Punishment and Sentencing Mirko Bagaric, 2025-02-03 First published in 2001 Punishment and Sentencing provides a way of introducing principle into sentencing This is done by bridging the gap between the philosophical justification for punishment and sentencing law and practice In terms of the interests it deals with sentencing is the most important area of law Ironically it is also arguably the least coherent Nearly three decades ago sentencing was described as a wasteland in the law Unfortunately little has changed in that time Sentencing decisions are often made in accordance with the idiosyncratic sentiments of sentencers rather than on the basis of binding rules and principles Part A of the book provides an overview of current sentencing law and practice Part B critically examines the main contemporary theories of punishment Part C discusses the implications that this has for the sentencing process It is a useful text for students of criminology law and philosophy courses as well as a valuable resource for criminal law practitioners *The Criminal Lawyer's Guide to Immigration Law* Robert James McWhirter, 2006 This concise guide focuses on the criminal lawyer's most common questions about immigration law and representing noncitizens from Who exactly is an alien to Are removal hearings conducted like criminal proceedings The Soviet System of Justice: Figures and Policy Ger P. van den Berg, 2024-09-02 **Bulletin of the Dept. of Labor** New York (State).
