanistic psychology, the core of the practice is to make contact with our Higher Consciousness in whatever form we perceive it and receive a healing symbol to overcome our problems. This symbol will be visualized or sensed in our heart, radiating loving light to ourselves and to everyone who is involved in the problem. It's a system that can be used over and over again for a new problem; ask for a new symbol. This system, which the author calls Higher Consciousness Healing, has brought extremely impressive and reliable results within days or a few weeks of beginning the practice to hundreds of individuals and families. Now everyone can learn and practice these principles through this extraordinary and miraculous book. **The Five Minute**
