Balancing Sovereignty and Development in International Affairs Moses K. Tesi,2017-08-15 Balancing Sovereignty
and Development in International Affairs is about Cameroon a minor power in world affairs and her foreign policy and
international relations especially as she deals with major powers in this case France It emphasizes Cameroon s economic and
political relations with France her relations with Francophone Africa Anglophone Nigeria during the Nigerian Civil War of
1967 1970 the hot button issues of African liberation and the development challenges that she faced The study probes the
nature scope depth dynamics and drivers of Cameroon s foreign policy to understand its logic and to uncover the
consequences to the country s development and sovereignty It also investigates and sheds light on some conventional views

about Cameroon's relations with France the view that Cameroon is a French puppet The above questions are investigated within the theoretical framework of dominant dependent compliant behavior in world politics Put differently as a minor partner in her relations with France was Cameroon being unduly exploited to France's benefits or not If not what were Cameroon's benefits in the relationship And if so what were the benefits to France The case study method supplemented by rich statistical time series analysis source tracing and interviews were used to uncover patterns and common themes in Cameroon's foreign policy behavior and to systematically document her economic dependence on France and assess if such dependence also generated political consequences for Cameroon in its behavior towards France Part One of the book discusses the historical origin of the modern Cameroonian state the domestic context of its foreign policy post independence politics and challenges associated with nation building national independence domestic security and economic development that underlay the country's world view and guided her international behavior This part also analyzes Cameroon's economic relations with France focusing on trade investments and aid revealing that France dominated the Cameroonian economy in all three sectors explaining what accounted for such dominance and what Cameroon tried to do to alleviate the situation Part two focuses on case studies of critical foreign policy challenges that Cameroon faced and how she reacted to French interests and pressure
