Survival In The Doldrums

Stephanie Gilmore

Survival In The Doldrums:

Survival in the Doldrums Leila J. Rupp, 1990 *Survival in the Doldrums* Leila J. Rupp, Verta A. Taylor, **Rethinking Cold War Culture** Peter J. Kuznick, James Gilbert, 2013-04-09 This anthology of essays questions many widespread assumptions about the culture of postwar America. Illuminating the origins and development of the many threads that constituted American culture during the Cold War, the contributors challenge the existence of a monolithic culture during the 1950s and thereafter. They demonstrate instead that there was more to American society than conformity, political conservatism, consumerism, and middle class values. By examining popular culture, politics, economics, gender relations, and civil rights, the contributors contend that while there was little fundamentally new about American culture in the Cold War era, the Cold War shaped and distorted virtually every aspect of American life. Interacting with long term historical trends related to demographics, technological change, and economic cycles, four new elements dramatically influenced American politics and culture: the threat of nuclear annihilation, the use of surrogate and covert warfare, the intensification of anticommunist ideology, and the rise of a powerful military industrial complex. This provocative dialogue by leading historians promises to reshape readers' understanding of America during the Cold War, revealing a complex interplay of historical norms and political influences.

Feminism as Life's Work Mary K. Trigg, 2014-06-23 With suffrage secured in 1920, feminists faced the challenge of how to keep their momentum going. As the center of the movement shrank, a small self-appointed vanguard of modern women carried the cause forward in life and work. *Feminism as Life's Work* profiles four of these women: the author Inez Haynes Irwin, the historian Mary Ritter Beard, the activist Doris Stevens, and Lorine Pruette, a psychologist. Their life stories, told here in full for the first time, embody the changes of the first four decades of the twentieth century and complicate what we know of the period. Through these women's intertwined stories, Mary Trigg traces the changing nature of the women's movement across turbulent decades: rent by world war, revolution, global depression, and the rise of fascism. Criticizing the standard division of feminist activism as a series of historical waves, Trigg exposes how Irwin, Beard, Stevens, and Pruette helped push the U.S. feminist movement to victory and continued to propel it forward from the 1920s to the 1960s, decades not included in the wave model. At a time widely viewed as the doldrums of feminism, the women in this book were in fact taking the cause to new sites: the National Women's Party, sexuality, and relations with men, marriage, and work, and financial independence. In their utopian efforts to reshape work, sexual relations, and marriage, modern feminists ran headlong into the harsh realities of male power, the sexual double standard, the demands of motherhood, and gendered social structures. In *Feminism as Life's Work*, Irwin, Beard, Stevens, and Pruette emerge as the heirs of the suffrage movement, guardians of a long feminist tradition, and catalysts of the belief in equality and difference. Theirs is a story of courage, application, and perseverance, a story that revisits the bleak and lonely years of the U.S. women's movement and emerges with a fresh perspective of the history of this pivotal era.

In the Beginning Michael Lienesch, 2007 *In the Beginning*

Fundamentalism the Scopes Trial and the Making of the Antievolution Movement Groundswell Stephanie Gilmore, 2012-11-12 Groundswell Grassroots Feminist Activism in Postwar America offers an essential perspective on the post 1960 movement for women's equality and liberation Tracing the histories of feminist activism through the National Organization of Women NOW chapters in three different locations Memphis Tennessee Columbus Ohio and San Francisco California Gilmore explores how feminist identity strategies and goals were shaped by geographic location Departing from the usual conversation about the national icons and events of second wave feminism this book concentrates on local histories and asks the questions that must be answered on the micro level Who joined Who did not What did they do Why did they do it Together with its analysis of feminist political history these individual case studies from the Midwest South and West coast shed light on the national women's movement in which they played a part In its coverage of women's activism outside the traditional East Coast centers of New York and Boston Groundswell provides a more diverse history of feminism showing how social and political change was made from the ground up Feminist Generations Nancy Whittier, 2010-06-30 Conflict and cooperation between generations of radical feminists **Sisterhood Questioned?** Christine Bolt, 2004 This work assesses the nature and impact of divisions in the twentieth century American and British women's movements In this lucidly written study Christine Bolt sheds new light on these differences which flourished in an era of political reaction economic insecurity polarizing nationalism and resurgent anti feminism The author reveals how the conflicts were seized upon and publicised by contemporaries and how the activists themselves were forced to confront the increasingly complex tensions In particular the American and British Women's movements grew further apart as British women became more conscious of American money expectation of influence and opposition to the existence of Britain's empire Drawing on a wide range of sources the author demonstrates that women in the twentieth century continued to co operate despite these divisions and that feminist movements remained active right up to and beyond the second wave of feminism in the 1960s **Capitol Women** Nancy Baker Jones, Ruthe Winegarten, 2010-07-22 Along with bar rooms and bordellos there has hardly been a more male focused institution in Texas history than the Texas Legislature Yet the eighty six women who have served there have made a mark on the institution through the legislation they have passed much of which addresses their concerns as citizens who have been inadequately represented by male lawmakers This first complete record of the women of the Texas Legislature places such well known figures as Kay Bailey Hutchison Sissy Farenthold Barbara Jordan Irma Rangel Eddie Bernice Johnson Susan Combs and Judith Zaffirini in the context of their times and among the women and men with whom they served Drawing on years of primary research and interviews Nancy Baker Jones and Ruthe Winegarten offer concise biographies and profiles of all eighty six women who have served or currently hold office in the Texas Legislature The biographies describe the women lawmakers lives campaign strategies and legislative successes and defeats Four introductory essays provide historical and cultural context for the biographies which are arranged chronologically to give a sense of the passage of time of relationships

among and between women and of the issues of their eras **Activist Faith** Carol Ann Drogus, Hannah Stewart-Gambino, 2009-03-02 An extensive and powerful literature on religion society and politics in Latin America in recent years has begun with the assumption that most of the movements that surged in the struggle against military rule are dead that most of the activists are scattered and burned out and that the promise of civil society as a source of new values and a new kind of citizenship and political life was illusory Many have assumed that the religiously inspired activism of that period left little lasting impact but hardly anyone has actually looked at the activists themselves to see what remains how they cope in a different more open environment and how they see and act on the present and future Activist Faith addresses these issues with a wealth of empirical detail from two key cases and with a richly interdisciplinary argument that draws on theorizing about social movements The authors strive to understand what sustains activism and movements in radically different circumstances from those in which they arose Their analysis is enriched by systematic attention to the impact of gender and gender related issues on activism and movements In the process they shed much needed light on the fate of the activists and social movements that rose to prominence throughout Latin America during the 1980s This beautifully written book is a major achievement that gives us analytical tools for studying how movements and activists survive in the doldrums and when a cycle of protest peaks and societies move on Daniel H Levine University of Michigan **The Women's Movement in Protest, Institutions and the Internet** Sarah Maddison, Marian Sawer, 2013-08-15 The death of feminism is regularly proclaimed in the West Yet at the same time feminism has never had such an extensive presence whether in international norms and institutions or online in blogs and social networking campaigns This book argues that the women s movement is not over but rather social movement theory has led us to look in the wrong places This book offers both methodological and theoretical innovations in the study of social movements and analyses how the trajectories of protest activity and institution building fit together The rich empirical study together with focused research on discursive activism blogging popular culture and advocacy networks provides an extraordinary resource showing how the women s movements can survive the highs and lows and adapt in unexpected ways Expert contributors explore the ways in which the movement is continuing to work its way through institutions and persists within submerged networks cultural production and in everyday living sustaining itself in non receptive political environments and maintaining a discursive feminist space for generations to come Set in a transnational perspective this book trace the legacies of the Australian women s movement to the present day in protest non government organisations government organisations popular culture the Internet and the Slut Walk The Women s Movement in Protest Institutions and the Internet will be of interest to international students and scholars of gender politics gender studies social movement studies and comparative politics **God's Daughters** R. Marie Griffith, 2000-11-24 Vivid lucid and well written I came away with a better understanding of how the specific realities of being submissive wives are negotiated constructed challenged and transformed Lynn Davidman author of Tradition in a Rootless

World Griffith's deft portrayal is a unique and important contribution to the study of Pentecostal spirituality and a compelling model for the retelling of women's religious experience in twentieth century American culture Margaret Bendroth author of *Fundamentalism and Gender 1875 to Present* *On Account of Sex* Cynthia Harrison, 1989-06-08 *On Account of Sex* is required reading for historians political scientists legislators and citizens who wish to influence the shaping of feminist public policy Linda Kerber author of *Women of the Republic* Cynthia Harrison has written a splendid book a fine combination of balanced historical narrative penetrating social analysis and provocative nose under the tent flap political conclusions It must be added to the list of indispensable works on women's politics and issues James MacGregor Burns Williams College

American Indian Ethnic Renewal Joane Nagel, 1997 A Note on Terminology Introduction American Indian Ethnic Renewal PART I Ethnic Renewal 1 Constructing Ethnic Identity 2 Constructing Culture 3 Deconstructing Ethnicity PART II Red Power and the Resurgence of Indian Identity 4 American Indian Population Growth Changing Patterns of Indian Ethnic Identification 5 The Politics of American Indian Ethnicity Solving the Puzzle of Indian Ethnic Resurgence 6 Red Power Reforging Identity and Culture PART III Legacies of Red Power Renewal and Reform 7 Renewing Culture and Community 8 Reconstructing Federal Indian Policy From **Breaking the Wave: Women, Their Organizations, and Feminism, 1945-1985** Kathleen A. Laughlin, Jacqueline Castledine, 2012-12-06 *Breaking the Wave* is the first anthology of original essays by both younger and established scholars that takes a long view of feminist activism by systematically examining the dynamics of movement persistence during moments of reaction and backlash Ranging from the civic feminism of white middle class organizers and the womanism of Harlem consumers in the immediate postwar period to the utopian feminism of Massachusetts lesbian softball league founders and environmentally minded feminists in the 1970s and 1980s *Breaking the Wave* documents a continuity of activism in both national and local organizing that creates a new discussion and a new paradigm for twentieth century women's history Contributors Jacqueline L. Castledine Susan K. Freeman Julie A. Gallagher Marcia Gallo Sally J. Kenney Rebecca M. Kluchin Kathleen A. Laughlin Lanethea Mathews Catherine E. Rymph Julia Sandy Bailey Jennifer A. Stevens Janet Weaver and Leandra Zarnow Equal under the Sky Linda M. Grasso, 2017-10-01 *Equal under the Sky* is the first historical study of Georgia O'Keeffe's complex involvement with and influence on US feminism from the 1910s to the 1970s Utilizing understudied sources such as fan letters archives of women's organizations transcripts of women's radio shows and programs from women's colleges Linda M. Grasso shows how and why feminism and O'Keeffe are inextricably connected in popular culture and scholarship The women's movements that impacted the creation and reception of O'Keeffe's art Grasso argues explain why she is a national icon who is valued for more than her artistic practice **The Self-Employment Survival Guide** Jeanne Yocum, 2018-04-08 Anyone who opts for self employment quickly learns that succeeding as your own boss is no walk in the park While professional freedom has many many joys it also involves significant risks If you're considering self employment or you're already self employed *The Self Employment Survival Guide*

Proven Strategies to Succeed as Your Own Boss alerts you to the challenges involved and provides proven strategies for surmounting these obstacles and succeeding You ll also learn what you need to put in place before taking the leap to being your own boss to help assure your success Working for yourself offers personal freedoms and rewards but the road can curve or travel uphill at times Here Jeanne Yocum shares eight key behaviors that impede success and provides proven solutions for the various obstacles that might cross your path including unreasonable client demands slow payers unexpected client defections daily schedules health and financial planning and the feelings of isolation that can sometimes accompany working on your own Unlike many books that provide only a rose colored view of self employment this book gives a full realistic view of what being your own boss is actually like By learning about the ups and downs that come with being in charge of your own livelihood you will be better able to handle the demands of self employment and succeed on your own terms

Transnational Roots of the Civil Rights Movement Sean Chabot,2012-01-01 This book explores collective learning in the Gandhian repertoire s transnational diffusion from the Indian independence movement to the American civil rights movement Instead of focusing primarily on interpersonal linkages or causal mechanisms it highlights how decades of translation and experimentation by various actors enabled full implementation It also shows that transnational diffusion was not a linear and predictable process but underwent numerous twists and turns It is relevant for contemporary scholars as well as activists

The Captain's Guide to Liferaft Survival Michael Cargal,1998-08-11 The Captains Guide to Liferaft Survival contains everything a castaway needs to know to survive in a liferaft and get rescued as quickly as possible Filled with useful experience from the author s 20 years as a captain the book draws on the latest research in equipment techniques and emergency medicine Survive the Savage Sea Dougal Robertson,1994 This is an account of a British family s 37 day fight to survive the perils of the Pacific after their schooner is attacked and sunk by killer whales

Survival In The Doldrums Introduction

In the digital age, access to information has become easier than ever before. The ability to download Survival In The Doldrums has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Survival In The Doldrums has opened up a world of possibilities. Downloading Survival In The Doldrums provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to

valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Survival In The Doldrums has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Survival In The Doldrums. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Survival In The Doldrums. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Survival In The Doldrums, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Survival In The Doldrums has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Survival In The Doldrums Books

1. Where can I buy Survival In The Doldrums books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
