Richards, 1995-06-01 *States of Exception in the Contemporary Novel* Arne De Boever, 2012-03-08 In the aftermath of the September 11 terror attacks, the political situation in both the United States and abroad has often been described as a state of exception, an emergency situation in which the normal rule of law is suspended. In such a situation, the need for good decisions is felt ever more strongly. This book investigates the aesthetics, ethics, and politics of various decisions represented in novels published around 9/11: Martel's *Life of Pi*, Eugenides' *Middlesex*, Coetzee's *Disgrace*, and Sebald's *Austerlitz*. De Boever's readings of the novels revolve around what he calls the aesthetic decision: Which aesthetics do the characters and narrators in the novels adopt in a situation of crisis? How do these aesthetic decisions relate to the ethical and political decisions represented in the novels? What can they reveal about real-life ethical and political decisions? This book uncovers the politics of allegory, autobiography, focalization, and montage in today's planetary state of exception. *The Prepper's Complete Book of Disaster Readiness* Jim Cobb, 2013-09-17 Make sure your survival plan is complete from A to Z with this comprehensive disaster prep guide. When preparing to face a disaster scenario, details can mean the difference between life and death. If you overlook one vital area, fail to stock one supply, or underestimate one potential danger, your whole plan could come crashing down. *The Prepper's Complete Book of Disaster Readiness* guarantees you won't miss a thing as you prepare to face the most critical challenges. This bible of prepping shows each and every life-saving step necessary to keep your family alive and well when the world around you is in chaos, including how to efficiently store water and acquire additional fresh water after a collapse, build a shelf-stable food stock, and supplement it by harvesting edible wild plants. Strengthen the security of your home as well as have a back-up bug-out plan. Treat illness and stay healthy when there are no doctors or hospitals.
