Suzi The Korean Connection:

Suzi Suzi Park Thomson, Gene Zack, 1978 **Korea and the United States Congress, 1945-2000**, 2001 **Korean Influence Inquiry** United States. Congress. Senate. Select Committee on Ethics, 1978 **Gifts of Deceit** Robert B. Boettcher, Gordon L. Freedman, 1980 Gifts of Deceit tells a cautionary tale It is the story of well meaning public officials whose anti Communism was matched only by their credulity of Congressmen whose self interests just happened to coincide neatly with the interests of their constituents of State Department officials who performed their duties with integrity and were ignored and of others who dutifully looked the other way at the excesses of a corrupt and brutal regime It is the story of a Korean playboy who spent thousands and made millions conning Koreans and Americans alike and of a Korean government that through its own Central Intelligence Agency came close to manipulating American foreign policy even as it intervened in American domestic politics It is the story of decent citizens who too readily lent their names and prestige to organizations that were nothing more than fronts for a clever messianic man and of decent and bewildered families who lost their children to that same man And it is the story in its fullest account to date of the origins and operations of the man who calls himself the Lord of the Second Advent and Son of God the Reverend Sun Myung Moon Cool precise and factual Gifts of Deceit makes its message clear America is vulnerable Vulnerable to the kind of intervention in domestic politics that was the basis of the Korean scandal It can happen again and probably is happening now And vulnerable to the machinations of a man whose message of Divine Deception has already misled millions and whose political and economic dealings in this country penetrate far deeper than even the most concerned observers had believed Here is the book that lays it out making all the connections including Moon's links to the Korean CIA and to high Korean government officials his support for Nixon and his meddling in U S politics his front organizations and business interests his manipulation of First Amendment freedoms to protect his cult as it engages in systematic lawbreaking and the methods he uses to keep thousands in thrall It is a sad and chilling story The ramifications of the Korean scandal are with us still They are with us because the very flaws and weaknesses that invited the bribery corruption and coercion remain in our institutions in our public officials And they are with us in more immediate ways in the person of the Reverend Moon a man whose ambitions are nothing less than cosmic As Gifts of Deceit unravels the interwoven threads of the Korean scandal it brings this message home Publisher **Great Events from History:** **1972-1998** Carl Leon Bankston, 2009 The latest edition in the overwhelmingly popular Great Events from History series Modern Scandals examines over 400 of the most important and most publicized scandals throughout the world since the beginning of the twentieth century The essays in this set are 35 pages long and follow the same reader friendly format that users have come to expect from the Great Events from History series **The Speakers of the U.S. House of Representatives** Donald R.
