in Vietnam from the end of World War II clarifying the political aims military strategy and social and economic factors that contributed to the participants actions Revised and updated to include an examination of Vietnam through the point of view of the soldiers themselves and brings the story up to the present day through a look at how the war has been memorialized A final chapter examines Vietnam through the lens of Oliver Stone s films and opens up a discussion of the War in popular culture Written with brevity and clarity this concise narrative history of the Vietnam conflict is an ideal student text A chronology glossary and a bibliography all serve as helpful reference points for students An important contribution not only to the study of the Vietnam War but to an understanding of the larger workings of American foreign policy **Oliver Stone** Michael Carlson,2002 One of the most controversial yet most honoured filmmakers of our time director of some of the most widely debated classics of modern film including Platoon Born on the Fourth of July The Doors JFK Natural Born Killers and more Oliver Stone has raised eyebrows both in his career and in his personal life Now this little book reviews and analyses each of his movies going behind the scenes to examine the arguments his movies have raised and adding some thought provoking insights on the world of modern s cinema s most infamous son **Appleton's Cyclopædia of American Biography** James Grant Wilson,1900 [Charlie Sheen: A Biography](#) Tom Tonthat,2012-07-30 ABOUT THE BOOK It was a cool April 30th night in 2011 I was sitting in the audience of the San Francisco Masonic Auditorium waiting for the guest speaker to make his appearance My peers thought he was a crazy man ranting nonsensically for hours He was a troll feeding off the attention we give him whether we agree or disagree with his postings on Twitter or with the bizarre statements he makes in interviews His earlier speaking engagements were not well received so I was rather shocked that I found myself shelling 60 on what I expected to be a mediocre show I could have just bought a Winning Duh T shirt online instead and saved myself some money while living through this phase of celebrity American pop culture Finally the man took the stage His name was Charlie Sheen and he was recently fired from his lovely acting job in Two and a Half Men He looked haggard and seemed to be fueled on coffee and vodka If it weren t for his pre existing celebrity status I would have mistaken him for a casual guest lecturer from my university But Charlie Sheen knew how to win over his audience from the start He wore a San Francisco Giants jersey in San Francisco while speaking to a San Francisco audience He announced that proceeds from merchandise sales would help the beaten Giants fan Bryan Stow The gesture alone was enough to let the man speak his mind with a limited amount of heckling As it turned out there really wasn t much in his mind that hasn t already been said online or in interviews He talked about his love of baseball and how he would like to do a third Major League movie and would want to include Giants pitcher Brian Wilson I knew that while Charlie did want to continue his baseball comedy franchise the inclusion of Brian Wilson was purely to appeal to the audience Had he been in Chicago he would have said he would include the Cub s pitcher He ranted about how horrible it was to work with Chuck Lorre on Two and a Half Men and how getting fired has liberated him His one liners of winning and Adonis DNA and tiger s blood worked better as one liners Spewing them

from the hip gave them less of a comedic sting But his amicable and over the top personality was enough to win me and the audience over I could have spent the money and the night on something more meaningful But that time listening to Charlie Sheen proved what a consummate showman he is as he takes cheers and jeers from the public Charlie Sheen has been devoted to acting since he was a child That shouldn't be a surprise considering that all of his siblings are actors and his father is a legendary actor Charlie Sheen is a talented actor who won audiences over playing dramatic roles that explored human emotions and psychology Then he got audiences to laugh at his comedic hijinks Being able to make a person cry and laugh takes a truly talented actor Charlie Sheen was focused on his acting so much that he dropped out of high school because of the time he spent on it With nothing to lose he pursued his dream of becoming an actor and succeeded How many people could honestly say that they were able to achieve their dream and let nothing get in the way of it At the same time Charlie Sheen has always been a troubled man Since he was a teenager he has had a thing for drugs alcohol women and breaking the law He's frequently been arrested sent to rehab and divorced Yet he keeps coming back for more And each time he comes back for more he comes back to his vices in bigger ways While it looks like a voyage of self destruction people can't help but envy the man for being able to do the things he wants to do no matter how bad it is for him enjoy it stay alive long enough to tell the story about and find a way to keep on doing it

Other Hollywood Renaissance Dominic Lennard, 2020-09-09 In the late 1960s the collapse of the classic Hollywood studio system led in part and for less than a decade to a production trend heavily influenced by the international art cinema Reflecting a new self consciousness in the US about the national film patrimony this period is known as the Hollywood Renaissance However critical study of the period is generally associated with its so called principal auteurs slighting a number of established and emerging directors who were responsible for many of the era's most innovative and artistically successful releases With contributions from leading film scholars this book provides a revisionist account of this creative resurgence by discussing and memorializing twenty four directors of note who have not yet been given a proper place in the larger history of the period Including filmmakers such as Hal Ashby John Frankenheimer Mike Nichols and Joan Micklin Silver this more expansive approach to the auteurism of the late 1960s and 1970s seems not only appropriate but pressing a necessary element of the re evaluation of Hollywood with which cinema studies has been preoccupied under the challenges posed by the emergence and flourishing of new media
