Goldoni in Paris Jessica Goodman, 2017-03-24 The thirty years Carlo Goldoni spent in Paris hold an ambiguous place in his career The preface to his autobiography explicitly draws attention to France as the site of his authorial glory but elsewhere he dismisses his work for the Parisian Com die Italienne as a failure and this view has come to dominate modern readings of his French experience This study sets out to explore this apparent contradiction By reading Goldoni s own contemporary and subsequent accounts through the lens of his context as a dramatic author in 1760s Paris Jessica Goodman sheds new light on both his experience and critical reactions to that experience A key part of this contextualisation is an examination of contemporary Com die Italienne archives resulting in the most comprehensive existing account of this oft neglected theatre and its authorial relations in the period When material and artistic conditions at the Com die Italienne thwarted the self fashioning strategies Goldoni had developed in Italy he turned his attention to other areas of French life notably the court and the Com die Fran aise Yet despite relative success in this regard his career as an eclectic homme de lettres was lost in translation to posterity In his French M moires he constructed the claim of Parisian glory according to an out dated understanding of what it meant to succeed in the French literary field focusing predominantly on the power of Com die Fran aise success Ultimately this construction was a failure in modern France Goldoni is remembered as a famous foreigner not the consecrated French litt rateur he believed he had become

**Nicolas-Etienne Framery and Lyric Theatre in Eighteenth-century France** Mark Darlow, 2003 This study offers a reassessment of the librettist parodist and critic Nicolas Etienne Framery 1745 1810 whom scholars have frequently mentioned in passing but whose career remains little known and poorly understood today Though Framery was also active as a translator of Italian epic works and an occasional author of narrative this study considers his work as a dramatist and theatrical critic and demonstrates his constant concern for progress in French lyric theatre Framery was one of the generation of librettists to write for the new Com die Italienne after 1762 and his enthusiasm for the innovative op ra comique was unfailing His attention to musical terminology made him one of the major contributors alongside Momigny and Ginguen to the Encyclop die m thodique musique Unlike better known theorists of music such as Rousseau Framery adopted a progressive stance towards musical theatre and took an active part in the 1770s in the introduction of Italian lyric forms into the French theatre world Parodies of Sacchini and Paisiello are considered here as are Framery s theoretical views on composition on the relationship between music and language and on operatic word setting His progressivism extended to journalism he was the editor of the first periodical on music in France the Journal de musique and a columnist for the Mercure de France and to administrative issues he acted as agent for the Bureau established to protect authors rights during the Revolution Framery s writings for the Journal for the Encyclop die m thodique and for the Institut de France show him to be a pioneering thinker on music who preferred the concept of expression to classical theories of music as imitation Framery s approach led him to adopt a career

at variance with tradition and it is only now in the light of recent research on the opéra comique that his innovations in the lyric theatre can be properly appreciated

*John Locke as Translator* John Locke, 2000 Pierre Nicole was a major figure in the Jansenist controversy in seventeenth century France His essays which were widely read and appeared in various editions during his lifetime cover a broad range of religious subjects John Locke first came across Nicole's work during his visit to France in the 1670s and was so struck by it that he intended to translate all the *Essais de morale* into English When he had translated three of them however he learned that the work had been done already so he abandoned the project and presented what he had done so far to the countess of Shaftesbury wife of his patron Locke's translation in a neatly written presentation copy is now housed in the Pierpont Morgan Library in New York The three essays that he translated *Discours de l'existence de Dieu* *l'immortalité de l'âme* *Traité de la faiblesse de l'homme* and *Traité des moyens de conserver la paix avec les hommes* deal with topics that he later discusses at length in his own writings *society* *morality* *toleration* and *opinion* This volume reproduces the text of Nicole's three essays from an early edition facing Locke's deliberately free and impressionistic rendering into English a style which he hoped might convey the sense of the author better than a literal translation The choice of these three essays to translate first out of the whole of the *Essais de morale* and the changes that Locke made to his French original in the course of translation illuminate our understanding of his thought and of its development

**Voltaire comic dramatist** Russell Goulbourne, 2006 No two comedies of Voltaire are alike the breadth and diversity of his comic dramaturgy in terms of form technique theme characterisation and tone are revealed in this first critical analysis and systematic reassessment of Voltaire's eighteen comedies in their contemporary theatrical literary and intellectual contexts This study also exposes the fundamental unity of Voltaire's comic theatre which lies in the plays' status as innovative experimental works written in creative dialogue with and fruitful opposition to the contemporary trend towards serious sentimental comedy Voltaire wrote his comedies over more than forty years 1725-1769 when comedy was undergoing significant redefinition as a genre Typically dismissed as un-dramatic sentimental overtly didactic and so of limited interest today his comedies emerge from this study as a series of vigorous explorations in the many possibilities of the comic genre Voltaire wrote with the example of Molière and the seventeenth century comic tradition constantly in mind but at the same time he diverged from that tradition in pioneering ways constantly testing the limits of generic convention and audience expectation In demonstrating the blend of tradition and innovation at the heart of Voltaire's aesthetics of comic drama this book contributes to a remapping of the history of eighteenth century French comedy It also leads to a new understanding of Voltaire's comic aesthetics more broadly his comedies are a substantial complex and vital part of his literary career and studying them helps us to revise our view of the author of satirical contes the dry wit whose distinctive literary mode can appear to be destructive irony Viewed in the light of his comic theatre the familiar Voltaire wears a significantly different expression

Ris, masques et tréteaux : Aspects du théâtre du XVIIIe... Collectif, 2011-10-06T00:00:00-04:00 D de la mémoire

de notre ami collègue et mentor David Trott ce volume s'est voulu une illustration de sa conviction la plus profonde qu'une condition d'en concevoir l'étude autrement le théâtre français du XVIII<sup>e</sup> siècle restait en grande partie un domaine redécouvrir. Aussi les dix-neufs articles que l'on va lire apparaissent-ils dans leur grande diversité comme autant de preuves de la vitalité des recherches actuelles sur ce théâtre dans sa richesse multiforme. Au plus près des textes de la pratique théâtrale du temps et des divers courants de la pensée des Lumières ces articles font choix des intuitions vérifient des hypothèses ou reprennent le flambeau. L'ouvrage fut forcé de le laisser. Qu'il s'agisse du bon usage de l'informatique dans les études théâtrales ou de la revalorisation de formes longtemps sous-estimées parades parodies ou théâtre de foire domaines dans lesquels David Trott fit réellement figure de pionnier ce volume illustre abondamment l'utilité des efforts qui s'emploient désormais à rendre au théâtre des Lumières et son incomparable foisonnement toute la place qu'il occupa dans le goût la pensée et la vie du public du XVIII<sup>e</sup> siècle.

*Musique et geste en France de Lully à la Révolution* Jacqueline Waeber, 2009. Domaine partagé entre arts de la scène et arts visuels l'étude des interactions entre musique et geste est encore peu visitée par la recherche interdisciplinaire. S'adressant des musicologues des historiens de l'art du théâtre et de la danse le présent ouvrage invite l'exploration des diverses facettes du jeu scénique tel que pratiqué sur une période allant de la tragédie lyrique sous le règne de Louis XIV à l'avènement du mélodrame théâtral et l'essor du Grand Opéra au cours des premières décennies suivant la Révolution. Les treize études de ce volume portent sur l'émergence de nouvelles pratiques dramaturgiques dans le domaine de la danse et du geste au cours des XVII<sup>e</sup> et XVIII<sup>e</sup> siècles. Sont galement mises jour les influences étrangères entretenues dans la France de l'Ancien Régime avec d'autres courants artistiques tels que le ballet en action viennois ou les traditions théâtrales foraines héritées de la commedia dell'arte. Le volume est agrémenté de nombreux exemples musicaux facsimilés et documents iconographiques et offre en annexe le texte complet de deux pièces inédites : *L'Acte Pantomime* ou *la Comédie sans paroles* 1732 et *Le Reveil des Vaudevilles* 1749.

*Voltairemania* Jean-Henri Marchand, 2004. L'avocat Jean-Henri Marchand était son époque connu pour ses parodies ses pastiches ses satires et autres œuvres. Sa production anonyme pour une partie signée d'un pseudonyme pour une autre était pléthorique. L'une de ses cibles préférées était Voltaire qu'il parodiait tant en prose qu'en vers comme le montre cette anthologie qui témoigne des pratiques littéraires du XVIII<sup>e</sup> siècle.

**Le théâtre de Lelio** Ola Forsans, 2006. Entre 1716 et 1729 les spectacles du Nouveau théâtre italien sous la direction du grand acteur et théoricien Luigi Riccoboni ont proposé au public parisien un langage dramatique original un univers poétique singulier sans équivalent chez les concurrents de la Foire aussi bien que chez les Comédiens Français. Fruit d'un mélange culturel franco-italien point de convergence d'une grande variété de formes et de figures théâtrales le répertoire du Nouveau théâtre italien exemplifie la vitalité allant et l'énergie du jeu italien et il témoigne d'une sensibilité esthétique et spirituelle commune qui ne se résume pas à la seule œuvre de Marivaux dont le génie ne perd rien de sa contextualité. Certaines des pièces représentées par les Comédiens Italiens de la troupe de Riccoboni comptent parmi les très grands succès théâtraux du dix-huitième siècle et certains textes ceux de Marivaux mais aussi bien d'

autres tombés dans un injuste oubli illustrent avec grâce et profondeur l'esprit de leur temps. La fantaisie la naïveté le romanesque les bouffonneries parodiques les jeux de masque les danses de la plus pure sincérité les allégories moralisatrices les attermolements et caprices du cœur la malancolie ainsi que d'audacieuses idées philosophiques préfigurant celles des Lumières s'incarnent vivement dans des comédies allégres et cruelles en Arlequin en Silvia en Flaminia ou en Lelio sur la scène de l'Hôtel de Bourgogne sans guère valoir ces acteurs virtuoses d'enseigneurs d'un jeu naturel d'être véritablement pris au sérieux par leurs contemporains. L'énigmatique Luigi Riccoboni tragédien contrari et comédien malgré lui la fois pragmatique serviteur et ambitieux réformateur du Théâtre à la mode dans le Paris de la Régence un répertoire novateur trop longtemps négligé. C'est un moment important et encore insuffisamment connu de l'histoire du théâtre français et européen que cet ouvrage vise remettre en lumière.

*Mémoires secrets pour servir à l'histoire de la république des lettres en France, depuis 1762 jusqu'à nos jours* Louis Petit de Bachaumont, 2009. Ouvrage considéré comme capital pour la connaissance des Lumières les *Mémoires secrets* faussement attribués à Bachaumont sont au centre des débats pendant le quart de siècle précédant la Révolution tant en politique que dans le domaine de l'évolution de l'esthétique et rendent compte presque au jour le jour des mouvements d'une opinion publique en train de se constituer. Une édition critique des 36 volumes s'imposait aussi en raison de la connaissance de plus en plus précise de la complexité des réseaux de l'information sous l'Ancien Régime. La taille de l'ouvrage lui-même variait des contenus nécessitaient la réunion d'une quinzaine la fois nombreuse et aux spécialités diverses.

**Le monde des salons** Antoine Lilti, 2005-10-19. Il est banal de dire que le XVIII<sup>e</sup> siècle a vu se déplacer la vie sociale de la Cour vers la Ville de Versailles vers Paris. Mais il ne suffit pas d'énumérer des anecdotes prenant pour cadre les salons de Mme du Deffand et de Mme Geoffrin et de citer les crivains ou les artistes qui les ont fréquentés. Ce qu'il faut comprendre c'est la signification historique d'une forme de sociabilité. Ce livre offre pour la première fois une véritable histoire sociale et culturelle des salons parisiens du XVIII<sup>e</sup> siècle et permet de revisiter de nombreuses idées reçues. Ces salons n'étaient pas comme on le dit trop souvent des lieux de discussion critique permettant de diffuser largement les idées des Lumières mais bien plutôt les centres de la sociabilité mondaine dévolus aux plaisirs de la table et du mot d'esprit au théâtre de société comme aux intrigues politiques. C'est dans les salons que se recomposent les identités aristocratiques que se forment les réputations littéraires et politiques et que se prépare l'accès à la Cour. Le loisir lettré et les pratiques culturelles des salons deviennent alors un élément essentiel de la distinction aristocratique et de l'imaginaire national tandis que de nombreux crivains des Lumières adhèrent aux pratiques et aux idées des salons parisiens et de la noblesse de Cour.

**The Eighteenth Century Now** G. J. Mallinson, 2005. Published to mark the fiftieth anniversary of SVEC this collection of essays examines the current state of eighteenth century French studies it revisits a familiar canon investigates more recently discovered fields of enquiry and explores new perspectives for research. Eighteenth century studies today are characterised above all by their re-examination of categories and boundaries. We are

witnessing a progressive broadening of the canon not least in our rediscovery of women's writing and a reinvestigation of apparently minor works by apparently familiar authors There has been path breaking research too in areas which reflect our broadening conception of eighteenth century studies from literature of travel to post colonial writing translation to the press popular literature to clandestine manuscripts Different perspectives on eighteenth century writing have been opened up by new ways of reading which draw on research in cultural studies history of the book or rhetorical analysis New insights have emerged from studying the interaction of text and image word and music the points of contact between the worlds of science and the arts of politics philosophy and literature exchanges across national and linguistic boundaries or across the artificial divisions of one century Inclusive interdisciplinary and international this volume embodies the principles which inspired the creation of SVEC by Theodore Besterman in 1955 it investigates our changing images of writers and writing to the categories in which we may try to confine them from Voltaire to the eighteenth century The Eighteenth century now suggests our sense of identification with the period the vibrancy of present research in both individual and collaborative projects and the promise of immediacy and exchange in the electronic age But it also evokes the boundaries which remain financial institutional intellectual and which present the challenge of the future Its aim is as much to provoke thought as to provide answers to stimulate as well as to celebrate
