Sweden And Visions Of Norway Politics And Culture 1814 1905:

Sweden and Visions of Norway Hildor Arnold Barton, 2003 H Arnold Barton investigates Norwegian political and cultural influences in Sweden during the period of the Swedish Norwegian dynastic union from 1814 to 1905 After a proud medieval past Norway had come under the Danish crown in the fourteenth century and had been reduced to virtually a Danish province by the sixteenth In 1814 Denmark relinquished Norway which became a separate kingdom dynastically united with Sweden with its own constitutional government Disputes during the next ninety one years caused Norway unilaterally to dissolve the tie in 1905 Barton is the first historian to look beyond the cultural conflicts and examine the impact of the union on internal developments particularly in Sweden Prior to 1814 Norway unlike Sweden had no constitution and only the rudiments of higher culture yet paradoxically Norway exerted a greater direct influence on Sweden Reflecting a society lacking a native nobility Norway s 1814 constitution was with the exception of that of the United States the most democratic in the world It became the guiding star of Swedish liberals and radicals striving to reform the antiquated system of representation in their parliament Norway s cultural void was filled with a stellar array of artists writers and musicians led by Bjoernsjerne Boornson Henrik Ibsen and Edvard Grieg From the 1850s through the late 1880s this wave of Norwegian creativity had an immense impact on literature art and music in Sweden By the 1880s however August Strindberg led a revolt against an exaggerated Norvegomania in Sweden Barton sees this reaction as a fundamental inspiration to Sweden s intense search for its own cultural character in the highly creative Swedish National Romanticism of the 1890s and early twentieth century

Cosmopolitanism and Transatlantic Circles in Music and Literature Ryan R.

Weber, 2018-10-26 *Cosmopolitanism and Transatlantic Circles in Music and Literature* traces the transatlantic networks that were constructed between a select group of composers including Edvard Grieg Edward MacDowell and Percy Grainger and the writers with whom they shared cosmopolitan affinities including Arne Garborg Hamlin Garland Madison Grant and Lathrop Stoddard Each overlapping case study surveys the diachronic transmission of cosmopolitanism as well as the synchronic practices that animated these modernist ideas Instead of taking a strictly chronological approach to organization each chapter offers an examination of the different layers of identity that expanded and contracted in relation to a mutual interest in Nordic culture From the burgeoning universal ambitions around 1900 to the darker racialized discourse of the 1920s this study offers a critical analysis of both the idea and practice of cosmopolitanism in order to expose its common foundations as well as the limits of its application *Norwegians and Swedes in the United States* Philip J.
