Bouson, 2016-08-19 This book brings together the research findings of contemporary feminist age studies scholars shame theorists and feminist gerontologists in order to unfurl the affective dynamics of gendered ageism In her analysis of what she calls embodied shame J Brooks Bouson describes older women's shame about the visible signs of aging and the health and appearance of their bodies as they undergo the normal processes of bodily aging Examining both fictional and nonfiction works by contemporary North American and British women authors this book offers a sustained analysis of the various ways that ageism devalues and damages the identities of otherwise psychologically healthy women in our graying culture Shame theory as Bouson shows astutely explains why gendered ageism is so deeply entrenched in our culture and why even aging feminists may succumb to this distressing but sometimes hidden cultural affliction **Bastard Out of Carolina** Dorothy

Allison,2005-09-06 A profound portrait of family dynamics in the rural South and an essential novel The New Yorker As close to flawless as any reader could ask for The living language Allison has created is as exact and innovative as the language of To Kill a Mockingbird and The Catcher in the Rye The New York Times Book Review One of The Atlantic s Great American Novels of the Past 100 Years The publication of Dorothy Allison s Bastard Out of Carolina was a landmark event that won the author a National Book Award nomination and launched her into the literary spotlight Critics have likened Allison to Harper Lee naming her the first writer of her generation to dramatize the lives and language of poor whites in the South Since its appearance the novel has inspired an award winning film and has been banned from libraries and classrooms championed by fans and defended by critics Greenville County South Carolina is a wild lush place that is home to the Boatwright family a tight knit clan of rough hewn hard drinking men who shoot up each other s trucks and indomitable women who get married young and age too quickly At the heart of this story is Ruth Anne Boatwright known simply as Bone a bastard child who observes the world around her with a mercilessly keen perspective When her stepfather Daddy Glen cold as death mean as a snake becomes increasingly more vicious toward her Bone finds herself caught in a family triangle that tests the loyalty of her mother Anney and leads to a final harrowing encounter from which there can be no turning back Susan Sontag's

Tangential Classics ,2025-02-08 Susan Sontag 1933 2004 once declared My idea of a writer someone interested in everything Being interested in everything had come naturally to me This statement was made thirty years after the publication of Against Interpretation in 1966 towards the end of a prolific career as an essayist diarist novelist filmmaker and activist The Greco Roman classics play an intriguing part in this narrative of insatiable thirst for knowledge Susan Sontag s Tangential Classics sets out to focus on this juncture in her work Instead of offering an account of antiquity in Sontag or of Sontag on antiquity the collected chapters are specifically concerned with her as a case of a thinker in whom the classical tradition does not come into exclusive focus but emerges tangentially in often disparate and exiguous traces connections and references within a polymathic awareness This volume examines Sontag s work and life to probe new strategies of plotting antiquity when its presence in modernity is alluring yet barely there and when the connective thread of influence seems to exist at breaking point Susan Sontag s Tangential Classics directs our attention to a twentieth century thinker who invites a markedly different perception of antiquity and its influence in her thought at once captivating and light provocative and uncertain
