The Long Reach of the Sixties Laura Kalman,2017 The Warren Court of the 1950s and 1960s was the most liberal in American history Yet within a few short years new appointments redirected the Court in a more conservative direction a trend that continued for decades However even after Warren retired and the makeup of the court changed his Court cast a shadow that extends to our own era In *The Long Reach of the Sixties* Laura Kalman focuses on the late 1960s and early 1970s when Presidents Johnson and Nixon attempted to dominate the Court and alter its course Using newly released and consistently entertaining recordings of Lyndon Johnson s and Richard Nixon s telephone conversations she roots their efforts to mold the Court in their desire to protect their Presidencies The fierce ideological battles between the executive legislative and judicial branches that ensued transformed the meaning of the Warren Court in American memory Despite the fact that the Court s decisions generally reflected public opinion the surrounding debate calcified the image of the Warren Court as activist and liberal Abe Fortas s embarrassing fall and Nixon s campaign against liberal justices helped make the term activist Warren Court totemic for liberals and conservatives alike The fear of a liberal court has changed the appointment process forever Kalman argues Drawing from sources in the Ford Reagan Bush I and Clinton presidential libraries as well as the justices papers she shows how the desire to avoid another Warren Court has politicized appointments by an order of magnitude Among other things presidents now almost never nominate politicians as Supreme Court justices another response to Warren who had been the governor of California Sophisticated lively and attuned to the ironies of history *The Long Reach of the Sixties* is essential reading for all students of the modern Court and U S political history

[The Life of Elreta Melton Alexander](#) Virginia L. Summey,2022-05 **Women & Work** ,1973 **Triumph of Good Will** John Drescher,2010-01-06 In the spring of 1960 two talented capable men each with great passion and conviction opposed each other in a pivotal governor s race that was to shake North Carolina and change southern politics forever Both Terry Sanford and I Beverly Lake were Democrats in the one party South of that era Yet they were different in almost every other way Lake a middle aged law professor was committed to segregation Sanford an ambitious young politician and lawyer

believed in expanding opportunities for all citizens In their run off Lake wanted the contest to be a referendum on preserving segregation Sanford s platform rested on the improvement of public schools It was a heated struggle that would bind them together for the rest of their lives With unparalleled access to both sides and an objective correspondent s hindsight view John Drescher has written the biography of a campaign that set the winning strategy for many who followed and of a winning candidate a governor rated as one of the finest of the twentieth century Sanford the moderate won and his victory is an oddity for in the civil rights period from 1957 to 1973 only twice in the South did racial moderates defeat strong segregationists in a governor s race In a gamble that almost cost Sanford the election he became the first major politician in the Bible Belt to endorse the Catholic John F Kennedy for president In the November vote he defeated his Republican opponent in what was then the closest North Carolina governor s race of the century His win validated his belief in the triumph of good will among North Carolina s people Sanford became a bold aggressive governor of unusual energy and creativity His school program added teachers and dramatically raised teacher pay He helped establish a statewide system of community colleges and started an anti poverty fund later emulated by LBJ as a model for the War on Poverty He was the first southern governor to call for employment without regard to race or creed Sanford became the model for other southern governors who stressed education and a moderate stand on race relations He influenced other gubernatorial candidates across Dixie Jim Hunt in his own state William Winter in Mississippi Dick Riley in South Carolina Bill Clinton in Arkansas The effects of that 1960 race continue to be felt in North Carolina in the South and across the nation
