Surrealism Insanity And Poetry:

Surrealism, Insanity, and Poetry J. H. Matthews, 1982 In this groundbreaking original study J H Matthews clearly the chief scholarly explicator of surrealism today according to Contemporary Literature shows the surrealists goals and the imaginative freedom of mind are fused and diffused in the poet s creative world Hallucination game playing experimental research and the irrational which nurtures new ways of poetical expression are all interwoven Out of their eagerness to share benefits they ascribed to mental disturbance surrealists developed an approach to poetic technique which capitalized on the free association of the unconscious mind without undermining the sanity of the poets themselves Matthews discusses early surrealist interest in psychosis hysteria and insanity This interest underlies such major works as Andre Breton s *Nadja* and Breton s and Paul Eluard s *The Immaculate Conception* It is in the latter text that the issue of insanity and its relationship to poetic activity is most clearly revealed as essential to the surrealist enterprise Also included here are chapters on insanity s poetic simulation and possession Matthews work is important to anyone interested in poetry the unconscious and the history of twentieth century ideas as well as to scholars of surrealism Karol Baron a Czech surrealist artist has provided six original drawings especially for this book Dust jacket *One Hundred Years of Surrealist Poetry* Willard Bohn, 2022-11-03 Given that the Surrealists were initially met with widespread incomprehension mercilessly ridiculed and treated as madmen it is remarkable that more than one hundred years on we still feel the vitality and continued popularity of the movement today As Willard Bohn demonstrates Surrealism was not just a French phenomenon but one that eventually encompassed much of the world Concentrating on the movement s theory and practice this extraordinarily broad ranging book documents the spread of Surrealism throughout the western hemisphere and examines key texts critical responses and significant writers The latter include three extraordinarily talented individuals who were eventually awarded the Nobel Prize in Literature Andre Breton Pablo Neruda and Octavio Paz Like their Surrealist colleagues they strove to free human beings from their unconscious chains so that they could realize their true potential *One Hundred Years of Surrealist Poetry* explores not only the birth but also the ongoing life of a major literary movement **Historical Dictionary of Surrealism** Keith Aspley, 2010-10-16 Surrealism was a broad movement which attracted many adherents It was organized and quite strictly disciplined at least until the death of its leader Andr Breton in 1966 As a consequence its membership was in a constant state of flux persons were constantly being admitted and excluded and often the latter continued to regard themselves as Surrealists The wide ranging nature of the Surrealist movement was spread over many countries and many different art forms including painting sculpture cinema photography music theater and literature most notably poetry The *Historical Dictionary of Surrealism* relates the history of this movement through a chronology an introductory essay a bibliography and over 600 cross referenced dictionary entries on persons circles and groups who participated in the movement a global entry on some of the journals and reviews they produced and a sampling of major works of art cinema and literature **The Canadian**

Modernists Meet Dean Jay Irvine, Dean Irvine, 2005 The Canadian Modernists Meet is a collection of new critical essays on major and rediscovered Canadian writers of the early to mid twentieth century F R Scott's well known poem The Canadian Authors Meet sets the theme for the volume a revisiting of English Canada's formative movements in modernist poetry fiction and drama As did Scott's poem Dean Irvine's collection raises questions about modernism and antimodernism nationalism and antinationalism gender and class originality and influence that remain central to contemporary research on early to mid twentieth century English Canadian literature The Canadian Modernists Meet is the first collection of its kind a gathering of texts by literary critics textual editors biographers literary historians and art historians whose collective research contributes to the study of modernism in Canada The collection stages a major reassessment of the origins and development of modernist literature in Canada its relationship to international modernist literature its regional variations its gender and class

inflections and its connections to visual art architecture and film It presents a range of scholarly perspectives drawing upon the multidisciplinary that characterizes the international field of modernist studies Published in English **Lacan and the Destiny of Literature** Ehsan Azari, 2011-10-27 In contemporary academic literary studies Lacan is often considered impenetrably obscure due to the unavailability of his late works insufficient articulation of his methodologies and sometimes stereotypical use of Lacanian concepts in literary theory This study aims to integrate Lacan into contemporary literary study by engaging with a broad range of Lacanian theoretical concepts often for the first time in English and using them to analyse a range of key texts from different periods Azari explores Lacan's theory of desire as well as his final theories of *littoral* and the *sinthome* and interrogates a range of poststructuralist interpretive approaches In the second part of the book he outlines the variety of ways in which Lacanian theory can be applied to literary texts and offers detailed readings of texts by Shakespeare Donne Joyce and Ashbery This ground breaking study provides original insights into a number of the most influential intellectual discussions in relation to Lacan and will fill a recognised gap in understanding Lacan and his legacy for literary study and criticism

The Beribboned Bomb Robert James Belton, 1995 Surrealism was ostensibly directed at the emancipation of the human spirit but it represented only male aspirations and fantasies until a number of women artists began to redefine its agenda in the later 1930s This book addresses the former using a thick description of the historically specific circumstances which required the male Surrealists to manufacture a sexual reputation of narcissism and misogyny These circumstances were determined by hegemonic masculinity an ideological construct which had little to do with individual masculinities In male Surrealism the beribboned bomb signified something both attractive and volatile a specific instance of the Surrealist principle of convulsive beauty In hegemonic masculinity similar devices served as metaphors of the sexuality all men were supposed to possess The intersection of these two axes produced an imagery of unrepentant violence

Dada Surrealism, 1988 **Modernism, Technology, and the Body** Tim Armstrong, 1998-02-28 This book is a study of the relations between the body and its technologies in modernism Tim Armstrong traces the links between modernist literary

texts and medical psychological and social theory across a range of writers including Yeats Henry James Eliot Stein and Pound Armstrong shows how modernist texts enact experimental procedures which have their origins in nineteenth century psychophysics biology and bodily reform techniques but within a context in which the body is reconceived and subjected to new modes of production representation and commodification Drawing on a wide range of disciplines Armstrong challenges the received oppositions between technology and literature the instrumental and the aesthetic by demonstrating the leaky boundaries and complex interconnections between these domains This book offers a cultural history of modernism as it negotiated the enduring fact of the human body in a period of rapid technological change A Dictionary of the Avant-Gardes ,2013-05-13 A Dictionary of the Avant Gardes recognizes that change is a driving force in all the arts It covers major trends in music dance theater film visual art sculpture and performance art as well as architecture science and culture

André Breton J. H. Matthews,1986-01-01 Breton s stature is much greater than that of a number of contemporaries who have received already far more attention from the critics than he It provides justification without excuse especially when the commentator s purpose is to shed light on the intricacies of Breton s mind the significance of his original work or the impact of his ideas on twentieth century culture Hence the aim pursued in the present study may be stated without further preamble To attempt to broaden understanding of the evolution of Andr Breton s thinking during a critical period in his life the one which brought him to leadership of the surrealist movement in France Evidently the focus here is narrow the goal being to give clearer definition to the intellectual state of a young man emerging from doubt and so from self doubt into renewed confidence in his poetic calling *Archetypal Images in Surrealist Prose* Hanna Kalter Weiss,1988 *Inspiration: Bacchus and the Cultural History of a Creation Myth* John F. Moffitt,2005-05-01 The purpose of this book is to reveal the antique pedigree of a now commonplace term Inspiration an essential creation myth now propelling notions of self expression in modern art making Knowledge of the ancient sources of such supposedly modernist fixations will make a significant contribution to historical cultural thinking particularly by showing in detail the facts of an unrecognized evolutionary continuity In order to personify Inspiration this study initially focuses upon Michelangelo s Bacchus of 1496 so revealing now forgotten meanings once typically to be attached in a generic way to any Bacchus Then it demonstrates how these Dionysiac concepts arose in ancient Greece Later developments particularly from the Middle Ages through the Renaissance are traced here for the first time Due to further modifications by Friedrich Nietzsche Dionysiac expressionism eventually became a staple of modern art theory and practice **Psychoanalysis,Psychiatry and Modernist Literature** K.

Valentine,2003-01-22 Two developments during the modernist period the consolidation of psychiatry as a medical speciality and the emergence of psychoanalysis affected the representation of madness in literature They also influenced the ways psychic distress was experienced narrated and understood Literature and criticism in turn affected the formation of the modern psychological self Presenting detailed readings of both canonical and non canonical modernists like Virginia Woolf

and Emily Holmes Coleman this book argues that modernist madness can be understood as experience clinical discourse and cultural representation *Whiteness, Feminism and the Absurd in Contemporary British and US Poetry* Jenna
 Clake, 2025-02-28 In an era of political and social turmoil on both sides of the Atlantic where issues of gender race and class are linked with concerns of how to survive in a capitalist society a new aesthetic of Absurdist poetry has emerged This aesthetic has a troubled relationship to race pervaded by issues of representation in avant garde poetry and notions of who poetry writers and readers are Focusing on British and US poets including Rachael Allen Emily Berry Crispin Best Caroline Bird Franny Choi Jennifer L Knox Morgan Parker and Jane Yeh Jenna Clake investigates how poets use the Absurd to destabilise ideas about race gender and class and imagine social change Bringing together Whiteness studies socio political theory and close readings of poems Clake examines how the Absurd has developed how its poets understand privilege and offer prospects of hope and change and how the Absurd might move away from nihilism **Insane Passions** Christine
 Coffman, 2006-12-12 In France in 1933 two sisters presumed to be lovers murdered the women who employed them as maids Known as the Papin affair the incident inspired not only Jean Genet's 1947 *The Maids* but also an essay by Jacques Lacan that presents the sisters crime as fueled by a narcissistic homosexual drive that culminated in the assault In this new investigation of the roots of the twentieth century myth of the lesbian as madwoman Christine Coffman argues that the female psychotic was the privileged object of Lacan's effort to derive a revolutionary theory of subjectivity from the study of mental illness Examining Lacan's early writings French surrealism Djuna Barnes *Nightwood* and H D's homoerotic fiction in light of feminist and queer theory *Insane Passions* argues that the psychotic woman that fascinates modernist writers returns with a murderous vengeance in a number of late twentieth century films including *Basic Instinct* *Sister My Sister* *Single White Female* and *Murderous Maids* Marking the limit of social acceptability the psychotic lesbian repeatedly appears as the screen onto which the violence and madness of twentieth century life are projected [The Dalhousie Review](#) Herbert Leslie
 Stewart, 1983 **National Library of Medicine Current Catalog** National Library of Medicine (U.S.), 1983 **Medicine and the Arts**, 1986 **Henry Miller and Surrealist Metaphor** Gay Louise Balliet, 1996 This book explores the origins and characteristics of French 20th Century surrealist aesthetics both in literary and fine art As an aficionado of surrealism Henry Miller employs metaphor to reflect alchemical experimentation His surreal imagery depicts the entropy of our time Miller offers salvation through immersion in the elemental primal and sexual *The Surrealist Picasso* Pablo Picasso, Anne
 Baldassari, Fondation Beyeler, 2005 One of the most significant artists of the surrealist movement Pablo Picasso's oeuvre developed dramatically between the 1920s and 30s This book looks at his creative output during this period examining his various mediums such as painting sculpture and works on paper
