Refrains for Moving Bodies Derek P. McCormack, 2014-02-07 In Refrains for Moving Bodies Derek P McCormack explores the kinds of experiments with experience that can take place in the affective spaces generated when bodies move Drawing out new connections between thinkers including Henri Lefebvre William James John Dewey Gregory Bateson Félix Guattari and Gilles Deleuze McCormack argues for a critically affirmative experimentalism responsive to the opportunities such spaces provide for rethinking and remaking maps of experience Foregrounding the rhythmic and atmospheric qualities of these spaces he demonstrates the particular value of Deleuze and Guattari's concept of the refrain for thinking and diagramming affect bodies and space times together in creative ways putting this concept to work to animate empirical encounters with practices and technologies as varied as dance therapy choreography radio sports commentary and music video What emerges are geographies of experimental participation that perform and disclose inventive ways of thinking within the myriad spaces where the affective capacities of bodies are modulated through moving

God in Your Body Jay Michaelson, 2011-08-18 Your body is the place where heaven and earth meet The greatest spiritual achievement is not transcending the body but joining body and spirit together But to do this you must break through assumptions that draw boundaries around the Infinite and wake up to the body as the site of holiness itself This groundbreaking book is the first comprehensive treatment of the body in Jewish spiritual practice and an essential guide to the sacred With meditation practices physical exercises visualizations and sacred text you will learn how to experience the presence of the Divine in and through your body And by cultivating an embodied spiritual practice you will transform everyday activities eating walking breathing washing into moments of deep spiritual realization uniting sacred and sensual mystical and mundane

Spiritualizing the City Victoria Hegner, Peter Jan Margry, 2016-11-25 Urban spaces have always functioned as cradles and laboratories for religious movements and spiritualities The urban forms a central and nourishing agent for the creation of new religious expressions and continually negotiates new ways of being spiritual and establishing spiritual ideas and practices This book explores the intense and complex interplay between the post modern city and new religious and spiritual movement bringing the city and its annexes into the foreground of current research into religion It develops a new ethnography based analysis of the ways in which the pluralist experience of the urban inscribes itself into various religious practices and vice versa how do religiosity and spirituality appropriate and transform meanings of the urban It focuses on new religious expressions cosmologies and ways of life that go beyond established belief systems and religious understandings and explores new conceptions of the word urban in a world of increasingly extended urban environments The book examines how cities are both considered as sites and sources of spirituality where the globalization of religions takes

place as well as the fact that globalization is linked closely to the process of localization The socio cultural and political uniqueness of the specific urban context are analyzed to present an innovative perspective on how the interplay between the urban spiritual and religious should be understood This book brings a timely new perspective and will be of interest to academics and students in geography sociology urban studies cultural studies and anthropology as well as for urban planners and policy makers *Beginner's Grace* Kate Braestrup, 2011-08-09 Writing in the beautiful funny honest narrative style that moved and inspired readers of her first book Here If You Need Me Kate Braestrup explains what prayer is and the many ways we can pray With an approach that is both personal and inclusive Beginner's Grace is a new kind of prayer book She provides clear models and practical suggestions for making your own and your family's prayers meaningful and satisfying and offers prayers for situations in which words might fail times of anxiety helplessness or grief And she invites you to explore forms of prayer that extend into the wider community including prayer with and for people we don't like or with whom we disagree

Suffused with a unique brand of irreverent humor, this account recalls the autobiographical explorations of the most significant alternative communities, ashrams, gurus, shamans, and consciousness-raising seminars of the past 40 years. Serving as a human guinea pig for many of the most popular, cutting-edge New Age human potential and spiritual experiments, Eliezer Sobel recounts intercontinental adventures in India, Israel, Brazil, and Haiti. From Primal Therapy to the Dalai Lama, this perceptively witty analysis includes brushes with cults, wild experiments with sex and psychedelics, and encounters with visionary gurus and contemporary madmen. **Birthing Ourselves Into Being** Baraka Bethany Elihu, 2010-03-09. With her groundbreaking debut book *Birthing Ourselves into Being: A Year-Long Women's Empowerment Program*, author Baraka Bethany Elihu transcends the restrictions of intellectually based therapy by offering an experiential curriculum of personal healing centered not only in doing but in being. Many women are naturally heading towards this gentler, organic approach in personal therapeutic work. Women are ready to be simply witnessed in their own mastery. We do not need to be managed, facilitated, taught, or guided, explains Baraka. The experts live within us. *Birthing Ourselves into Being* is fully situated in the metaphor of childbirth. The book consists of twelve chapters that explore the symbolic rhythms of the childbearing year, including pre-conception and postpartum. Offering clear, innovative, and effective steps, this creative arts-based curriculum provides readers tools to emerge with an entirely new life and stories of adventure and love to inspire the journeys of other women. We can surrender to our process and trust that a greater peace in the world will emerge naturally from the very belly of our personal quiet revolutions, Baraka writes. The space we hold for ourselves and for one another becomes the standard by which the planet responds. It is time. And we are ready. [A Trail of the Holy Spirit](#) Gail Gordon, 2023-07-14.
