*Rescuing Canada's Right* Tasha Kheiriddin, Adam Daifallah, 2009-12-14 A provocative and timely call to action for civic minded Canadians yearning for a more competitive political system and better government Canadians everywhere are asking what's wrong with the Conservative Party The

Liberal Party of Canada has held power for 70 of the past 100 years a feat unrivaled by any other political party in the Western hemisphere This dominance has caused a great deal of frustration on all political fronts especially on the right In the past two years the long awaited merger of the Canadian Alliance and the Progressive Conservatives has not achieved the results many were expecting Despite the explosive revelations of the sponsorship scandal and attempts to improve his party's image Stephen Harper's Conservatives still trail in the polls In *Rescuing Canada's Right* the authors examine the problems facing the Conservative Party and the broader conservative movement and offer concrete solutions on how to fix them Some of the issues the book will address Why the Conservative Party and its predecessor parties have such a poor electoral record Why today's Conservative Party is not really conservative Why a new political vision is necessary to inspire Canadians and what it should be How the Liberals use public money to entrench an unhealthy reliance on the state and how the right has failed to challenge it What Canadian conservatives can learn from the American and British experiences How to build a Canadian Conservative counter culture in the media academia and the law How the right can break through to the young and to immigrants in Quebec An action plan to end Canada's democratic deficit and level the political playing field *Rescuing Canada's Right* will be a hard hitting and groundbreaking work that will introduce new ideas and a passionate call for change for 21st century Canada

### **Through a Lens Darkly**

David M. Haskell,2009 Do journalists report more favourably on people that they like than on those they don t Canada s evangelicals think so For years they ve accused the country s news personnel of being prejudiced against them both personally and in their coverage However up to now the evangelicals charge of media bias has never been empirically examined This book puts that charge to the test An in depth survey of national news personnel accompanied by an extensive multi year examination of news coverage reveals how Canada s journalists feel about evangelicals how they report on evangelicals and how and when their feelings influence their reporting In the end this book concludes when the beliefs and actions of Canadian evangelicals directly clash with the heart felt convictions of Canadian national journalists the journalists are willing to abandon their professional objectivity and slant their stories against their ideological opponents In addition this book uses the media s treatment of evangelicals as a backdrop for the discussion of larger issues How the media construct the news how and why the media cover religion as they do whether journalistic objectivity exists at all and the affect media messages have on audiences is explored Also advice on how religious groups can overcome media bias is offered As the first book to apply the tools of quantitative research to the

topic of religion and the news in Canada this book is groundbreaking However written with the lay reader in mind the theoretical underpinnings of the work and methodologies used are presented in accessible easy to understand terms This book will be of interest to all member of the evangelical community clergy and faith leaders and scholars of religion or mass communication This is response rather than reaction Intelligent balanced incisive and instructive At last such a book about such a subject from someone who understands evangelical Christianity as well as media Essential reading for everyone interested in both Michael Coren Author columnist and broadcaster David M Haskell Ph D is associate professor of journalism and contemporary studies at the Brantford campus of Wilfrid Laurier University Canada 2022-2023 P. T. Babie, Charles J. Russo, James Kent Donlevy, 2022-09-29 The World Today Series Canada is an annually updated presentation of Canada It provides the reader an in depth look at the country s culture geography people economy politics and future The combination of factual accuracy and up to date detail along with its informed projections make this an outstanding resource for researchers practitioners in international development media professionals government officials potential investors and students Fight the Right Warren Kinsella, 2012-10-02 Everywhere you look these days Conservatives are winning elections No matter where you look the story is the same white angry men on the Right are winning power The Left meanwhile is divided and dispirited and rapidly losing ground Fight the Right is a handbook on how to survive the nasty brutish and short sighted era in which we find ourselves and is designed to help progressives better understand their conservative adversary and ultimately defeat conservatives wherever the battle is taking shape It s a manual on how conservatives have appropriated language and values and how progressives can take both back Written in a fun accessible style Fight the Right will appeal to those about to launch an advocacy effort as well as those who are simply curious about how and if the Right thinks It is chock full of war stories and not so tall tales about winning progressive campaigns from everyone from Jean Chretien to Bobby Kennedy Jr and it will argue forcefully that a United Right can t be defeated until a United Left emerges Wherever conservative power brokers are hurting average citizens and hard working families Fight the Right will provide a tested road map on how to beat the bullies **Just Married** Kevin Bourassa, Joe Varnell, 2002 Kevin Bourassa and Joe Varnell made international news headlines and human rights history in January 2001 when they became one of the first gay couples anywhere in the world to be issued a government marriage certificate The marriage would not become fully legal however until the Ontario provincial government registered the marriage and it refused to do so Bourassa Varnell and their church have brought a lawsuit asking for legal registration but the case is still in the courts Just Married is an account by Bourassa and Varnell of how their church the Metropolitan Community Church of Toronto decided to test the Canadian marriage laws and how they and a lesbian couple agreed to be the ones to make the attempt Under the Ontario Marriage Act any adult couple can be granted a marriage license if a church following ancient tradition reads the marriage banns on the three Sundays prior to the wedding Joe and Kevin had long wished to be legally married in their church They

expected controversy but little expected the massive scale of the international coverage that occurred as reporting on their intentions and their wedding of them shot across the Internet and their photographs appeared in newspapers not only across North America but also in Europe Asia and South America Despite the legal and political wrangling the opposition and support they received the disputes among religious denominations and organizations and the glare of the media lights this remains a story of two people who chose to make a life together and sought the support of both church and state for their marriage They believe they have taken part in an incredible event one that will change the world not just for Canadians but for citizens families and communities everywhere Copublished with Doubleday Canada The Wisconsin edition is for sale only in the United States
